Stack's Bowers Galleries presents the

# March 2020 Baltimore Currency Auction

Welcome friends to the Stack's Bowers Galleries Official U.S. Currency Auction of the Whitman Coin & Collectibles Spring Expo. Our staff has been hard at work for several months building a great auction event. As you peruse the pages of this catalog you are sure to find many fascinating offerings, including a number of exciting new-to-the-market discoveries.

Among the rarities you will find in this catalog is a newly discovered, high grade 1922 \$500 Gold Certificate certified by PMG as About Uncirculated 55. Also featured is a spectacular Fr. 367 1890 \$10 Treasury Note in PMG Gem Uncirculated 65EPQ. Fans of ultra-high denomination notes will appreciate newly discovered 1934 \$5000 and \$10,000 Federal Reserve Notes from the Dallas district, both graded PMG Choice Uncirculated 63.

National Currency rarities abound in our Baltimore auction. A fresh to the market 1882 \$5 from the Central National Bank of Columbia, SC should appeal to many collectors. This serial number 1 Brown Back is just the second reported on the entire state. Also newly discovered is a Serial Number 1, Series of 1902 Red Seal from the Alexandria National Bank of Alexandria, Virginia.

Lastly, we are pleased to offer the Q. David Bowers Collection of Confederate Currency, a magnificent and complete collection. Highlights include a gorgeous T-1 \$1000 and T-2 \$500 Montgomery note, along with an example of the famed T-32 Princess note.

Please enjoy browsing this great catalog. It is our hope that you will find a few items (or more) that will be just right for your collection.

Enjoy the paper!

## COLONIAL NOTES

5001

**GA-66. Georgia. 1776. 5 Shillings. PCGS Currency Very Fine 30 PPQ.** No. 4299. Locating any mid-grade and problem free example of this type can be extremely challenging. This note is quite the piece for the grade with still bold penned details and strong printing of the primary design. It is highly unusual to find a "Crown" note with bright paper and having earned the PPQ designation. Rarely offered any better.

\$1,000-\$1,500

5002

5003

**GA-74a. Georgia. 1776. \$4. PMG Very Fine 30.** Quite even in circulation with all five signatures and the seal number clear and fully readable. There are a few deft sealed edge splits at left which has been repaired by tape as PMG comments "Tape Repair."

\$800-\$1,200

5003

**GA-110a. Georgia. June 8, 1777. \$8. PMG Choice Very Fine 35.** No. 8. Signed by Wood, Langworthy, Wyly, O'Bryen and Wade. A modestly circulated example of this rare Georgia variety with the red "in" on line four of the clause. The uniface design is boldly printed with strong red anti-counterfeiting inks observed. Popular thirteen interlocking chain links motif with "C Congress" within at bottom right. PMG comments "Minor Repairs" on the back of the holder. Still the paper is bright, well cut and free of distracting attributes.

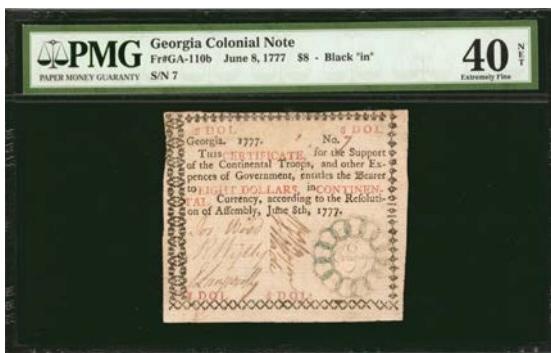

\$3,000-\$5,000

5004

**GA-110a. Georgia. June 8, 1777. \$8. PMG Very Fine 25.** No. 48. Five signatures. Emblem with thirteen links at right. This is a rare variety with the red "in" on line four of the clause. This example is well printed with dark red anti-counterfeiting inks. PMG comments "Tears" on the back of the holder.

\$2,000-\$3,000

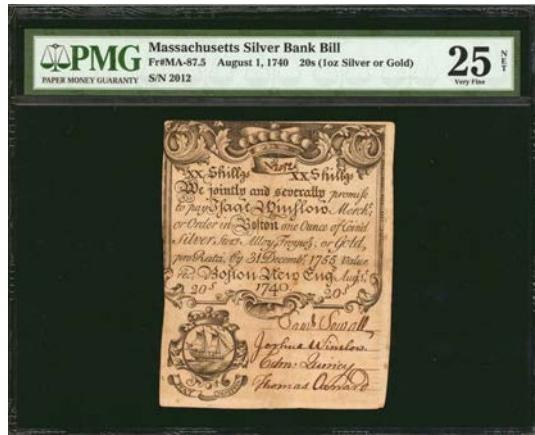

5005

**GA-110b. Georgia, June 8, 1777. \$8. PMG Extremely Fine 40 Net. Repaired.** Serial No. 7. Five signatures. Emblem with thirteen interlocking chain links and "C Congress" within at right. This is the variety with "in" in black on line four of the text. Sharply printed inks and bold red anti-counterfeiting texts are seen on this moderately circulated note. The grading service comments "Repaired" on the back of the holder.

**\$1,000-\$1,500**

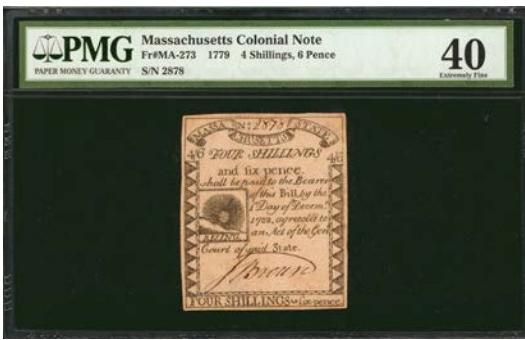

# Magnificent 1740 Silver Bank Note

5006

**MA-87.5. Massachusetts. August 1, 1740. 20 Shillings (1oz Silver or Gold). PMG Very Fine 25 Net. Repaired & Reconstructed, Stains.** No.4961. Uniface, tall style note printed on laid paper. 90mm by 110mm. Fully accomplished with four signatures: Samuel Welles, Joshua Winslow, Edmund Quincy, and Thomas Oxnard. Pen endorsed on the back by the assignee, Isaac Winslow. Intricate flourishes across the top with crown at center, serial in cartouche, over a textual enclosure. At the lower left is a small vignette of a sloop with motto FIAT JUSTITIA (Let there be justice). Obligation "We Jointly and Severally promise to pay Isaac Winslow Merchant or Order in Boston...by 31 December 1755." This note payable in coined silver, silver alloy or gold at a pro-rated value. A magnificent early Massachusetts note of high caliber and importance. In a quarter-century, we have seen or cataloged a mere handful of examples-of any denomination-from this historic issue. This is the one of the finest known from the entire issue. Splendid, solid laid paper with deep inks and vibrant printing on the face. The signatures are accomplished with the utmost clarity. PMG Comments "Repaired & Reconstructed, Stains" on the encapsulation verso, but they are well executed and minor in the grand scheme and do not detract. This is a museum quality note with exceptional eye appeal. Only the foremost Colonial Currency collections have held these great Silver Bank rarities. The three Silver Bank notes sold in the 2004 Ford III sale are still strongly held. Eric P. Newman holdings didn't have a 20 shillings. We sold the finest 20 shillings (PMG Very Fine 30 Net; splits) example for 28,200 in our 2012 ANA sale. Now is the opportunity to obtain what we believe is one of the more significant notes in the Early American currency canon.

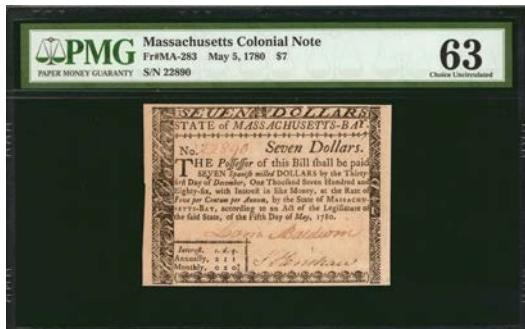

**\$6,000-\$8,000**

5007

**MA-273. Massachusetts. 1779. 4 Shillings, 6 Pence. PMG Extremely Fine 40.** No. 2878. Signed by Brown. Full frame lines and vividly printed inks are displayed by this modestly circulated Revere engraved Four Shillings note. Wholesome clean paper adds to the overall appeal of this pleasing Colonial.

\$800-\$1,200

5008

**MA-283. Massachusetts. May 5, 1780. \$7. PMG Choice Uncirculated 63.** Uncancelled. Signed by Loammi Baldwin. Any uncirculated example from this common Massachusetts issue is highly desirable when seen without the usual cancel. Those that are signed by Loammi Baldwin and seen at this grade level are actually quite rare. Baldwin is known as the "Father of Civil Engineering." His home has stood in Woburn, MA for 350 years.

\$900-\$1,200

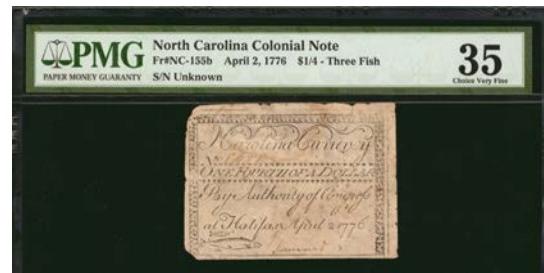

## Gem Maryland \$5 Colonial

5009

**MD-119. Maryland. June 28, 1780. \$5. PMG Gem Uncirculated 65 EPQ.** No. 5475. Three signatures. An exceptionally well preserved June 28, 1780 \$5 note that comes on pristine paper. The printed inks are dark and vividly detailed while the issuing signatures are neatly penned. Notes of this series were payable in interest at a rate of five percent per annum. This is the single finest example of the catalog number to be graded by PMG.

\$2,000-\$3,000

5010

**NC-155b. North Carolina. April 2, 1776. \$1/4. PMG Choice Very Fine 35.** No. Unknown. Seen with three fish design at bottom right. A scarce note, especially so in this mid-grade. Track and Price lists just two known for this variety, with one finer. PMG comments "Small Tears, Stained."

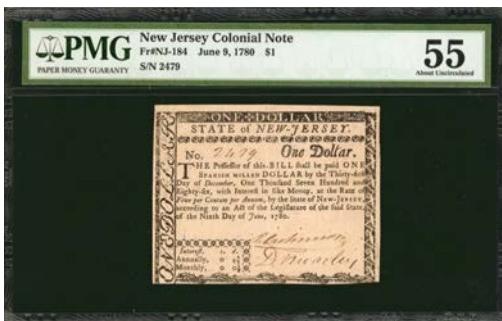

\$800-\$1,200

5011

**Lot of (2) Colonial Notes. NJ-92 & NJ-97. New Jersey. June 22, 1756. 1 & 15 Shillings. PMG Choice Uncirculated 63 EPQ.** Nos. 6189 and 1771. Signed by Smyth, Hartshorne, and Smith. Printed on thick paper. Imprint of James Parker of Woodbridge, New Jersey. The face margins are about as large as you will find. The notes were practically next to each other on the sheets, to the point that locating fully-framed examples are effectively impossible. The only other comparable note we sold from this issue was contained in The 52 Collection.

\$1,000-\$1,500

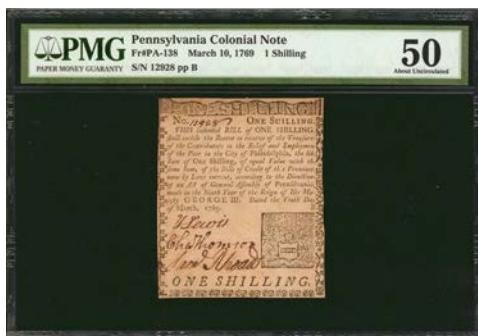

## Gem Pennsylvania Uncut Pair

5012

**NJ-184. New Jersey, June 9, 1780. \$1. PMG About Uncirculated 55.** No.2479. Signed by David Brearley, Signer of the Constitution and P.[hilemon] Dickinson; countersigned on the back by Jos.[eph] Borden. Printed on thin paper, watermarked 'UNITED/STATES'. Standard size, designs and imprint as used on Maryland and other State issued "Guaranteed" notes. There were 12,000 notes printed of this denomination and the other seven denominations of this issue. Tight at the bottom; otherwise very well margined. Joseph Borden countersigned notes from this issue. The town of Bordentown, New Jersey was named for him. His house was located across the street from Joseph Wright, whose son, also named Joseph Wright, was chosen by George Washington to be the first Chief Engraver of the U.S. Mint.

\$800-\$1,200

5013

**PA-138. Pennsylvania, March 10, 1769. 1 Shilling. PMG About Uncirculated 50.** No. 12326. Signed by Jacob Lewis, Charles Thomson, and Samuel Rhoads, Jr. Thomson was the secretary of the Continental Congress from 1774-1789. Uniface. Penn Arms at lower right. This stunning "Bettering House Money" note was authorized for the relief and employment of the poor in Philadelphia. So far as notes from this condition-challenged series go, this is clearly one of the nicest. Typical grade for this series is VG/Fine with plenty of problems. They simply do not come any nicer than this. The eye appeal is that of a solid Choice CU note with faint evidence of circulation, particularly at the corners. A condition census piece that belongs in the finest colonial cabinet.

\$900-\$1,200

5014

**Uncut Pair. PA-176. Pennsylvania, April 10, 1775. 5 Pound. PMG Gem Uncirculated 65 EPQ.** Nos. 2645 & 2646. Sharply signed by Roberts, Bacon and Coats. An uncut pair of April 10, 1775 Five Pound notes brilliantly printed by Hall and Sellers. Sharply detailed red and black inks enhance the overall appeal. PMG has added a "Great Embossing" to the end of their EPQ qualifier. A stunning Pennsylvania Colonial item.

\$2,500-\$3,500

5015

**SC-97.2. South Carolina, April-May, 1775. 50 Pound. PMG Very Fine 25. Promissory Note.** No. 1270. A promissory note issued by South Carolina to raise funds for the Revolutionary War. This note is signed by Henry Middleton, who at the time this note was issued was president of the provincial congress of South Carolina. Middleton served as the 2nd President of the Continental Congress from October 22, 1774 to October 26, 1774. Middleton was opposed to declaring independence from England, and left the Continental Congress to return to South Carolina, where he was captured when the British besieged Charleston. Heavy ink cancellations are found on this piece, which is seen with an ornate crown design on the reverse. Bold ink details, such as the penned signatures and penned date of April 29 are found on this large size colonial. PMG comments "Cancelled, Ink Burn."

\$1,000-\$1,500

5016

**SC-97.2. South Carolina. April-May, 1775. 50 Pound. PMG Very Fine 20. Promissory Note.** No. 189. During the Revolutionary War, South Carolina issued these promissory notes to help pay for the costs the colony was incurring during the war with Great Britain. Heavy penned cancellations are found across the note, with Henry Middleton's signature being crossed out. Holes are seen on this piece, along with ink burns which have fully bled through the paper. PMG comments "Cancelled, Ink Burn."

\$1,000-\$1,500

5017

**SC-97.2. South Carolina. April-May, 1775. 50 Pound. PMG Very Fine 20. Promissory Note.** No. 296. A promissory note issued by South Carolina to help fund the war against England. A penned date of April 26, 1775 is still visible on this large format colonial. The reverse design of ornate crowns is still bright and pleasing. Heavy penned cross cancellations are seen, along with Henry Middleton's name being crossed out. PMG comments "Cancelled, Tears."

\$1,000-\$1,500

5018

**SC-97.2. South Carolina. April-May, 1775. 50 Pound. PMG Choice Fine 15. Promissory Note.** No. 1474. Large red signature of Roger Smith still visible at right, with signatures of Henry Middleton, Thomas Lynch, Miles Brewton, and Ben Huger at left. This Revolutionary War promissory note is found with pen cancellations, with Middleton's name crossed out. PMG comments "Cancelled, Ink Burn."

\$1,000-\$1,500

5019

**SC-156. South Carolina. February 8, 1779. \$70. PMG Choice About Uncirculated 58 EPQ.** No. 1481. Three signatures. Thomas Coram engraved series. Woman on face leaning on anchor. Back Prometheus chained to rock with an eagle preparing to eat his liver. From this fascinating series whose backs depict scenes from Greek mythology. Bound in three quarter morocco leather, spine compartments titled in gilt, front board compartment with original decorated cloth and gilt titling. (3), 4-340 pp. Boarded typographical depictions of bank notes organized 3 by 10 to a page.

**Distinguishing Features:** The Sullivan Type O and Type P versions are nearly identical. They are differentiated by comparing the note descriptions as discussed in the previous description.

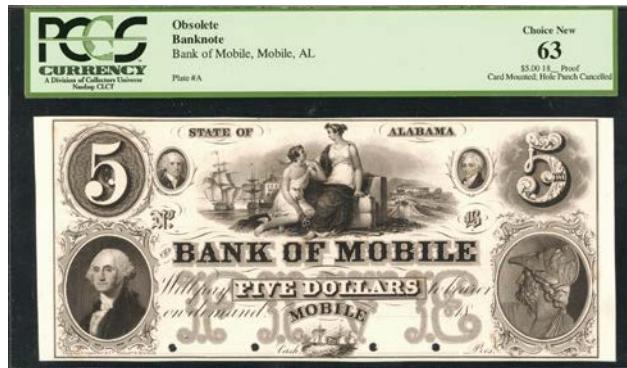

**Notes:** The copy in the Stacks-Kolbe Ford Library Sale Part I, 2004, lot 594 had a supplement from Hodges' Journal of Finance and Bank Reporter tipped in at the rear. The Journal was a monthly publication and regularly published supplements to the less frequently issued Bank Note Safe-Guard. The copy in the Kolbe-Bass Library Sale, 2000, lot 327 included two tipped in supplements from Hodges' Journal of Finance and Bank Reporter. The extensive collection of Hodges' Journal of Finance and Bank Reporter acquired by our consignor from the Kolbe & Fanning 2013 New York Sale, January 12, 2013, lot 225 included many of these supplements within the publications.

Handsome bound like most of this amazing selection of fifteen of eighteen researched types. Not as brightly paged as some of the others, but without faults. Front wrapper has some wear which would be typical of this delicate paper. Oval Chase National Bank ink stamping lower right title page. Ex: Charles Davis ANA Library Sale, 2007, lot 173. Another beauty and in a rich binding matching the others in this illustrious Hodges' suite.

## ALABAMA

### Rare and Gorgeous Bank of Mobile \$5 Proof

5064

**Mobile, Alabama. Bank of Mobile. ND (18xx). \$5. PCGS Currency Choice New 63. Proof.** (AL-45 G14; Whitman AL-180-005-G050). India paper proof on original card by Toppman, Carpenter & Co. A tremendously gorgeous proof with deep black printing contrasting alabaster India paper surfaces. Conservatively graded within its encapsulation. This appears to be the Haxby Plate Note, but we are uncertain of its previous pedigree. It stands on its merits though. Top center with seated females representing Commerce and Prosperity,

harbor and trains in the background. Washington lower left and classical Greek at lower right. Diminutive portraits flanking main vignette. The only auction record we find is relatively ancient, Walter B. Jones example in 2001. The Whitman catalog value is \$2,000 without illustration. Has all the panache of being a four-figure proof from a traditionally well collected state.

## ARIZONA

## Newly Discovered and Exceedingly Rare and Historic Arizona Civil War Scrip

5065

**Mesilla, Arizona (New Mexico Territory). I. Sumowski & Co.** **October 30th, 1862.** \$1. PMG Very Fine 25. Printed on light brown cloth. Typeset, title at top with city and date below. At the left end, panel with bold face 'TWO'. Across center, 'TWO DOLLARS' with obligation below, 'On presentation of our Notes in sums of Five Dollars at our Store, we will exchange U.S. Treasury Notes.' Signed at the lower right by Sumowski. Signed at the lower left by '2nd Lieut. 1st Inft. C.V.' [C.V. for California Volunteers]. Underneath that 'a.a.g.', possibly "Additional Assistant Adjutant General."

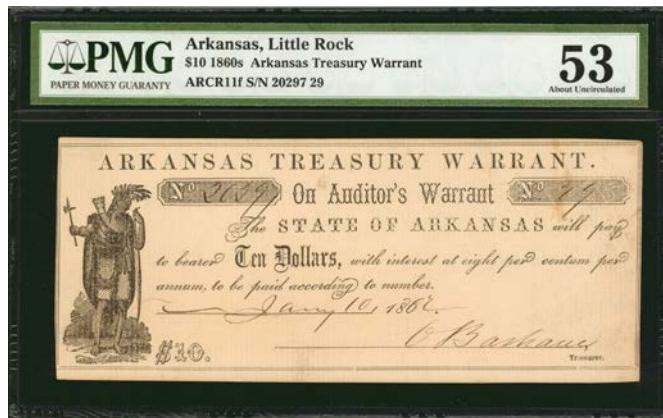

An amazing and important Union issued Civil War era scrip from this fascinating theater of operations in what was then territorial New Mexico. In the sutler register in Keller, he lists a J. Sumowski as a sutler in 1864 in New Mexico. Though this is a store scrip, we are not absolutely certain it is a sutler store scrip on Mesilla. However, that fact does not lessen the impact of this excessive rarity printed on cloth, seen on a very few extremely rare Arizona and New Mexico note issuers.

There are few currency notes known on Mesilla, Arizona from a handful of issuers. The most frequently seen examples (and they are very rare) are Confederate period issues issued by William Skillman, operator of the Post Office, store and train station. Skillman's notes are Confederate style, printed on yellow paper and dated May 15, 1862. This Union period note issued after the Confederates were driven out is very important.

Printed on cloth and in incredible condition seen with just minor staining. Both signatures are bold and the margins are full. This example is far superior than the cancelled \$2 we sold back in 2004 in Ford XV. That note sold for an impressive sum of \$19,550. This is the only example we know of for this denomination. This note is absolutely rare and exquisite in every-way. Our estimate should prove conservative.

## CALIFORNIA

## Incredible Emperor Norton I Rarity

5067

**San Francisco, California. Imperial Government of Norton I.** Sept. 17, 1871. 50 Cents. **Imperial Treasury Bond Certificate.** PMG Very Fine 30. Uniface. Printed on bond paper. Very large, bond-like format note 215mm X 118mm. Lithographed with lengthy imprint at base, "CUDDY & HUGHES, Printers to His Majesty Norton I, 511 Sansome Street, S. F." Printed in all red. Bottom left, half-length portrait of Emperor Norton I in uniform. Lower right, young girl similar to some other types on the series. Top center, "San Francisco", with space for date to the right. Ornately scrolled "Received of..." with line for issue. Denomination "FIFTY CENTS" in center over four line obligation: "The Amount with Interest to be convertible into 7 per cent. Bonds in 1880, or payable by Agent of our Private estate in case the Government of Norton does not hold firm./In testimony whereof, we hereto affix our royal seal and signature." Lower left, ink stamped (blurry) "N" logo in circle. Boldly signed at the lower right "Norton I Emperor" in blue pen. Hand dated 17 Sept. 1871. No serial number.

We last offered this piece in our May 2008 sale where we said...

"The Norton I notes have been well researched once again after over a 20 year hiatus since the Henry Clifford Sale. In context with our modern sense, he created himself as a celebrity in the best of San Francisco traditions. Starting in the early 1860's, he issued proclamations proclaiming himself Emperor of the United States (and briefly Protector of Mexico) and over time issued many other published declarations. Wearing his ill fitting uniform, but maintaining a good humor, his popularity made him a celebrity that any modern era game show host would have loved to have on their tri-panel podium. On his best day he might have made Truman Capote seem a bore (a point probably in contention). He was busted only once by an over zealous official and brought before the Commissioner of Lunacy (now there is a Cabinet level post waiting to happen!) who promptly receipted back \$4.75 in bonds and the "Royal Key". Joshua A. Norton (born February 4, 1819 in Algoa Bay, South Africa and died January 8, 1880, San Francisco) was once a businessman

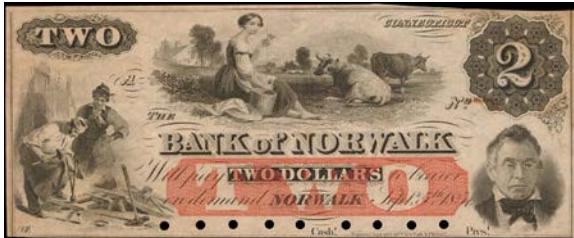

who may have stashed gold away to stave off creditors from his bankruptcies and court cases in the late 1850's. One of the truly great articles on Norton was written by Fred Marckhoff for Cal Coin News in 1961 and based on the primary source material researched from Robert E. Cowan's The Forgotten Characters of Old San Francisco (Ward Ritchie, reprinted 1964). The setbacks that befell Norton were perhaps the creation of a psychological profile that morphed into the Emperor persona. If he was crazy like a fox, this persona was a money maker. The creation of his unusual "bonds" to sell to the public was certainly a grand and wise creation. The Marckhoff article was extremely illuminating for the period and there has been little to augment its diagnostic information on the notes in the interim. There are at least four series of different types with two series represented in the Ford sale. The red series note featured here is known in facsimile form. In early 1880, San Franciscans mourned when the Emperor fell over at California and Grant and expired in a scant ten minutes. Reportedly, 10,000 citizens came to view the passed regal figure and wealthy "fans" decked out the gala event in all splendor fit for his high mightiness. His final internment was in the Masonic Cemetery. Like many numismatic treasures, the Norton I notes amply serve the ability to maintain legendary status for someone that was more than just another "character." In the lore of Western American personages, Emperor Norton I is truly a lasting icon.

There appear to be at least four different series of these Norton I notes including the one that this note is from. This might be the rarest series. The note is folded in eight with some other handling. Very bright and vibrant from the face. Viewed from the back, some toning is seen on the left half. Widely margined and a visually impressive Western note. An extremely important opportunity for the California specialist and key United States Obsolete Currency note."

This note has since been graded and encapsulated with PMG commenting "Stains, Minor Repairs" on the back of the holder.

## CONNECTICUT

**Unlisted Bank of Norwalk  
\$2 Archival Specimen**

5068

**Norwalk, Connecticut. Bank of Norwalk. Sept. 5, 1857. \$2. About Uncirculated. Archival Specimen.** (CT-340 G4c? Unlisted; Whitman CT-850-002-G? Unlisted). Genuine notes are very rare from this shoreline Connecticut bank. In fact, when Haxby published they were all described, but SENC without the imprint known. The five illustrated notes in Whitman are all closely held in one collection. This is printed on banknote bond paper but was retained as an "Archival Specimen" in lieu of a proof and has four punch-holes in each signature block. This is nearly the final series it appears before the bank became a nationally chartered bank. Plate design by Toppin, Carpenter & Co. with an "ABC" monogram added to the plate. Red protector outlining TWO. Seated milkmaid and cows; mechanics at work lower left; male portrait lower right observed on this bank only. We have observed few genuine bills other than those cited Whitman plate notes and this late variant is new to us. Crisp, minor handling only. Two hard to see ink spots near "No." The top right is trimmed inwards slightly and this note was probably intended for use by banknote engravers for plate addition or subtractions. The rarest Connecticut notes, particularly from these popular New York City vicinity locales, have been in demand for decades. This example and its former sheet-mate to follow are both new to the auction arena. A great rarity with several attributes to recommend.

\$1,000-\$2,000

**Unlisted Norwalk \$3 with  
Penciled Engraver's Change**

5069

**Norwalk, Connecticut. Bank of Norwalk. Sept. 5, 1857. \$3. Very Fine. Archival Specimen.** (CT-340 G6c? Unlisted; Whitman CT-850-003-G? Unlisted). A second extremely rare Archival Specimen on banknote bond paper from this desirable shoreline bank. The first we have seen of this imprint variant with "ABC" monogram and engraved date. Cancelled lightly with eight punch holes across the signature blocks as a proof. Quite stylish design with intense vignette at the upper left of a ship rescue scene with sailors leaning on their broken mast on beach, spying through telescope. Sheep lower right and male portrait. Red protector outlines THREE. This denomination, sheet-mate once to the prior, whose top margin aligns perfectly with the prior \$2 archival example, was used by engravers to design a potential final protector type. Penciled in lightly is a large "3" in left center making this a unique art piece. More handling than last but seen from the back mostly. The note is framed all around. An important Connecticut Obsolete note and interesting with its engraver's addition. A second important rarity that have travelled as a pair prior to their offering here.

## INDIANA

5072

**Jamestown, Indiana. State Stock Bank. 1854. \$5. PMG Gem Uncirculated 66 EPQ. Proof.** (IN-260 G8) Danforth, Wright & Company. India paper only. Impressive styling with row of three portrait vignettes at top center with from left to right, Franklin, Washington and Jackson. Geometric left and right panels. The State Stock Bank opened as a Free Bank in 1853 but, following the Panic of 1854, the bank failed as so many others did. This note was originally part of a \$5-\$5-\$5-\$10 sheet that was in the 1990 ABNC Archives sale. No issued notes are known which leaves just proofs, the number of which can be counted on one hand with fingers left over. Far superior to the Peter Mayer example that we offered in 2015.

\$800-\$1,200

5073

**LaPorte, Indiana. LaPorte & Plymouth Plank Road Company. 1850s. \$5. PMG Choice Uncirculated 64 EPQ. Proof.** (Wolka 386-5). Imprint of Danforth, Wright & Co., New-York & Philad. India paper mounted on original archive book card. Full pink lathe tint across note with outlined FIVE. Cattle scene at top. Left end, woman at well. At right, two men. This company was to construct a road that connected La Porte and Plymouth. A relatively short stint in business with its existence roughly from 1853 to 1857. This note was originally part of an uncut sheet of \$1-\$1-\$2-\$5 in the 1990 ABNC Archives sale. We sold this same individual proof for over \$1,500 in our 2012 ANA sale. Exceedingly rare as a proof and, at present, believed to be unique. A bold proof.

\$900-\$1,200

5074

**Uncut Pair of Syracuse, Indiana. Bank of Syracuse. 18xx. \$1-\$5. About Uncirculated. Proof.** Printed on India paper only. Baldwin, Adams & Company. An interesting uncut \$1-\$5 pair of proof notes from the Bank of Syracuse. Found with hole punch cancellations through the signature panels. Pink stamp from ABNC found on the reverse. Found without red protectors one the face of the notes. The \$1 displays farmers with cattle drinking at upper left, the state die at top center, and bridge with trees at lower right. The \$5 displays running horses at top center, a male portrait lower right and state die at lower left.

An uncut \$1-\$5 pair of proof notes from the Bank of Syracuse, found with red protectors one the face of the notes. Seen with hole punch cancellations through the signature panels. ## Very Rare Indiana “Death of King Phillip” Usage

5076

**Terre Haute, Indiana. Southern Bank of Indiana. ND (18xx). \$1. About Uncirculated. Proof.** (IN-650 G2; WVS 2350-01). India paper Proof by Wellstood, Hanks, Hay & Whiting. An extremely rare and well pedigreed proof. Only one type of note, the \$10 with red back, from this bank is encountered readily. This is one of two confirmed by us; the other is the Haxby Plate Note. There is much to recommend on this gorgeous type. Of special interest is the rarely encountered “Death of King Phillip” vignette which was originally crafted for the Aquidneck Bank of Rhode Island. However, it appears this bank selected its use on this denomination for its four-subject face plate featuring \$1-\$2-\$5-\$10 notes. Issued notes supposedly had blue backs. The King Phillip scene is striking as it portrays a rival Native American approaching as he holds a knife in hand on the ground in defense for his life. Washington left and State Seal at the right. A bold example, but accurately with a professionally conserved (“Barrows of Richmond”) tear at bottom center and upper left and right corners. Originally in our Stack’s John J. Ford Jr. Part 8, January 2005 Sale: Lot 1133 at \$1,150 and then our March 2015 Peter Mayer Collection Part III sale where it realized \$940.00. Indiana proof rarities were strongly pursued in the recent Florida sale and this might be the only example available of this gorgeous type. Presents a choice appearance and its rarity unquestioned.

\$600-\$900

## LOUISIANA

5077

**Marksville, Louisiana. Parish of Avoyelles. 1862. \$10. PMG Very Fine 20.** Dec. 26, 1862. Do not let the fact that we have two of these parish notes in the same sale skew your perception of rarity. This is a very scarce Parish. A large green TEN protector below the decorative title dominates this note. Obligation across and noting "...Parish Taxes of the Year 1862." Cartouches at left and right ends hold the redemption information. We have not sold an example of this type but we are pretty sure these will be heavily received by the state's bevy of advanced collectors.

A large green TWENTY protector below the decorative title dominates this note. Obligation across and noting "...Parish Taxes of the Year 1864." Cartouches at left and right ends hold the redemption information. We have not sold an example of this type but we are pretty sure these will be heavily received by the state's bevy of advanced collectors.

Fully framed with brunt orange underprints with darker red "FIVE DOLLARS". Sail ship at right, women seated at center. Well signed. Rare at this grade level. When offered these are almost always thousand-dollar notes in this state.

## MARYLAND

5081

**Antietam, Maryland. O.N. & T.O. Richmond. ND (ca. 1864). 50 Cents. PMG Choice Very Fine 35.** Shank 4.2.4. Undated (ca. 1864). Imprint of Doty & McFarlan 123 Wm. St. N.Y. The Shank Plate Note. Portrait of Washington at center. Eagle at left. Allegorical female at right. Washington County MD at top. O.N. & T.O. Richmond seen above portrait. Antietam was the single bloodiest day in our nation's history as the Union's Army of the Potomac and Confederate Army of Northern Virginia clashed here in 1862. The first such piece that we have sold. A condition-census example that first sold for \$920 some fifteen years ago.

\$800-\$1,200

## MASSACHUSETTS

### Unique Old Colony Bank \$10 Proof

5082

**Plymouth, Massachusetts. Old Colony Bank. ND (18xx). \$10. Uncirculated. Proof.** (MA-995 G20a SENC; Whitman MA-2660-010-G100a). India paper Proof by New England Bank Note Company/Perkins Stereotype Steel Plate with "ABC" monogram. The last series using red "TEN" protector lower center and the monogram. Engraved for this issuer is a majestic central vignette depicting the landing of the pilgrims with "1620" outlined in white top center. Eagle perched on rock looking towards ocean left and Athena right. Excellent quality throughout with only a faint trace of mounting evident from its removal from the original New England Bank Note Company archive book (sold as individual proofs at the 1999 Smythe Memphis sale). Unique, boldly printed and vibrant. Stunning quality for this proof series. Previously sold in our March 2015 Peter Mayer Collection Part III sale for \$1,762.50. He obtained it directly at that Memphis auction. A striking type. All proof denominations from \$5 and upwards from this final "ABC" monogram series are unique to our knowledge. As a vignette type, unquestionably one of the iconic types from Massachusetts.

\$1,000-\$2,000

## MICHIGAN

5083

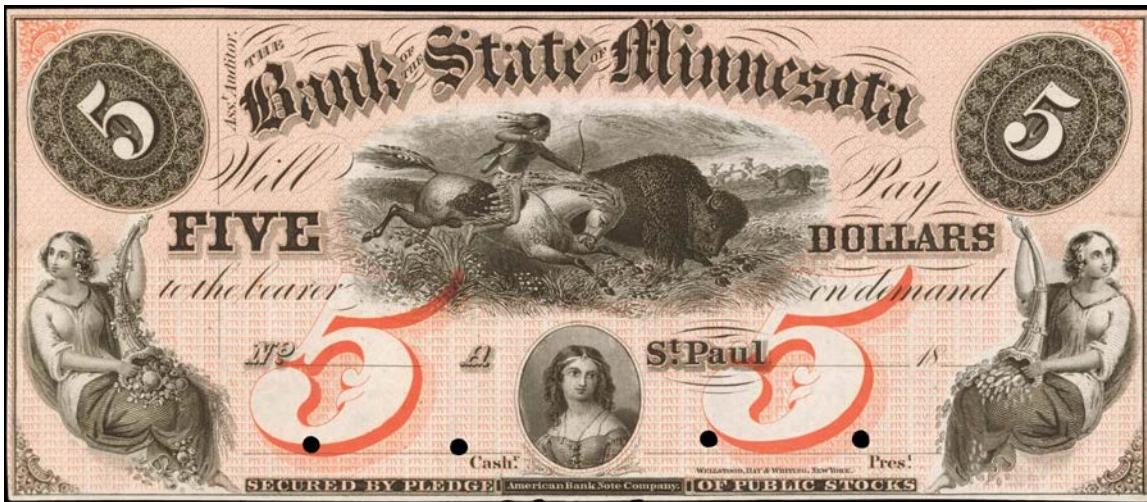

**Plymouth, Michigan. Wayne County Bank at Plymouth. 1830s \$20.** PMG Very Fine 30. (MI-320 G12). Lee PLY 1-8. Dec. 13, 1837. The Lee Plate Note. An incredibly elusive issue on the Wayne County bank. Unfathomably lovely quality as any devotee of Michigan obsoletes could tell you. This highest denomination is also easily the scarcest

for this series. The combination of crushing rarity and extremely high grade tends to produce a synergistic effect in an auction format, thus producing record price realizations. This same note sold in a 2004 sale for just under \$900. That figure is laughable in today's market.

\$1,250-\$1,750

## MINNESOTA

## Stunning Bank of the State of Minnesota Color Proof

5084

**St. Paul, Minnesota. The Bank of the State of Minnesota. 18xx \$5. Uncirculated. Proof.** (MN-160 G8a; Hewitt B740-D5-1; Rockholt 13). Imprint of the American Bank Note Company/ Well stood, Hay & Whiting, New York. Full light rose tint across note, lace top half and micro-lettered repeating pattern FIVE bottom. White outlined slanting 5 protectors. Center, under Gothic title, Indian on horseback in furious Buffalo hunt, bow drawn for the kill. Bottom corners, mirrored Plenty seated with

cornucopia. Bottom center, girl in oval. An absolutely stunning color proof with evocative vignettes and strikingly bold inks. We know of only one other which realized \$23,500 in our August 2012 ANA auction. While the market for proofs is somewhat different now this remains an elite level obsolete proof worthy of a lofty bid.

\$5,000-\$7,000

**MISSISSIPPI**

5085

**Benton, Mississippi. Benton & Manchester Railroad & Banking Co. 1830s. \$5. PMG Very Good 10.** An incredibly rare \$5 issued note from the Benton & Manchester Railroad & Banking Co. This is the first we have ever handled, and just the second we have ever seen. PMG comments "Previously Mounted, Piece Missing."

\$1,000-\$1,500

**MISSOURI****Stunning Full Red Bank of St. Louis \$20 Color Proof**

5086

**St. Louis, Missouri. (Second) Bank of St. Louis. ND (18xx). \$20. PMG Gem Uncirculated 66EPQ. Proof.** (MO-50 Unlisted, similar to G8a). A stunning full color proof printed on India paper and mounted on its original card by Danforth, Wright & Co. This Gem originated in the 1990 ABNCo. auction where it was one of four examples on the sole sheet of its type. It leaves the Newman Collection \$20 red proof example auctioned in October 2015 in its wake condition-wise. That was a slightly different vignette structure at the left. This favors the \$10 in series color proof we sold in The 52 Collection Part I for \$20,700 and matches with well. Washington is supported at the top center by Navigation and Agriculture. Lower left is a male portrait (different from G8a, as the Newman example) and lower right an attractive female. Since the Newman Missouri collection was auctioned, few Missouri rarities have surfaced for the enthusiastic bidders of this state. However, we recently auctioned a \$1 proof with protector last summer at the ANA for \$4,320. This is much superior as a type and stellar condition. A realization above high estimate would not surprise us.

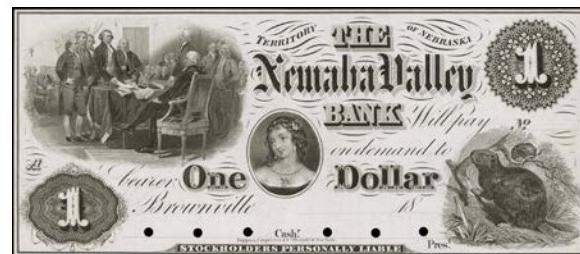

\$3,000-\$5,000

**MONTANA**

5087

**Sheridan, Montana. R.P. Bateman. ND (ca. 1877). 25 Cents. PMG Choice Uncirculated 64. Remainder.** Unissued remainder. Printed on bond paper. Small format scrip note. Lithographed on both sides in two colors with imprint W. S. George & Co., Print. Lansing, Mich. Undertint across most of the note is light green with fine lathe background. Top title in red with bold red "50" counter in the center styled like the First Issue Fractional Currency back counter. Each corner with red "50" within pattern frames. Flanking the left and right of the counter is merchant's text. At the left, "Wholesale and Retail/DRY GOODS,...." and at the right "Dealer in Groceries,/CLOTHING,....&c. &c." Space for serial number at the left. At bottom, red signature block. Unnumbered and unsigned. The Issuer Not in Durand. Rarity 7 (1-5 known). R.P. Bateman was one of only a couple of merchants in town at the time. Easily the nicest of the couple we have seen. In 2007 we sold a pair of notes from the Ford collection for an average of around \$800 each. Those were far inferior AU notes with mounting remnants.

\$900-\$1,200

**NEBRASKA**

5088

**Nemaha Valley, Territory of Nebraska. The Nemaha Valley Bank. 18xx. \$1. Uncirculated. Proof.** (NE-10 G2) Toppin, Carpenter & Co. Philad. & New York. India paper only. Signing of the Declaration of Independence at left. Small female portrait at center. Beavers at bottom right. Die counter 1s at bottom left and top right. A darkly inked and well vignetted proof from this Nebraska territorial series. A small hole is found in the vignette at left.

\$800-\$1,200

## NEW HAMPSHIRE

## Bi-Color Exeter Scrip Note Rarity

5089

**Exeter, New Hampshire. Fogg & Fellowes, Chas. H. Goodwin. October 21st, 1862. 10 Cents. Very Fine.** (Lafond 550-00.10-1, Rarity-7). An extreme rarity from Exeter, New Hampshire. It is a great departure from the majority of that state's scrip. The size is not diminutive, but full banknote-size. It is also printed in two colors: red on the face and green on the back. Last year Kevin Lafond published his opus on the private notes of the Granite State and these enigmatic issues were brought to life for other collectors. Without the help of any book, this note's rarity is apparent. The illustrated example in the book is the Schingoethe-Finn example that sold in the first numbered Schingoethe sale in October 2004 for \$488.75. The all red face has titles, texts, obligation and a small apothecary emblem at the base. Signed by Ephraim Fellowes. The green back is intricate with an Exeter street scene with buildings at the center. Flanking are advertising texts for Fogg & Fellowes at the left and Goodwin at the right describing their businesses and products. Excellent paper body for its wear and sharp colors, but we note some scattered foxing and paper remnant on the back. The faults are academic. Kevin cites two known of this type. At worst this is the third 10 Cents. A fascinating piece.

\$600-\$900

## NEW JERSEY

## Burlington Bank \$1 Issued Rarity

5090

**Burlington, New Jersey. Burlington Bank. September 1, 1855. \$1. Very Fine.** (NJ-50 G2 SENC, Wait 220) Fully issued note engraved and printed by Draper, Welsh & Co. Philadelphia. A very rare New Jersey note and the only issued example confirmed by us. There were two proofs of the design on the solitary sheet in the 1990 ABN sale. Named steamboat "John Stevens" (Stevens was the pioneer New Jersey steamboat innovator) at center with town in background. Male portrait at top left. "Child with Rabbits," adapted from Solomon Nunes Carvalho's art in oval at bottom right. All genuine notes from the bank are rarities. This note is well framed with excellent paper body. A few minor foxing patches are seen, but a nice overall appearance remains. There are relatively few issued New Jersey rarities to be had in auctions of the past few years. Most of these appear to remain closely held. Ex our March 2015 Baltimore sale where it realized \$881.25. Worth that or more today.

\$750-\$1,250

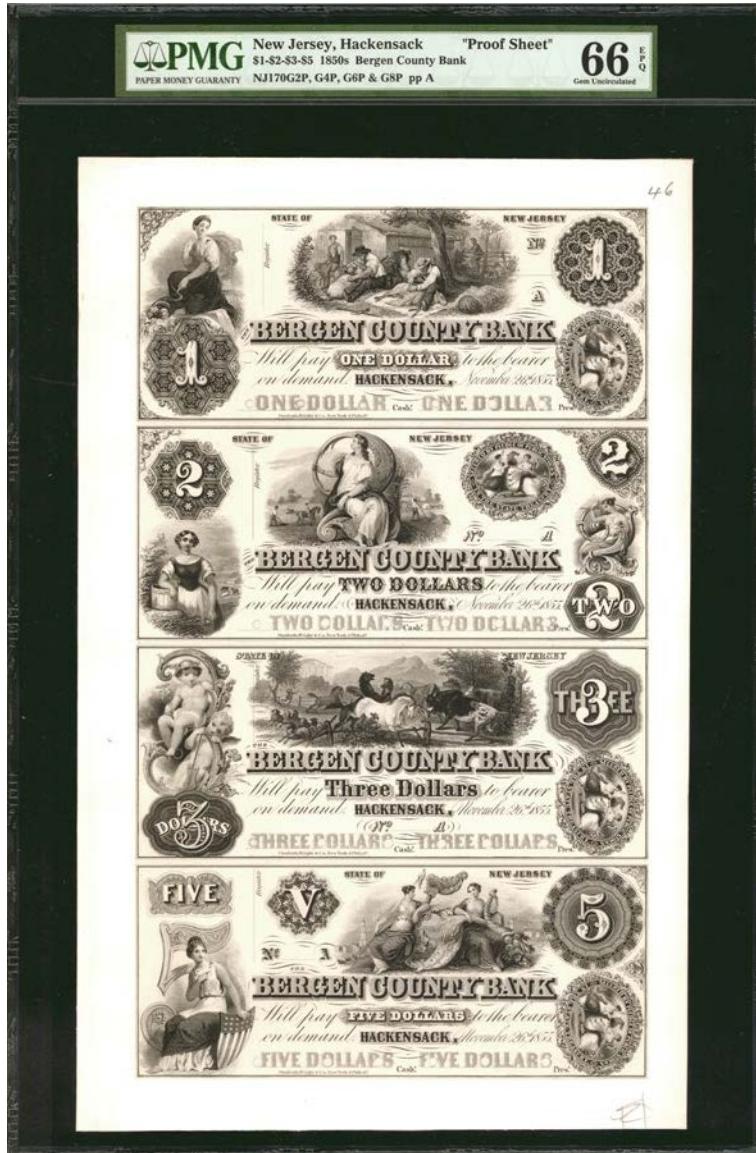

5091

**Uncut Sheet of (4) Cape May, New Jersey. American Exchange Bank. 1850s \$1-\$1-\$2-\$5. PMG About Uncirculated 55. Proof Sheet.** (NJ-85 G2, G4, G6 G8 All SENC) Baldwin, Adams & Co. New York. India paper only. \$1's seen with women seated and standing, background, sail ships and train scenery. \$2 seen with large war steam ship in large waves of water. \$3 seen with portrait of man at center and ships at right. All notes have deep red protectors just above signature panels. This sheet was last sold in the 1990 Christie's ABNC sale as lot 926.

\$2,000-\$3,000

# Unique and Impressive Bergen County Bank Uncut Proof Sheet

5092

**Uncut Sheet of (4) Hackensack, New Jersey. Bergen County Bank. 1850s \$1-\$2-\$3-\$5. PMG Gem Uncirculated 66 EPQ. Proof Sheet.** NJ-170, G2-G4-G6-G8. Engraved date November 26, 1855. Imprint of Danforth, Wright and Company, New York and Philadelphia. The Bergen County Bank was a smallish institution in northern New Jersey. In 1857 its capital was a

modest \$50,000. Louis Becker was president, and C.D. Taylor was cashier. Deeply engraved and beautifully vignetted, this sheet is truly an aesthetic delight. The \$1, \$3 and \$5 are priced in Haxby, but the \$2 denomination is listed as SENC. This was sold in Christie's 1990 ABNC sale as lot 954.

## NEW YORK

---

5095

**Johnstown, New York. Montgomery County Bank. 1830s. \$5. PMG Choice Uncirculated 64 EPQ. Proof & Die Proof.** (NY-1130 G14). Plate A. Printed on thin card. Imprint of V. Balch/C. Durand. Small grey 5-5 on signature lines, and V at upper right center. Above Gothic title, farmer plowing with team of horses. Lower right, titled oval portrait of Thayendanegea (Chief Joseph Brant), a prominent military and political leader of the Mohawk nation. Lower right, church (seen on this series) in oval frame. A choice grade example from this title and

type. The Brant picture seen on this series only. This is another short-lived imprint combination, but V. Balch [Albany] is also engraved on a titled and vignetted Durand & Co. sample sheet. A die proof of Chief Brant is included in this lot. Easily the finest of the couple that we have seen. The 52 Collection proof graded uncirculated and easily landed in four-figure territory.

## Unique Bull's Head Uncut Sheet

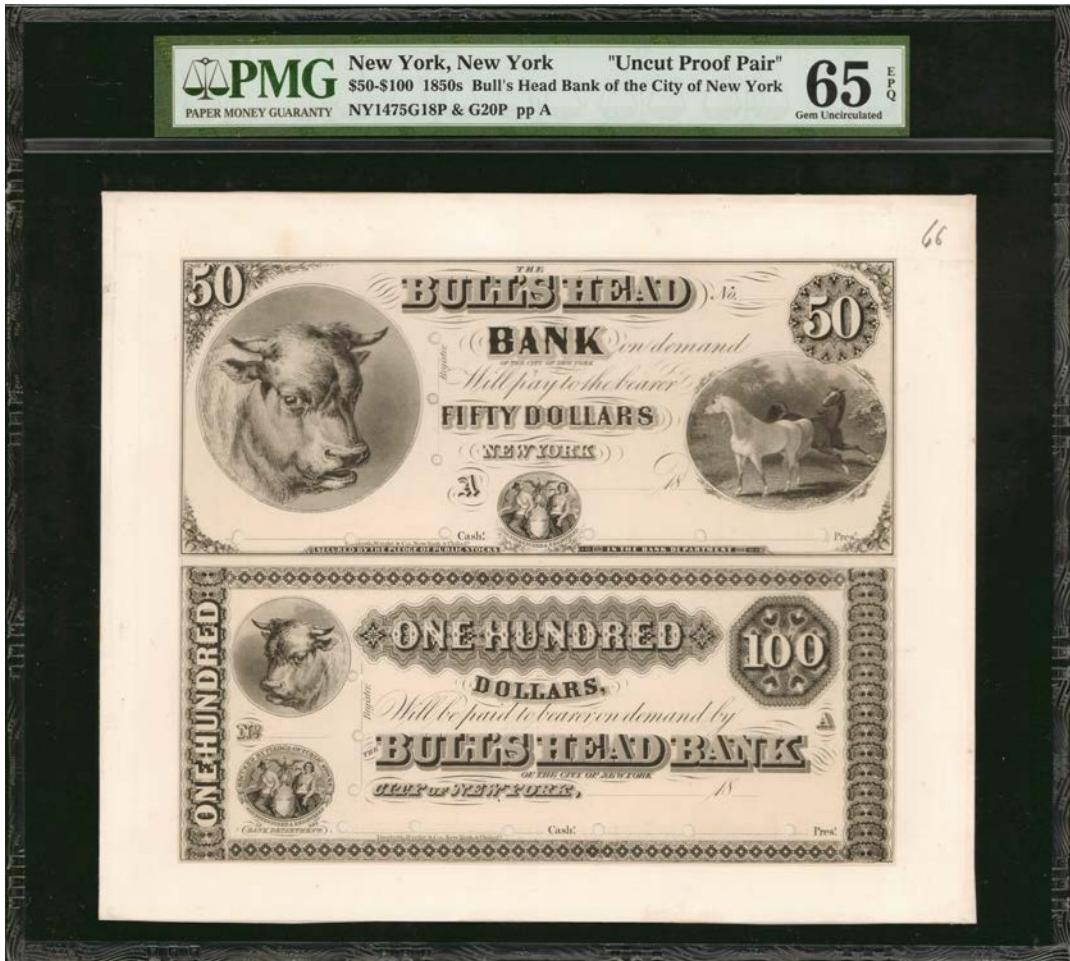

5096

**Uncut Sheet of (4) New York, New York. Bull's Head Bank of the City of New York. 1850s \$1-\$1-\$2-\$2. PMG Uncirculated 65 EPQ. Proof Sheet.** India paper mounted on original archive book card. Imprint of Danforth, Wright & Co., New York & Philad. \$1-\$1-\$2-\$2. Each note has identical center vignette of a large bull's head. It was last sold out of the Christie's

ABNC sale in 1990 as Lot 1191. There were two sheets in that lot, the other is the \$50 & \$100 uncut pair that is also being sold tonight. It was the only example from the ABNC sale. Unique and exceptional in quality.

\$3,000-\$5,000

## Incredible \$50-\$100 Bull's Head Bank Pair

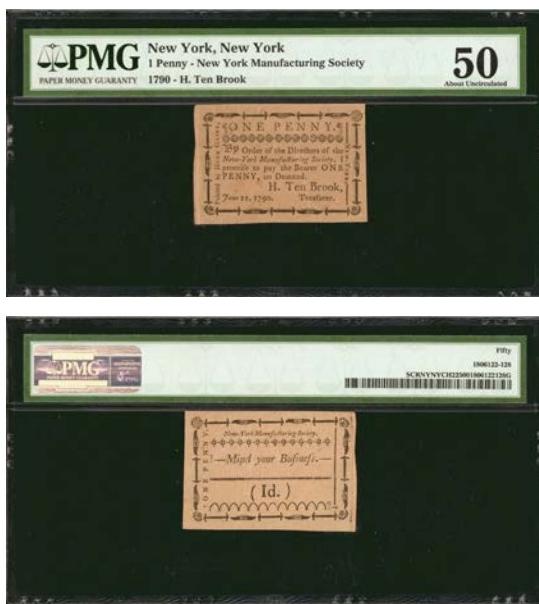

5097

**Uncut Pair of New York, New York. Bull's Head Bank of the City of New York. 1850s. \$50-\$100. PMG Gem Uncirculated 65 EPQ. Uncut Proof Pair.** India paper mounted on original archive book card. Imprint of Danforth, Wright & Co., New York & Philad. \$50: Left, large portrait of a bull's head. Right, two horses galloping. \$100: Top left, smaller portrait of a bull's head. Center, "ONE HUNDRED" encased in lovely lathe work.

Extremely rare and appropriately titled. The bank loved their bull's head vignettes. This is the only example we are aware of and have ever offered for sale. It was last purchased out of the Christie's ABNC sale in 1990 as Lot 1191. Our estimate should prove extremely conservative.

\$3,000-\$5,000

5098

**New York, New York. New York Manufacturing Society. 1790. 1 Penny.** PMG About Uncirculated 50. Engraved printed, 'H.[enry] Ten Brook, Treasurer'. Printed on sturdy wove paper stock. 66mm by 46mm. Typeset face, repeating ornamental border. Four lines of text under line of ornaments, denomination 'ONE PENNY' at top. Left end with imprint 'Printed by Hugh Gaine,' at far right end the rest 'New-York'. Printed back with same pattern around, top with issuer and in the center the slogan 'Mind your Business.' Newman page 301. Harris H23; Rarity 6. An important piece and the motto on back relates this to the Fugio coppers of the period. Two different signatures used on this series.

A remarkably interesting note previously from our March 2007 sale of the John J. Ford Collection Part XVII where we described it in part "The Newman Plate Note (Robertson named plate note) was in the DuPont Sale. This example is vastly superior to the Dupont: Lot 2212 at \$440.00 in 1993. Crisp, naturally toned as made. A few light folds and rumpling. The margins on both sides are broad. A museum caliber example with a four figure calculation more than logical."

This is the finest example we have seen of the type. It realized \$4887.50 in our 2007 sale. Prior to being acquired by Ford it was part of the vast holdings of the F.C.C. Boyd Collection.

\$2,000-\$3,000

**OHIO**

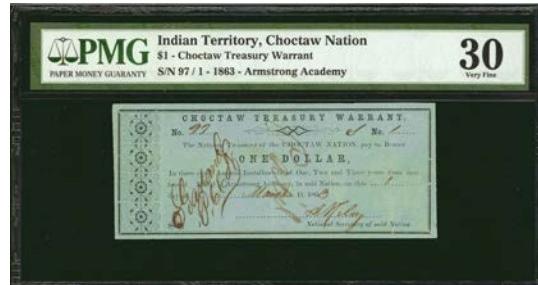

## Likely Unique Springfield Bank \$5-Wolka Plate Note

5099

**Springfield, Ohio. Springfield Bank. June 20, 1862. \$5.** Very Fine. (OH-400 G18b SENC; Wolka 2452-15, Rarity-7G). Engraved and printed by Baldwin, Adams & Co./Bald, Cousland & Co. with "ABC" monogram. We are pretty certain this note is unique and Wendell Wolka is also. It is the plate note in his Ohio opus (on the following page), a fact not noted in the last lot description when initially sold in April 2014 for \$1,057.50. A fully issued example from the final series of this bank with a light orange "State Stock Bank of Ohio" back. There are four punch-holes in the signature and the bank apparently redeemed this at their conversion to a National Bank or afterwards. Well style with "Webster and Calhoun in Library" at the lower right, used on Ohio mostly. Lower left frontiersman at stream. Male portrait in the vines of titling in center. Solid, well accomplished with strong registrar's signature. The back is a bit light, likely diagnostic to ink used by banknote company. One-of-a-kind with regal Ohio pedigree.

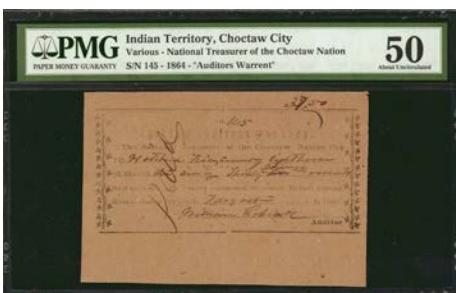

\$600-\$900

**OKLAHOMA**

5100

**Armstrong Academy, Indian Territory. National Treasurer of the Choctaw Nation. March 1, 1863. \$1 Choctaw Treasury Warrant.** PMG Very Fine 30. (Shull Cr. CHOC02) Uniface. Printed on light blue rag paper. Typeset within plain frame lines. Left end with floral repeating pattern. Endorsed on the face and left and marked "Paid" at center. A scarce type with perhaps 10-15 known. A well margined and nicely presented example.

\$800-\$1,200

5101

**Choctaw City, Indian Territory. National Treasurer of the Choctaw Nation. 1864. Auditors Warrant.** PMG About Uncirculated 50. Uniface. Printed on thin dark brown paper. Medium size part printed form. 130mm by 85mm. Local typeset in black, with floral pattern ends, without imprint. Top and bottom borders are solid. Central texts: "The National Treasurer of the Choctaw Nation Pay /TO \_\_\_\_\_(payee)/OR BEARER, /\_\_\_\_\_(written denomination)/out of any money in the Treasury appropriated for common National expenses/Given at Choctaw City this the \_\_\_\_\_(date) A. D. 1864". PMG notes Minor Ink Burn, Annotation. Signature space at the lower right for "Auditor." At the top, "CHOCTAW AUDITORS WARRANT" with serial No. space at the top. Signed at lower right by "William Roebuck". Written serial No.145. Denomination written at upper right margin "37.50". Durand IT-15, listed as Rarity-5 (11 to 25 known). Burgett 1, listed as Rarity-5. Shull Cr.CHOC5, listed as Rarity-9 (16 to 50 known). Similar to 1987 Ball-Richmond Sale (NASCA/Smythe): Lot 1099. Similar to Ford XX: Lots 3119-3120. The wider Shull rarity rating is certainly accurate. This is the first of at least three listed styles (one might be consider it a typesetting variety and not a major type) of this particular form. This is the first type with engraved 1864 date, and is perhaps the most available. Over the years, fewer and fewer have been seen. This is a bold example and one of the finer examples we have seen. More than likely from the notes that passed through Ball and Ford decades ago. We sold this Auditor's Warrant for about \$1,100 a dozen years ago as part of the Minot collection.

\$1,000-\$1,500

Minor mounting remnants and minor rust stains are observed. Any Indian Territory note is highly coveted.

Imprint text left and right. Bottom center, One-Penny Specie. Newman page 364. Rarity-6. The style is very unique and the note from a series of change bills emitted when there was a copper coin panic. This example comes broadly margined and sharply printed. One of just a small handful we have seen. PMG comments "Previously Mounted" on the back of the holder.

\$4,000-\$6,000

Lastly from lot #4731 of our January 2008 Americana Sale where it realized \$4887.50. It has since been graded by PMG who comments "Previously Mounted, Annotations" on the back of the holder.

## Well Engraved “Army and Navy” Vignetted Type

5105

**New Castle, Pennsylvania. Bank of Lawrence County. Nov. 25th, 1864. \$5. About Uncirculated.** (PA-345 G12a; Hoover 266-9). Engraved and printed by the American Bank Note Company. A rare and colorful series. This is a signed and issued note, but with six POCs in the signature panels. Central vignette of “Army and Navy” which is observed on a few rather rare Pennsylvania types; sometimes with the vignette separated into halves. The American Standard is draped between the soldier and sailor; cannon and fort in view. Large green V protectors on either side of vignette. Green and black 5 counters at top left and right. Die counter 5 at bottom left and die counter with FIVE overlapping V at bottom right. Ornate green printed back. This example is bright and sharply printed with just light traces of handling. Hard to see pinholes are trivial. An especially attractive Pennsylvania late Obsolete note type.

\$750-\$1,250

5106

**Newport, Pennsylvania. Newport Bridge. ND. 5 Cents. PMG Choice Extremely Fine 45 EPQ. Remainder.** No serial number. Remainder. Imprint of Harris Printer 4th & Vine Phila. Coat of Arms of the state of Pennsylvania at center. Shown with a listing of all thirteen colonies and the motto “Virtue, Liberty, Independence.” This coat of arms originally designed by Caleb Lownes in 1778. A superb example that is lightly circulated and incredibly handsome in appearance. This is the only example that we have ever seen so any estimate is just a guess.

\$900-\$1,200

5107

**West Middlesex, Pennsylvania. Millers & Miners Bank. 1866 \$1. PMG Very Fine 20.** (PA-705 G2a). Plate A. Imprint of the American Bank Note Co., Philada. Green protectors, array of five curving 1s along bottom center, flanking center vignette are different green 1s. Left end, green Auditor’s General seal. Right, green counter surround. Top center, profile of America wearing star tiara. Ornate lathe ends and frame. Green security lathe back. ONE outlined in center. Machine numbered. A historically important type note with a very rarely seen 1866 engraved date. The seal at the left is seen on few Pennsylvania notes and is similar to that used on New York and several other states. The auditor has signed at the left. Representative of a distinct genre in fact due to this. A pristine example of this type that boasts excellent color. Immeasurably superior to The 52 Collection example which was a problemed Very Good that still realized \$690.

## RHODE ISLAND

## UTAH

## Unique “Phillip of Mount Hope” \$50 Proof

5108

**Bristol, Rhode Island. Bank of Bristol. ND (18xx). \$50. About Uncirculated. Proof.** (RI-20 G48 SENC; Durand 60; Whitman RI-045-050-G120). India paper proof engraved and printed by Murray Draper Fairman & Co., corner tip mounted on thicker paper. Unique to our knowledge and the sole example from the individual demand notes from this early series in the 1990 ABNCo. auction. This example not cited in the Whitman Volume 5 catalog. As opposed to the intense King Phillip scene crafted for the Wellstood imprints, this King Phillip is seated holding bow with title “Phillip of Mount Hope” using a more folk art rendition. Intricate end panels each side. Originally part of lot 1801 in the 1990 Archives sale and later Schingoethe Part 6. Obtained by Peter Mayer there and sold in his Collection Part III sale by us in March 2015 for \$1,175. Very minor India paper handling, but fresh and bright. The only other proof we handled from the series was the \$30 (same pedigree, ABNCo: 1801 & Schingoethe Part VI) which we sold in the 52 Collection Part I sale for \$3,737.50. The rarest Rhode Island proofs sold recently in January were under rapid bidding and extreme interest. This is one-of-a-kind and boasts a custom vignette to the series and title.

\$750-\$1,250

5110

**Great Salt Lake City, Utah Territory. Deseret Currency Association. 1858 \$2. PMG Very Fine 30.** (Rust figure 96). Imprint of D. McKenzie G. S. L. City. Printed on blue paper. Ornate copper plate design. Top center, man and ox plowing. Bottom center, beehive under text. Left end, Indian. Right end, hunter. Engraved signature of Brigham Young. The blue paper is stronger and this note is excellent for the grade. An excellent representative of a historic Mormon issue.

\$2,000-\$3,000

5109

**North Scituate, Rhode Island. Hamilton Bank. 1840s. \$1. PMG Gem Uncirculated 65 EPQ. Proof.** (RI-440 G20). Danforth & Hufty. India paper mounted on archive paper sheet. Top, left of center, white horse and startled bay horse observe train. Lower left, Webster. Right of center, cameo of Shakespeare. Far right, standing Agriculture. Rare proof of this type. Bold, deep black impression. Easily the finest example of the two or three that we have seen. A beautiful example.

\$800-\$1,200

5111

**Lot of (7) Great Salt Lake City, Utah Territory. Deseret Currency Association. 1858. \$1 to \$50. PMG Very Fine 20 to About Uncirculated 50. Hoffman Forgeries.** An impressive complete set of forgeries created by Mark Hofmann. For many years, these forgeries have fooled some of the best numismatists in the business. These notes were printed on paper that was 150 years old as he would use blank papers from libraries of old book paper. He was incredibly skilled at forging of all the signatures seen on Mormon currency. These sets are

rarely seen and still highly collected, as the genuine examples would fetch many multiples of our estimate. This lot consists of the following. 1858 \$1 PMG Very Fine 20; 1858 \$2 PMG Very Fine 35; 1858 \$3 PMG Very Fine 30; 1858 \$5 PMG About Uncirculated 50; 1858 \$10 PMG Very Fine 35; 1858 \$20 PMG About Uncirculated 50; 1858 \$50 PMG Very Fine 30.

## VIRGINIA

5112

**Charlottesville, Virginia. Monticello Bank. 1860. \$100. PMG Choice Fine 15.** (VA-45 G30a) Imprint of American Bank Note Company. A truly satisfying design that incorporates Jefferson at lower right and Monticello at lower left. Lovely red protectors and counter with bold penned details. A seldom offered type and typically tightly held.

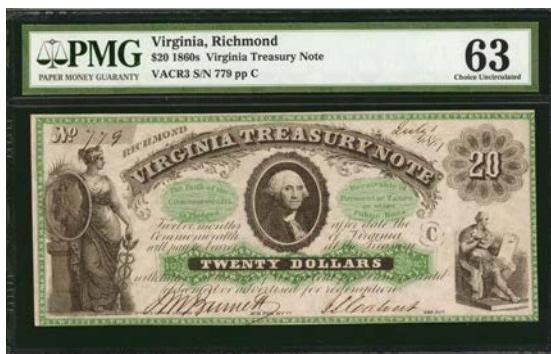

\$1,250-\$1,750

5113

**Front Royal, Virginia. Bank of Manassas. March 15, 1859. \$5. Very Fine.** (VA-85 G2a). Printed by ABNC. Boy fishing with young girl watching at center. "5" found at lower left in ornate seal. Red die counter Roman numeral Vs in top corners. Treasurers seal at lower right. Printed in red and black ink. A good, overall appearance is still seen on this Bank of Manassas note. Small pinholes are noticed on inspection, along with two small holes, which resulted from folds.

\$500-\$800

5114

**Richmond, Virginia. Virginia Treasury Note. 1860s \$20. PMG Choice Uncirculated 63.** (Criswell 3). Hoyer & Ludwig. Richmond, VA. Civil War era dated \$20 Treasury Note that is quite common, but not so in this state of preservation. Only the second uncirculated example that we have handled. A type that typically displays tight margins. Such is not the case here with this lovely note being fully

framed. Bold signatures and a series of vibrant green inks surround the central Washington portrait. The Newman collection had a mere PCGS EF 40 that came in over the \$500 mark. The only CU example that we sold was a PCGS New 62 that we sold for over \$750 in our March 2017 Baltimore sale.

\$1,000-\$1,500

5115

**Lot of (2) Shepherdstown, Virginia. Corporation of Shepherdstown. November 1, 1861 10 & 25 Cents. Fine. Cloth Notes.** A duo of fully issued linen cloth notes. Titles and obligations across centers, with floral design at left. Shaded panels at ends with design. A rare pair of notes printed on linen as media. Not often seen and an excellent pairing of 10 & 25 Cent notes. The 10 Cent is found with a bold design along with signatures, while the 25 Cent note has still legible design, although faded. Fraying is found on the margins of the notes along with some staining.

\$800-\$1,200

5116

**Lot of (2) Shepherdstown, Virginia. Corporation of Shepherdstown. May 17, 1861 5 & 50 Cents. Very Good. Cloth Notes.** A pairing of two well traveled linen cloth notes, issued by the Corporation of Shepherdstown. Floral emblems at left sides. These would have been redeemable for Virginia banknotes, upon presentation of sums of Five Dollars. Hand penned signatures and serials still pleasing and bold. A seldom encountered example, printed on linen as media. Fraying is encountered on the margins.

\$800-\$1,200

## PRINTING PLATES

## Iconic Polar Bear Attacking Boat

5119

**Printing Plate. The White Bear. The White Bear.** Steel. 5 x 2.5 inches. Imprint of American Bank Note Company, and a secondary one finely engraved at the bottom of the vignette, "Entered according to Act of Congress in the Year 1860 by the American Bank Note Company in the Clerk's Office of the District Court of the Southern District of New York." A wonderfully depicted and dramatic scene of a polar bear attacking a small boat carrying four men. Tips of icebergs are seen in the distance, as is a larger three-masted ship far in the background. The plate is nicely preserved and rather clean medium steel gray with light gold and pale blue toning in places. An important vignette found on the famous \$3 note of the Continental Bank of Boston (Haxby MA-160, G6a), referred to in collecting circles as "the polar bear note." A full color image of this note, with its attractive green tint is illustrated in Dave Bowers' reference, Obsolete Paper Money. The art was by F.O.C. Darley, whose talents are found on a number of other memorable vignettes. Visitors to the offices of the American Bank Note Company in New York City in 1860 were greeted by a display of Darley's art on one of the walls. The original paper wrapper is included with the title of the vignette handwritten on the cover, though it is rather rough.

\$2,500-\$3,500

## Sperm Whale Harpooning Scene

5120

**Printing Plate. Whaling Scene.** Steel. 4 x 2 inches. Engraved somewhat coarsely on a thick plate. Attractive pewter gray with some deeper gray toning mottled across the surface. Traces of pale blue are also seen. A superb piece.

\$3,500-\$5,500

## Bustling Whaling Vignette

5121

**Printing Plate. Whaling Scene.** Steel. 5.75 x 3 inches. A larger whaling vignette, with a small boat holding seven sailors approaching a whale, harpoon in the hand of the leader. In the distance, another small boat rows toward one of the larger three-masted whaling vessels in the distance, a captured whale in tow. Medium steel gray, with large areas of deeper gray toning and some handling marks. Engraved on a thin plate, with vertical stress fractures at both ends. Both are large, but neither affect the integrity of the vignette. A very desirable piece. Extremely similar to the vignette that appears on notes of the Merchants Bank of Norwich, Connecticut, but with some small differences. Those notes bear the imprint of Draper, Welsh & Co, and thus the present piece is likely the work of that firm as well, though it is not marked. A heavy card sleeve is included.

\$2,000-\$3,000

5122

**Whaling Scene Vignette Related to the Union Bank of New London.** Steel. 5.5 x 2 inches. Bright, medium steel gray with minor handling marks and very small traces of oxidation which do not appear active. The corners are slightly beveled. Another great whaling scene, this one including the eye of the whale that is about to be harpooned, and a butchering scene of another catch in the background. This vignette is found on \$1 notes of the 1840s-1860s made for the Union Bank of New London, Connecticut, Haxby CT-320, G136 and G136c. According to Haxby these notes bear the imprints of both, Danforth, Spencer and Hufty, and Spencer, Hufty and Danforth. The 1860s era note has the American Bank Note Company monogram added. Original paper sleeve is included.

Engraved identification number: PHIL V46533 (P36 crossed out).

The Union Bank of New London held its first organizational meeting on February 10, 1792. It and the Hartford Bank were both chartered in May. Likely, the Union Bank was in business by early June. As is true of most banks of this state, its affairs were well conducted. During this era, most eastern ports had specialties (whaling for New London, West India trade for Portsmouth, whaling for Nantucket, etc.). Times were good, and New London prospered, although there were setbacks, such as during the Embargo Act and the perilous times of the War of 1812. On May 20, 1865, the Union Bank of New London became the National Union Bank of New London.

\$1,000-\$2,000

5123

**Whaling Vignette.** Steel. 5.25 x 1.75 inches. A large sperm whale has surfaced, blowing water through its spout, its eye just above the water. Just left of the huge animal's eye, a whale boat is at the ready with the forward man of the six man crew holding his harpoon high in preparation of his strike. Two additional whale boats are seen in the near distance, while the larger whaler waits nearby. The vignette is found on notes of the Manufacturers and Mechanics Bank, Nantucket,

Massachusetts (Haxby MA-845). The notes are by New England Bank Note Company, and presumably, so is this unmarked vignette. Lustrous medium gray with some light handling marks near the edges, and traces of minor oxidation along the top edge, but the vignette is clean. The original paper wrapper is included, with a proof impression affixed, though both are a little rough. A very desirable theme.

\$1,000-\$2,000

5124

**Lot of (2) Printing Plates. Native American Bison Hunt & Native American Vignette.** Group of two Native American hunting vignette scenes.

**Bison Hunt.** Steel. 4 x 3 inches. Imprint of Continental Bank Note Company. A dramatic scene of a hunter on horseback preparing to spear a galloping bison. A second hunter is seen in the distance, pursuing a second bison. Nicely engraved and attractive. Bright and lustrous medium steel gray, hairlines and handling marks as typical.

**Aboriginal.** Steel. 3 x 4 inches. Imprint of American Bank Note Company. A wonderful Native American vignette, beautifully engraved and standing out sharply from the field. A hunter poses pensively with his fallen prey, a large bear. A very desirable piece, executed in fine style. Lustrous medium gray with pale blue and golden brown overtones. Slight hairlines and handling marks are noted. A superior piece.

\$1,250-\$1,750

5125

**Lot of (2) Printing Plates. 2 Native Americans on Horses and Native American in Canoe.** A combination of two Native Americans vignettes.

**Mounted Warriors.** Steel. 4 x 2 inches. Two warriors on horseback with spears watch a steam locomotive pass in the distance. The horses or riders seem to yield way to the train. Lustrous medium steel gray with some light hairlines and other marks. Two dents are also seen. The vignette appears on the \$5 note of the Redwing Bank, Lawrence, Kansas (Haxby KS-45, G8a). The note bears the imprint of Wellstood, Hay and

Whiting. The original paper wrapper is included.

**Man in a Canoe.** Steel. 5.5 x 2 inches. The man paddles the canoe in the foreground, near the bank, with foliage at the right, as printed. In the distance ships with sails are seen near a small dock. Satiny, deep steel gray with some oxidation near one corner, but well away from the design. Engraved on a thick plate.

\$1,250-\$1,750

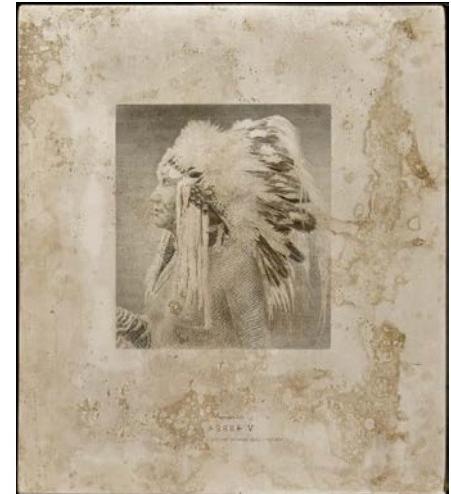

5126

**Lot of (2) Printing Plates. Native Americans.** Group of two Native American vignettes, depicting arms.

**Warriors Take Up Arms.** Steel. 6 x 4 inches. A neat vignette of good size, depicting a group of warriors taking up arms and preparing to leave the encampment, likely in defense. One man is mounted on horseback, while another emerges from a teepee. Women in the background tend to a fire and call to each other. Nicely engraved and quite attractive. Light pewter gray with traces of light golden brown toning around the edges of the plate. A popular theme, and nice action scene. An original paper wrapper is included, though somewhat rough.

**"FIFTY DOLLARS."** Steel. 2.75 x 3.5 inches. The denomination runs vertically along the right side, as printed, with a vignette of a Native American crouching and preparing to release an arrow. Initials A.C.W. are carefully hidden amongst the foliage at the bottom of the vignette, likely the initials of engraver Asa Coolidge Warren, an engraver for New England Bank Note Company, and later a designer for Continental Bank Note Company. The plate shows numerous light scratches and other handling marks, but remains bright and lustrous medium steel gray. An original card sleeve is included.

\$1,250-\$1,750

5127

**Lot of (3) Printing Plates. Native Americans.** A lot of three printing plates depicting Native Americans. Included are:

**Osceola (1804-1838).** Steel. 4.25 x 3 inches. Bright and lustrous light steel gray with some areas of olive gray and blue toning. A series of dents is seen at each corner, but well away from the engraving. Minor oxidation spots are seen as well, but also not affecting the design. Osceola on horseback, atop a bluff overlooking a valley below. Titled below the engraving, and dated '88. The original paper wrapper is included, with a proof impression affixed, though both are rough.

**Minnehaha.** Steel. 2.75 x 4 inches. Imprint of National Bank Note Company, New York. A wonderful vignette featuring the fictional woman from Longfellow's 1855 poem, The Song of Hiawatha. She stands

facing, with calumet in hand. Beautifully depicted and a wonderful vignette. Titled below the engraving. Lustrous medium steel gray, with minor handling but very nice overall. Though rough, the original paper wrapper is included, with a proof impression affixed.

**Native American Portrait.** Steel. 3.5 x 4 inches. Imprint of American Bank Note Company. A wonderful portrait of an unknown Native American, wearing and elegant feathered headdress typically seen among the plains Indians, though the specific Nation is not identified. The face is proud, and the engraving very sharp. A beautiful portrait. Satiny and lustrous light steel gray with lightly mottled golden brown and olive overtones. Minor hairlines are noted.

\$2,500-\$3,500

5128

**Lot of (2) Printing Plates. Native Americans Harpooning a Shark & Spearing a Fish.** Group of two vignettes, both depicting Native Americans harvesting sea life.

**Native American Harpooning a Shark.** Steel. 5.5 x 2.75 inches. Imprint of Baldwin, Adams and Company, dated 1853. Bright and lustrous medium steel gray with mottled deep olive and violet toning around. A Native American family in a canoe, with the child leaning toward the safety of the mother, who steers the canoe through the waves. The man prepares to spear a shark, as birds fly in nearby. An unusual Native American scene engraved specifically for use by the Metacomet Bank of Fall River, Massachusetts (Haxby MA-588), and appears on several

denominations. This was a private vignette and appears only on notes of this bank, the name of which is engraved in the design at the lower left, as printed.

**Native American Spearing a Fish.** Steel. 2 x 3 inches. By Wellstood, Hay and Whiting, though not imprinted. A hunter stands ready to spear a fish in a rushing stream. A lovely light pewter gray plate with some light mottled toning. Minimal handling marks and generally quite attractive. A sharp vignette used on \$1 notes of the Redwing Bank, Lawrence, Kansas (Haxby KS-45, G2a), and others. A card sleeve is included.

\$1,250-\$1,750

5129

**Lot of (2) Printing Plates. Native Americans and Trains.** A lot of two vignettes featuring Native Americans and trains. Included are:

**First Train.** Steel. 4.5 x 3 inches. Imprint of National Bank Note Company, New York. Three Native Americans on a bluff, two males and a hesitant female looking out across a plain and sighting, with apparent and rightful amazement, their "first train." Medium steel gray with some faint violet and gray toning. Hairlines as typical. Another great Native American vignette. The original paper wrapper is included, with a proof impression affixed, though both are rough and chipped.

**Progress.** Steel. 6.75 x 4 inches. Imprint of American Bank Note Company, New York. A wonderful, large vignette showing two warriors

with bows and quivers of arrows atop a bluff looking down on white settlements below. A railroad approaches near the foreground, while a large riverfront town may be seen in the distance. Titled below the engraving, "PROGRESS," and with this the following finely engraved below the scene, "Entered According to Act of Congress in the year 1872 by the American Bank Note Co. in the Office of the Librarian of Congress at Washington." A common theme, this one titled and beautifully engraved. A relatively clean plate with only minor hairlines and a few trivial marks. Reflective medium gray. A heavy card sleeve is included.

\$2,000-\$3,000

5130

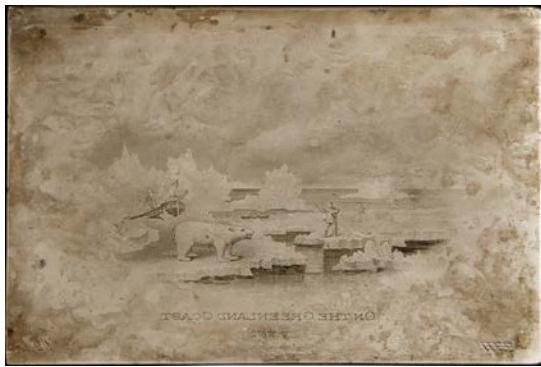

**Lot of (2) Printing Plates. The Alamo & Locomotive on Curve.** Group of two vignettes, which feature iconic western scenes. A train is found taking a curve, while the other represents the Alamo.

**The Alamo.** Steel. 3.5 x 3 inches. Imprint of American Bank Note Company, New York. A lovely small plate featuring the façade of the famous Texas fort. Titled simply "ALAMO" below. Nicely engraved with excellent detail of the ornate front entrance, and surrounding trees. Lustrous medium steel gray with traces of soft olive toning and a few small oxidation spots, both near the right edge and somewhat hidden among the leaves of the trees.

**Locomotive On The Curve.** Steel. 5.25 x 4 inches. Imprint of Franklin Engraving and Printing Company, New York. A steam locomotive coming toward the viewer, around a curve. Titled below the vignette. Lustrous medium steel gray with some mottled gray toning. Typical hairlines all around. The original paper wrapper is included, with a proof impression affixed.

\$800-\$1,200

## Historical Vignette Scenes

5131

**Lot of (2) Printing Plates. Dr. Kane in the Arctic & On the Greenland Coast.** Group of two vignette plates. Included are:

**Dr. Kane in the Arctic.** Steel. 4.5 x 2.5 inches. Imprint of Toppan, Carpenter and Company, New York, Philadelphia, and Boston. An important historical vignette showing Kane and members of his crew with life boats presumably moving south after the loss of their vessel among ice floes. The vessel is visible in the distance, with only the masts and forward portion of the ship still above the ice. A dog team and a few supplies are in the foreground. Below the vignette is the following, finely engraved, "Entered according to Act of Congress in the year 1856 by Toppan, Carpenter & Co. in the Clerk's Office of the District Court of the United States for the Southern District of New York." This vignette appears on a \$5 note of the Northern Bank in Providence, Rhode Island (Haxby RI-370, G8), as well as notes of the North Western Bank of Marquette, Wisconsin (Haxby WI-430), and others. The plate is light

steel gray, lustrous and very attractive. Some fine hairlines are evident around the outer areas of the plate, but in general it is quite clean and attractive. While the depths of the engravings on most plates are dark, likely in large part due to retained ink residue, this one is white, either residue from white ink, chalk, or other some other such treatment.

**On the Greenland Coast.** Steel. 4.25 x 3 inches. Imprint of Western Bank Note Company, Chicago. A rare theme among the engravings in the archive. Armed sailors stand on an ice floe in defense against a large polar bear. Two sailors in a rowboat are visible in the distance, as well as their large three-masted vessel which has succumbed to the unforgiving movement of ice floes. Only one end of the ship remains visible, the hull having been crushed, the ship sinking. Dated '92 in the lower left corner of the plate. Lustrous medium gray with mottled golden brown toning around.

\$2,000-\$3,000

5132

**Lot of (2) Printing Plates. Allegorical Females.** A pairing of two vignettes, both featuring allegorical females.

**Allegorical Female with Tiara.** Steel. 5 x 6 inches. Imprints of American Bank Note Company and International Bank Note Company. A bright, relatively clean and very attractive light gray plate with considerably reflectivity. The image is bold and beautifully executed by the accomplished hand of Lorenzo Hatch for International Bank Note Company in 1889. The vignette was used on a \$1000 gold bond for the Davenport, Rock Island and Northwestern Railway. It is also illustrated in Gene Hessler's superb reference on American Engravers and their works, *The Engraver's Line*. A few light marks, fine hairlines and other trivial signs of handling are seen, but none are particularly distracting

nor do any affect the lovely engraving. The original paper wrapper is included.

**Allegorical Justice and Loyalty.** Steel. 2.25 x 4.5 inches. Imprint of American Bank Note Company. A lovely vignette with a standing figure of Justice holding scales and sword in the foreground. Soldiers in Civil War era uniforms are seen in the distance, apparently representing "Loyalty" to the Justice. The title of the vignette is engraved below. The steel is bright and somewhat reflective, with a light gray tone. Light hairlines as typical. An attractive piece. The original paper wrapper is included.

\$1,000-\$1,500

5133

**Lot of (2) Printing Plates. Martha Washington & Allegorical Female with Spun Thread.** A lot of two allegorical/historical vignettes depicting females. Included are:

**Martha Washington (1731-1802).** Portrait vignette. Copper. 4.5 x 4 inches. Rich medium brown with traces of pleasing rosy orange remaining, but with bold toning over much of the surface of mottled gold, green, violet, blue and red. A very attractive and colorful plate, with few marks or imperfections beyond those minor ones typically seen. The portrait is after Gilbert Stuart's famous painting, and Martha Washington's signature is engraved below. A superb plate.

**Allegorical Female with Spun Thread.** Steel. 5 x 6 inches. Imprints of American Bank Note Company and International Bank Note Company. A lovely engraving of a female standing, facing, and holding spun thread. Ships are visible on the water in the distance. A lovely art piece, beautifully executed and very attractive. Highly lustrous light steel gray with some mottled spots of light brown and gray toning. Hairlined from cleaning, as typical. A few edge bumps are noted, but none affect the design. The original paper wrapper is included.

\$1,000-\$1,500

5134

**Lot of (3) Printing Plates. "3," "5," and "X" Vignettes.** A lot of three denomination vignettes. These include:

"3." Steel. 2 x 2.75 inches. A young woman seated within the ornate curves of a large numeral three. Simple, but elegantly executed. Satiny medium steel gray with traces of soft blue. Minor oxidation marks are seen near the edges, but do not affect the general aesthetic appeal. A lovely small counter.

"5." Steel. 2 x 3.75 inches. Imprint of Rawdon, Wright, Hatch, and Edson, New York. A lovely counter, with a tall numeral 5, supported by five allegorical females representing Justice, War, Peace, Liberty, and possibly Truth. Satiny and lustrous medium steel gray with some minor handling marks, including a fine scratch in the engraving. A few small shallow oxidation spots are also seen. This vignette appears,

for example, on \$5 notes of the North Bridgewater Bank, North Bridgewater, Massachusetts (Haxby MA-940, G8a). A nicely designed counter.

"X." Steel. 2.5 x 3.5 inches. Vertically stretched Roman numeral supported by female allegorical figures at left and right. Bright and nicely polished steel with some darker toning spots scattered about. Numerous minor stress fractures are noted, but none seem threatening to the integrity of the plate. Among other possibilities, this was used on \$10 notes of the Connecticut Bank of Bridgeport, Connecticut (Haxby CT40, G96). A heavy card sleeve is included. Original paper wrapper is included.

**\$1,250-\$1,750**

5135

**Lot of (3) Printing Plates. Eagle and Bear, On the Road & Alligator and Steamer.** A lot of three vignettes, all featuring animals. These include:

**Eagle and Bear Vignette.** Steel. 6 x 4 inches. An outstanding and unusual vignette with a large eagle attacking a bear, obviously gaining the upper hand (improbable in real life), with wings outstretched and beak open in attack. Perhaps a symbol of America's victorious westward expansion. The plate is dated 1900 at the lower left corner, right as printed. Boldly engraved and striking. Medium steel gray with attractive mottled pale blue and olive toning. A superior art piece. The original paper wrapper is included, with a proof impression affixed.

**On the Road.** Steel. 5 x 2.5 inches. Imprint of National Bank Note Company, New York. A gentleman on a black horse leads a white

horse down a lane, just having passed through the open front gate to a farmhouse. Medium steel gray with light gold and violet toning. A slight convex curvature is noted in the steel. The original paper wrapper is included, with a proof impression affixed, both somewhat rough.

**Alligator and Steamer.** Steel. 3.5 x 2.25 inches. A nice bank note vignette with an alligator in the foreground and a riverboat titled "Alabama" on the water in the distance. Deep steel gray, deeply engraved and quite attractive. The steel retains some polished surface. Thin stress fractures are seen around the engraving and just into it in places, but none are serious or threatening to the integrity of the plate. Engraved on a thick plate, and probably an early piece. An original card sleeve is included.

\$800-\$1,200

5136

**Lot of (2) Printing Plates. The Atchison, Topeka and Santa Fe Railway Company & Stutz Motor Car Company of America, Inc.** A pairing of two logo vignette plates. A detailed Railway Company and Motor Car companies logos are included:

**The Atchison, Topeka and Santa Fe Railway Company. Stock Certificate Header.** Steel. 11 x 6.25 inches. Imprint of American Bank Note Company. Satiny medium steel gray with light golden brown and olive toning mostly concentrated near the edges. Some very small oxidation pits are seen, but they appear inactive. A nice large plate with the old English-style font used in the title, a central vignette of a plains Indian titled, The Chief, and with locomotives on either side reflecting

the long heritage of the company. On the left, as printed, is an old time steam engine, while that on the right is a train resembling an EMD F-unit diesel locomotive. A nice artifact of this famous Western railway company that would make a neat display piece.

**Stutz Motor Car Company of America, Inc. Logo Vignette.** Steel. 10 x 5.5 inches. Imprint of American Bank Note Company. Large logo vignette used above the title as a header for stock certificates. A beautiful vignette, with the logo at the center, supported by allegorical females at left and right.

\$800-\$1,200

5137

**Printing Plate. Hail, Columbia. Sheet Music Cover. *Hail, Columbia.***  
Sheet music cover. Copper. 13.25 x 11.25 inches. Among the more beautiful engraved copper plates we have seen from the archive thus far, in the opinion of the cataloguer. The metal is very lustrous, rich orange copper, predominately brilliant with the exception of copper brown, deeper orange, and light accents of violet and blue where the piece has been most handled. A few handprints are thus seen, but most are trivial in nature except for a long thin scratch seen through the lower half

of the engraved design. This is long, but not too visually distracting. The engraving shows Columbia, horsewhip held high, driving a Romanesque four-horse chariot. The chariot is atop a globe, and is positioned on the United States, with Mexico seen below and the title, "Hail Columbia! Happy Land" below with a treble clef and a few notes of music. A spectacular piece of engraver's art, large and impressive in every respect. A proof impression from the plate is included.

## CONFEDERATE CURRENCY

## Choice Very Fine \$1000 Montgomery

5138

**T-1. Confederate Currency. 1861 \$1000. PMG Choice Very Fine 35 Net. Cancelled, Cancellation Repairs.** No. 494, Plate A. Just 607 examples of this National Bank Note Company produced \$1000 type were issued and today fewer than 120 are thought to survive. The printed inks are sharp with the portraits of John C. Calhoun and Andrew Jackson seen in excellent detail. The intricate green tint that these Montgomery notes are so well known for is vibrant and boldly inked. The signatures of actual Register Clitherall and actual Treasurer Elmore are neatly penned on bright white paper. These notes bore interest at a rate of 10 cents per day. There is a stamped endorsement

on the back stating that the note was received at Savannah on April 21, 1863, with interest paid for 425 days amounting to \$42.50. This example was cancelled upon redemption and those cancellations were professionally repaired as mentioned by the grading service. The note is quite appealing with bright paper and bold color. Printed in the NEW YORK by the National Bank Note Company at a time when the leaders of the Confederacy envisioned it being a separate country and peaceful neighbor of the United States of America. It did not quite work out that way!

**\$25,000-\$35,000**

## Stunning T-2 Montgomery \$500

5139

**T-2. Confederate Currency. 1861 \$500. PMG Very Fine 30.**  
 No. 417, Plate A. The T-2 is one of the most popular notes in the Confederate series not only for its rarity but also for the artistic beauty as well. Ceres, the goddess of agriculture is shown in the lower left. The James Smillie engraved central vignette is titled *The Crossing* and features a steam locomotive with cars in tow crossing a bridge over a river with cattle watering themselves as a horseman looks on. Bold green security and border prints are seen along with intricate die counters at top left and right. This example features neatly penned signatures of actual Register of the Treasury Alex B. Clitherall at left and actual Treasurer E.C. Elmore at right. A manuscript issuing endorsement from Confederate agent F. Hodges dated July 24th, 1861 is on the

back. Creamy white paper and full frame lines are displayed by this modestly circulated note. This is the nicest 1861 \$500 we have offered since the Cleo Collection example which sold for \$39,950 in our August 2017 ANA auction. While the notes are nearly identical in terms of visual appeal, PMG comments "Minor Restoration" on the back of the holder of this note. It appears to be limited to the area of the manuscript issuing endorsement on the back. This is a stunning representation of this iconic Confederate design type and would be a centerpiece in most collections.

**\$20,000-\$30,000**

*From the Q. David Bowers Collection.*

## T-3 \$100 Military Issued at Lynchburg, VA

5140

**T-3. Confederate Currency. 1861 \$100.** PMG Extremely Fine 40. No. 1020, Plate A. The National Bank Note Company produced these high quality \$100s using patented steel plates and 1,606 were issued. Ceres, Goddess of Agriculture, is seen at left. A wonderful scene of a steam locomotive with passenger cars waiting at a depot is seen at center. Vibrant green border and protector inks are seen along with bright uncancelled paper. Well penned signatures of Clitherall and Elmore are also found.

There are roughly 190 known survivors for the \$100 denomination and this is one of the few that is fully problem free for the assigned grade. These notes were printed in a \$50-\$100 sheet configuration by the National Bank Note Company in New York. These "Montgomery" notes, issued before the Confederate capital was relocated to Richmond, bore interest at a rate of 3.65% per annum (one cent per day). Many

Montgomery notes did not circulate in the typical channels of commerce but were held as an interest bearing asset. That is why most examples display only modest circulation.

This particular example was issued in the field at Lynchburg, Virginia on May 20, 1861 by Captain Erasmus P. Williams. His manuscript endorsement on the verso reads "Office of Com(missary). of Sub(sistence). Lynchburg, Va. May 20, 1861. This day paid out by E.P. Williams Capt. & C.S."

While most Montgomery notes did not heavily circulate, problem-free uncancelled notes such as this are difficult to locate and are always well received by knowledgeable collectors. With bold color, wholesome paper and a fascinating military issuing endorsement this note has much to offer.

**\$20,000-\$30,000**

## Attractive T-3 \$100

5141

**T-3. Confederate Currency. 1861 \$100.** PCGS Currency Very Fine 35 Apparent. Small Repairs on Back near Center. No. 1237, Plate A. Confederate Captain Thomas K. Jackson issued this 1861 \$100 note on June 29, 1861. The National Bank Note Company produced 1,606 of these high quality \$100s using patented steel plates. Ceres, Goddess of Agriculture, is at left. A wonderful scene of a steam locomotive with passenger cars waiting at a depot is at center. Vibrant green border and protector inks are seen along with bright uncancelled paper. Sharply penned signatures of actual Register Alex B. Clitherall

and actual Treasurer E.C. Elmore are featured in the signature panels. The engraved design elements are boldly printed in striking detail while the modestly circulated paper is bright and uncancelled. The grading service mentions small repairs on the back near center. The repair work is skillfully executed and limited to just a small area below the central vignette. The note has the visual appeal of a much higher grade.

**\$12,500-\$17,500**

*From the Q. David Bowers Collection.*

## Pleasing Mid-Grade T-4 Fifty

5142

**T-4. Confederate Currency. 1861 \$50.** PMG Very Fine 25. No. 1315, Plate A. This 1861 \$50 was issued at New Orleans June 18, 1861, by A.J. Guirot, Assistant Treasurer of the Confederacy. Prior to Louisiana's succession Guirot had been superintendent of the New Orleans Mint. Upon succession Guirot claimed the federal specie at the mint for the Republic of Louisiana. Shortly thereafter he became Assistant Treasurer for the newly formed Confederate States of America.

The note displays even circulation with clean, wholesome paper. The green border and security prints are bold while sharp details are featured in the central vignette and die counters. This example is free of any distracting faults whatsoever. Guirot's issuing manuscript is neatly penned on the verso and is accompanied by an additional stamped endorsement. This is a wonderful option for a mid-grade type set.

**\$8,000-\$12,000**

**T-5. Confederate Currency. 1861 \$100.** PMG Choice Uncirculated 64 EPQ. No. 4417, Plate B. The first of the Richmond notes issued after the relocation of the Confederate capital, these high quality \$100s were produced by the Southern Bank Note Company in New Orleans which was the southern operating branch of the American Bank Note Company. Justice with sword and scales is at left. A steam locomotive with cars in tow chugs by a river at center. Minerva, the goddess of war, is seen at right. This example was issued September 17, 1861, by Confederate captain and assistant commissary of subsistence Ferdinand Molloy. The green protector inks are brilliantly presented on this example while the engraved design elements are sharply detailed. Neatly penned signatures of Register Tyler and Treasurer Elmore are found at bottom left and right. The paper is well cut, crisp and creamy white in color.

This Hoyer & Ludwig printed 1861 \$100 comes fully framed and boldly printed on bright paper which displays just the lightest traces of circulation. PMG comments "Previously Mounted" on the back of the holder, a scarcely noticeable aspect.

**T-7. Confederate Currency. 1861 \$100. PCGS Currency Very Fine 20.** No. 23902, Plate C. Two women seated at center. Portrait of Washington at left. **T-11. Confederate Currency. 1861 \$5. PMG Good 4 Net. Backed, Repaired.** No. 39614, plate Bb. Just 73,355 examples of this Hoyer & Ludwig produced \$5 were issued. The type came printed on thick bond paper that did not wear well and thus most examples are impaired. This example faces up far better than the assigned numeric grade would suggest. The design elements are boldly printed in bold inks while the manuscript issuing signatures are neatly penned. The note is heavily repaired and the grading service has added the comment "Backed" as well. In any event the note has aesthetic appeal beyond the assigned grade level.

**\$2,000-\$3,000**

5150

**T-12. Confederate Currency. 1861 \$5. PMG Very Fine 20.** No. 1762, Plate I. These 1861 Fives are commonly known as "Manouviers" after their printer Jules Manouvier of New Orleans. Though they were the only 1861 Confederate notes to feature a printed back, the Confederate Treasury Department considered the design to be simplistic and easily counterfeited. Only one shipment of notes was received from the printer and no additional orders were made. Just 15,556 T-12s were issued. Many that survive today are well worn and in the range of Very Good to Fine. The front is sharply printed in bold inks. The blue printed back is light but visible. PMG comments "Minor Restoration" on the back of the holder.

**T-13. Confederate Currency. 1861 \$100.** PMG Choice Uncirculated 63. No. 10415, Plate A1. Bright paper as well as bold ink stands out on this \$100 Confederate note, which is in Choice Uncirculated condition. Seldom seen in this condition.

\$1,000-\$1,500

## Southern Bank Note Company \$50

5152

**T-15. Confederate Currency. 1861 \$50.** PMG Very Fine 25. No. 1663, Plate A. Type 15 is one of the most popular types in Confederate Currency collecting and is part of the popular Southern Bank Note Company series. These were high quality notes printed by engraved steel plates on thick red fiber paper. The design features Ceres, goddess of agriculture at left and Justice holding a sword and scales at right. A steam powered passenger train chugs past a waterfront in the central vignette.

A bold vermilion tinted protector is centered near the bottom. This type is rare in uncancelled grades above Fine. The example offered here is an evenly circulated mid-grade note. Boldly inked design elements are sharply detailed on the wholesome uncancelled paper of this challenging 1861 \$50 note.

5153

**T-17. Confederate Currency. 1861 \$20. PMG Very Fine 20.** No. 22376, Plate A. This is a challenging 1861 \$20 type from Richmond based printers Hoyer & Ludwig. Liberty with pole and cap is seen at left. Three allegorical females representing Agriculture, Commerce and Navigation are at center. This example features the short green overprint that does not reach over and past the head of Liberty at the left end. Full frame lines and intense green tints are featured on this boldly printed example. The assigned numeric grade appears a touch on the conservative side in our opinion. Certainly a pleasing mid-grade representation of this popular type.

**T-19. Confederate Currency. 1861 \$20. PMG Very Fine 20.** No. 1441, Plate A. One of the great notes produced for the Confederacy by the Southern Bank Note Company of New Orleans, formerly an office of the American Bank Note Company. Minerva is seated to the left. Navigation is seated at center by a globe and charts. A blacksmith with hammer and anvil stands at right. Strong color remains in the red-orange tint of this 1861 Twenty. This note comes uncanceled and displays just evenly circulated paper. The cut is above average with full frame lines present.

**T-22. Confederate Currency. 1861 \$10. PMG Choice Very Fine 35.** No. 14092, Plate B. A popular 1861 \$10 note from the well collected Southern Bank Note Company series. Thetis is found at left holding the scepter of Neptune. A Native American family is seen at center overlooking a town. A woman stands at right holding an ear of corn and a large X. This note is bright and moderately circulated. The orange overprint inks remain vibrant. The grading service has added a puzzling comment for "Stains" on the back of the holder. This cataloger sees nothing worthy of mention.

**T-23. Confederate Currency. 1861 \$10. PMG Very Fine 25.** No. 5835, Plate A. These Leggett, Keatinge & Ball produced Tens were based on notes of the same denomination issued by the Mechanics Savings Bank of Savannah, Georgia. The man at bottom left is bank president John Elliot Ward who was ironically opposed to succession and fled north at the start of the war. The design elements are strikingly detailed on this example. The orange printed overprint is vibrant and free of any oxidation. The grading service makes mention of a "Tear Repair" on the back of the holder but it is difficult to detect.

## Rare T-27 \$10

5157

**T-27. Confederate Currency. 1861 \$10. PCGS Currency Very Fine 25 Apparent. Minor Restorations.** No. 6628, Plate Ab. Unlike Montgomery notes, T-27s and their T-35 counterparts were not held from circulation for interest redemption. Survival rates for these notes are less than 2%. Today fewer than 120 T-27s are known to survive. These notes were printed on poor quality paper that was prone to impairments. Additionally, the type is often found either cancelled or with repaired cancellations. The example offered here is a pleasing exception. Modest circulation

is observed on this uncancelled mid-grade 1861 \$10. The paper is wholesome and free of any distracting faults or attributes. The printed inks are bold and sharply detailed and the issuing signatures are neatly penned. Nice examples of T-27 do not come on the market often. This would be an upgrade in most high-end Confederate type sets.

5158

**T-28. Confederate Currency. 1861 \$10. PMG Choice Uncirculated 63.** No. 109611, Plate A11. PF-10. Printed by J.T. Paterson of Columbia, SC. The top margin strays a bit heading to the right but otherwise a well margined piece. Although the landscape of the Confederate Currency market is changing rapidly, it goes to show that there are still few nice Choice CU examples of this condition-challenged type. Last year we sold a PCGS Choice New 63 for over \$5,000. This certainly is not worth that much anymore but it still should require a four-figure bid to bring it home.

\$800-\$1,200

5159

**T-29. Confederate Currency. 1861 \$10. PMG Choice Very Fine 35.** No. 21859, Plate G. Darkly lithographed inks and choice bright paper are instantly noticed when viewing this lightly circulated Blanton Duncan printed Ten. The cut is ideal for the type with nearly full frame lines. The penned signatures are well written in neat inks. Lower end Very Fines tend to sell for several hundred dollars but this type becomes very scarce in Extremely Fine (or nearly so) and finer grades. A bright and lovely piece.

\$900-\$1,200

5160

**T-31. Confederate Currency. 1861 \$5. PMG Very Fine 25 EPQ.** No. 13097, Plate B. The five women at the center that represent Commerce, Agriculture, Justice, Liberty and Industry are boldly printed in excellent detail on this Southern Bank Note Company produced 1861 \$5 note. The orange overprint is bright and free of oxidation. This is an evenly circulated example that is well deserving of the assigned EPQ designation from the grading service.

\$800-\$1,200

From the Q. David Bowers Collection.

5161

**T-32. Confederate Currency. 1861 \$5. PMG Very Fine 25 EPQ.** No. 8916, Plate AA. Leggett, Keatinge & Ball produced these high quality Fives based on \$5 notes issued by the Mechanics Savings Bank of Savannah, Georgia. The portrait of a young boy is at the bottom left while a blacksmith with his tools are at the bottom right. Bold orange tints are featured on the type with a 5 a top center, FIVE below and a V out to the far right. This type is very difficult to find in problem free grades of Very Fine or better. The example offered here is evenly circulated and bright with an overprint free from oxidation. Full frame lines are also seen on this note which is well deserving of the assigned EPQ designation.

5162

**T-32. Confederate Currency. 1861 \$5. PMG Very Fine 20.** Printed on red fiber paper. AA plen. No. 3290, Plate A. Leggett, Keatinge & Ball produced these high-quality Fives based off of \$5 notes issued by the Mechanics Savings Bank of Savannah, Georgia. The portrait of a young boy is seen at the bottom left while a blacksmith with his tools are seen at the bottom right. PMG notes "Minor Ink Burn."

\$800-\$1,200

5163

**T-33. Confederate Currency. 1861 \$5. PMG About Uncirculated 53.** No. 18161, Plate O. Vibrant color, sharply printed inks and fresh paper are attributes of this high grade T-33 which comes on paper bearing the FIVE watermark. The Keating & Ball imprint is seen oriented from bottom to top at left. Mounting hinges are seen at the back corners as PMG comments "Previously Mounted."

\$2,000-\$3,000

## Desirable “Indian Princess” Five

5164

**T-35. Confederate Currency. 1861 \$5. PMG Fine 12.** No. 1692, Plate AB. One of the toughest “Big Six” notes to find and usually one of the last holes remaining in a Confederate type set under construction. These 1861 \$5 notes were produced by Hoyer & Ludwig. They were printed on eight note sheets with four notes being T-35s and four notes being Ab plate T-27 1861 \$10s. Just 7,160 notes were issued for the type. Today around 140 are known to exist. It is unknown exactly why so few notes were emitted given the time and effort that would have gone into preparing the plate. Most speculate that the plate must have failed and it was easier to move to a new design rather than to prepare another plate. These notes came on poor quality paper

and many T-35s are plagued by impairments resulting from heavy wear. The specimen offered here displays even circulation and greater design detail than most in this grade range. The all important “Indian Princess” motif at the right end of the note is boldly printed and sharply detailed. This note was cancelled and the two hammer cut cancellations have been closed using archival tape on the back of the note. Otherwise the note is free of any other major impairments or distractions. This is a very appealing note and would be a fine representation of this rare type in any Confederate set.

**\$8,000-\$12,000**

*From the Q. David Bowers Collection.*

5165

**T-38. Confederate Currency. 1861 \$2. PMG Choice Fine 15.** No. 2268, Plate 5. Just around 36,000 of these erroneously dated September 2, 1861, \$2 notes were issued before the plates were corrected to the June 2, 1862, issue date. Due to the poor quality of the paper these were printed on, this type is rare in problem free grades of Fine or better. The note offered here is boldly printed in vivid detail. The paper is evenly circulated and wholesome and an argument could certainly be made for a Very Fine grade.

## Unique Serial Number Error T-56

5166

**T-56. Confederate Currency. 1863 \$100. PMG Choice About Uncirculated 58 EPQ. Serial Number Error.** No. 32120, Plate D. A fascinating 1863 \$100 Lucy Pickens note that received an extra stamped serial number on the left end of the note for a total of three serial numbers. This is the first example of this error we have encountered. All three serial numbers are the same. The note is sharply printed and fully framed with all the appearance of a fully uncirculated note.

**\$1,000-\$1,500**

*From the Q. David Bowers Collection.*

5167

**T-64. Confederate Currency. 1864 \$500. PMG Choice Uncirculated**

5168

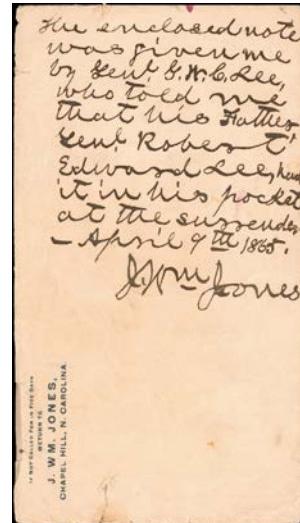

**T-64. Confederate Currency. 1864 \$500. PMG Choice Uncirculated**

**63 EPQ.** No. 35773, Plate A. PF-3. A beautifully original 1864 \$500 note featuring a deep-red overprint. From the later end of the serial number range for the type. The paper is bright and wholly original and this is an exceptionally well printed example.

\$1,250-\$1,750

## General Lee Surrender Twenty

5169

**T-67. Confederate Currency. 1864 \$20. Very Fine. General**

**Lee Surrender Note.** General Robert E. Lee surrendered the Army of Northern Virginia on April 9, 1865 at Appomattox Court House to Ulysses S. Grant. This is where the story of this 1864 \$20 begins, and how it eventually ended up in the hands of Confederate veteran J. William Jones. After the surrender at Appomattox, J. William Jones, who was a chaplain for the Army of Northern Virginia, served as a Baptist minister in Lexington, Virginia and as a campus minister at Washington and Lee University in Lexington, where he met Robert E. Lee. Jones was picked to edit General Lee's papers and was given approval to publish *Personal Reminiscences, Anecdotes and Letters of General Robert E. Lee* in 1874. He published another Lee biography in 1906. Each has been reprinted dozens of times. It is reasonable to surmise that Lee's eldest son gifted Jones the note as a gesture of appreciation for his work on the general's

biography. Included with this lot is a contemporary envelope with the story of the note signed by J. William Jones himself to add to the provenance. The envelope reads "The enclosed note was given me by Gen. G. (eorge) W. (ashington) C. (ustis) Lee, who told me that his father, Gen. Robert Edward Lee, had it in his pocket at the surrender - April 9th 1865. J. Wm. Jones".

The relic itself is a mid-grade 1864 \$20, a fairly common note as a type. However, its presence as a witness to one of the most significant events in American history makes it a highly desirable collectible that will appeal to both historical collectors and numismatists alike. A tear is found in the left end of the note. We cannot authenticate the story and validity of this note's history, but we believe it to be true as Jones and Lee were close, along with Jones being close to Lee's family.

## FEDERAL LOAN CERTIFICATES

5170

**St. Louis, Missouri. Temporary Loan Certificate. 1862-64. \$10,000.**  
**PMG Fine 12. Remainder.** Red stamp designating the certificate is payable on demand in Legal Tender Notes after thirty days seen printed at left end. The vignette, Eagle's Nest at the top, and Zouave designed by F.O.C. Darley at the lower left. Green protectors and counters, green back. These were authorized by Congress as temporary loans in the

Act of February 25, 1862, to pay for the rising costs of government and military expenses from the Civil War. These certificates paid 5% interest over a timetable of at least 30 days. These were available to both banks and corporations. A rarely seen form that is underappreciated. Found redeemable at St. Louis, Missouri.

\$4,000-\$6,000

### LARGE SIZE

#### DEMAND NOTES

5171

**Fr. 6. 1861 \$10 Demand Note. PMG Very Fine 20 Net. Restoration.** The Demand Notes of 1861 represent the first large issue of federal paper money since Continental Currency days. In the 1790s when state-chartered banks began to issue notes, a new emission of federal paper may have been met with rejection. In any event, decades passed with state-chartered institutions providing most of the supply of banknotes. The portrait of Lincoln is to the left, while he was still president, a policy that was later changed to show only deceased individuals. An eagle with

a draped shield is seen at the center and an allegory representing Art at the right. A very nice back design characterizes the variety, with the motif filling nearly all of the available paper surface. PMG comments "Restoration" which appears to be some minor margins splits at the top margin. Overall a highlight which will enhance any upper level collection of large-size notes.

\$8,000-\$12,000

## LEGAL TENDER NOTES

5172

**Fr. 16c. 1862 \$1 Legal Tender Note.** PMG Choice Uncirculated 63 EPQ. A bright note with fully original and problem free paper. Bold ink tones throughout accentuate the features of the popular early type. A tight top left corner likely prevented a higher grade, but this is a very pleasing grade level for any type collection.

\$1,000-\$1,500

5173

**Fr. 17a. 1862 \$1 Legal Tender Note.** PMG Choice Extremely Fine 45. An always impressive early series in higher grades with this just barely circulated example showing what seems to be solely handling. Original and deep color of the green devices are noted.

\$1,000-\$1,500

5174

**Fr. 18. 1869 \$1 Legal Tender Note.** PMG Uncirculated 62 EPQ. This "D" plate position note is particularly attractive as it shows with a deep blue tinted section left of center and dark green under-printing along the top of the note. A bold red spiked treasury seal completes the color associated with the Rainbow, moniker. The design is a bit tight on top on both front and back.

\$3,000-\$5,000

5175

**Fr. 18. 1869 \$1 Legal Tender Note.** PMG Choice About Uncirculated 58 EPQ. A strong About Uncirculated offering on this desirable Rainbow type that showcases amazing color, embossing and eye appeal.

Strong technical quality elsewhere and certainly a lot that will bring a result stronger than typical for this catalog number and grade.

\$3,000-\$5,000

5177

**Fr. 31. 1880 \$1 Legal Tender Note.** PMG Choice About Uncirculated 58. \$800-\$1,200

5181

**Fr. 32. 1880 \$1 Legal Tender Note.** PCGS Currency Choice About New 55. For a \$1 note in a well known series this variety is very elusive. \$2,000-\$3,000

5192

**Fr. 57\*. 1917 \$2 Legal Tender Star Note. PMG Choice About Uncirculated 58 EPQ.** Just 75 replacement notes are known according to the Track & Price census. 5240

**Fr. 367. 1890 \$10 Treasury Note. PMG Gem Uncirculated 65 EPQ.** Just 37 examples in all grades combined are reported to the Track & Price census for the Rosecrans-Nebeker signature combination. Of the 37 known, there is a small run of Uncirculated notes. PMG has certified a total of 24, with just six of those graded 65EPQ or better. The centering on this Gem is nearly perfect and there are razor sharp corners. The creamy white paper is completely original and the surfaces are free of any detracting marks. Bold brown overprint inks are

found on the face. The 1890 Treasury Notes are known for their beautifully ornate back designs and on this note the back is exceptionally well printed, with sharp green inks across all but the wide margins. While this note is not the finest graded by PMG, we challenge anyone to find a more pleasing example, as this note faces up better than most 66 and 67 graded notes. This is an incredible opportunity to secure the finest representative of a very popular type. PMG 4/2 finer.

\$30,000-\$40,000

5241

# Single Finest PMG Graded Example

5245

**Fr. 722. 1918 \$1 Federal Reserve Bank Note. Richmond. PMG Gem Uncirculated 66 EPQ.** This Elliott - Burke, Keesee - Seay variety is one of the keys to this 1918 One Dollar Federal Reserve Bank Note series in high-grade. This is the single finest example of the catalog number to be graded by PMG. All the technical quality one could expect for this lofty Gem grade is readily observed and the centering also attests to the grade. Bold overprint embossing is also clearly evident from the back of the note attesting to the unabashed quality of this remarkable "Top-Pop" Ace.

\$3,000-\$5,000

This amply margined and darkly printed \$20 displays all of the qualities one could ask for in a high grade type note. Bold overprint embossing and

natural paper wave are seen from the back of the note. The note faces up as a full Gem, but a corner tip fold at top left is the cause for the assigned grade.

\$10,000-\$15,000

## FEDERAL RESERVE NOTES

5250

**Fr. 910. 1914 \$10 Federal Reserve Note. New York. PCGS Currency Gem New 66 PPQ.** Well margined, with excellent embossing of the overprints.

\$700-\$900

5251

**Fr. 938. 1914 \$10 Federal Reserve Note. Minneapolis. PMG Gem Uncirculated 65 EPQ.** According to PMG's population report, this is the finest for the cataloging number. In fact, it is the only Uncirculated example for the entire signature combination. A true rarity that will be highly sought after by collectors. PMG Pop 1/none finer.

\$2,000-\$3,000

## Fr. 1133-L \$1000 Federal Reserve Note - San Francisco

5252

**Fr. 1133-L. 1918 \$1000 Federal Reserve Note. San Francisco.**  
**PMG Very Fine 25.** A design type which always receives strong attention from collectors when offered. The \$1000 denomination is highly scarce with regard to large-size type and these 1918 Federal Reserve Notes are virtually the only way to obtain them for a price under six figures regardless of grade. The present piece offers inks throughout the face and back designs. The note

shows one of the more appealing depictions of our national bird at the center of the back with spread wings and talons clutching our nation's flag. The note is importantly free from any apparent defects as most of these high end rarities have been restored to some extent. Still heavy body remains in the paper stock and material any finer drastically escalates in price.

\$15,000-\$25,000

## GOLD CERTIFICATES

5253

**Fr. 1173. 1922 \$10 Gold Certificate. PMG Gem Uncirculated 65 EPQ.** A pack fresh note which is displayed with all the traits collectors look for. Strong original paper, nice color, good centering and nice margins.

**\$800-\$1,200**

5254

**Fr. 1187. 1922 \$20 Gold Certificate. PMG Choice Uncirculated 64 EPQ.** This lovely Choice Uncirculated note borders ever so close to a Gem state with just a touch tight lower border being the limiting factor. Excellent embossing and originality throughout.

**\$1,250-\$1,750**

## Sensational 1922 \$100 Gold Certificate

PMG Gem Uncirculated 66EPQ

5256

**Fr. 1215. 1922 \$100 Gold Certificate. PMG Gem Uncirculated 66 EPQ.** This sensational piece is one which is seldom seen in any Uncirculated state of preservation. The note displays a precise impression of the powerful design with Benton left of center. Each intricate detail is contrasted in perfect fashion

with blast white paper. The gold overprints are bright and well embossed providing further visual pleasure. With such a small population of notes of this caliber, we will expect spirited bidding. PMG Pop. 5/1 finer.

\$30,000-\$40,000

5257

**Fr. 1215. 1922 \$100 Gold Certificate. PMG Choice Very Fine 35.** Deep gold overprints are seen on this lovely \$100 Gold Certificate. PMG comments “Good Color” and “Minor Thinning.” We are unsure where the “Minor Thinning” is, but its very minor if anything.

\$1,500-\$2,500

5258

**Fr. 1215. 1922 \$100 Gold Certificate. PCGS Currency Very Fine 30 Apparent. Spindle Hole near Center.** The seal on this \$100 Gold is very bold and the back is surprisingly bright as most of this type and grade fade a bit. PCGS Currency comments “Spindle Hole near Center.”

\$1,000-\$1,500

## Remarkable 1922 \$500 Gold Certificate

5259

**Fr. 1217. 1922 \$500 Gold Certificate. PMG About Uncirculated 55.** This is one of the finest we have handled for the catalog number and a new addition to the census. The note displays simply incredible appeal throughout with dark black inks making up the bordering design and bright gold tones at the under-printed details. Nicely margined for the type and seen with still evident embossing of the Treasury seal and serial numbers. A likely candidate for an EPQ designation if not for a scattering of pinholes at the left as PMG comments "Pinholes."

The important back design will surely impress as the vignette of an eagle clutching our nation's flag is seen in deep orange inks and with great clarity. Floral devices at the borders and the well-liked large Roman numeral "D" at left. It is nearly identical in eye appeal to the Joel R. Anderson example which was graded PCGS 53PPQ and realized \$108,000 in our August 2018 ANA auction. PMG 1/3 finer.

\$50,000-\$70,000

## Appealing 1922 \$500 Gold Certificate

5260

**Fr. 1217. 1922 \$500 Gold Certificate. PMG Very Fine 30.** Only even circulation is found on this well inked piece and it displays strong color for the gold protectors at upper center and for the serial numbers and no repairs or restorations of any kind. The important gold back design which is often faded on this type,

has its full, bright color, and the eye appeal of a higher grade. A remarkable opportunity to obtain of the more popular high denominations large size notes issued by the United States Government.

\$30,000-\$40,000

5261

**Fr. 1225g. 1900 \$10,000 Gold Certificate. PMG Very Fine 20 Net. Cancelled. Severed and Reattached, Repaired.** Just nine notes are reported for this scarce Parker-Burke signature combination, which includes this newly reported note. PMG comments "Cancelled, Severed and Reattached, Repaired," but this note is not punch cancelled which is extremely rare.

\$1,250-\$1,750

## FRACTIONAL CURRENCY

### FIRST ISSUE

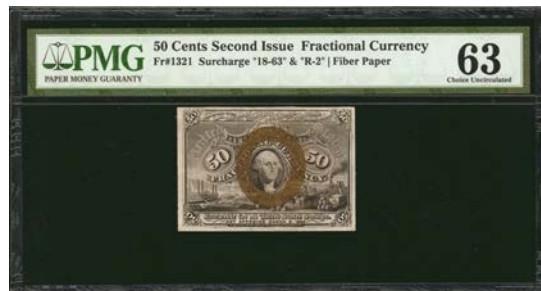

5262

**Fr. 1312. 50 Cent. First Issue. PMG Choice Uncirculated 64 Net. Repaired. Inverted Back Error.** An impressive, high grade example of this 50 Cent First Issue fractional that which the back was printed upside down. PMG comments "Repaired."

\$800-\$1,200

## SECOND ISSUE

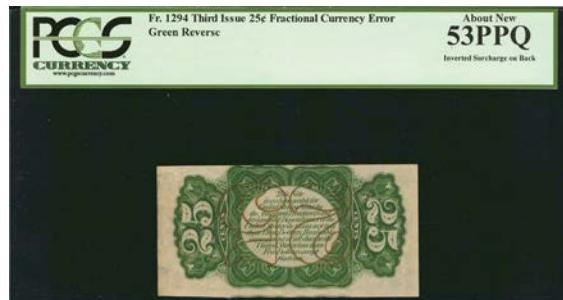

5263

**Fr. 1321. 50 Cents. Second Issue. PMG Choice Uncirculated 63.** This high-denomination, fiber paper note is the scarcest Friedberg number of this Second Issue type. It is only a smaller top margin from achieving a far better grade. The paper appears to be bright and display good color, with near-perfect centering of the bronze oval. A lovely fractional.

\$800-\$1,200

## THIRD ISSUE

5264

**Fr. 1294. 25 Cents. Third Issue. PCGS Currency About New 53 PPQ. Inverted Surcharge on Back.** Roughly a dozen pieces are known of this green back Fessenden note with inverted back surcharges. This is reasonably available by fractional invert standards, but this is certainly one of the couple-finest known. In our ANA sale last year, we sold a far inferior PCGS Very Fine 30, with the same error, for over \$1,000.

\$900-\$1,200

5265

**Fr. 1329. 50 Cent. Third Issue. PMG Choice Uncirculated 64 EPQ.** These Allison-Spinner hand-signed notes are easily ten times scarcer than their Fr. 1328 cousins with the Colby-Spinner signature combination. PMG comments that there is Exceptional Paper Quality, a fact that is clearly evident at a glance. Excellent centering and cavernous embossing validate the grade. This note is the second nicest Fr. 1329 we have sold. We sold an example from the Boyd collection which was a raw AU but still managed to sell shy of \$4,000 once the hammer fell.

\$800-\$1,200

5266

**Fr. 1337. 50 Cents. Third Issue. PMG Choice Uncirculated 64.** Green back Spinner note with "1" position indicator and surcharges on the back. Top caliber pieces only seem to sell at auction when major collections are sold. Nearly Top Pop at PMG with a single Gem 65 EPQ better. That note sold several years ago for an average price of around \$2,500. This is such an underrated variety in AU and CU grades. Its Fr. 1338 sheet mate is hardly scarcer but would be worth a few thousand in this grade. A superior note.

\$800-\$1,200

5268

**Fr. 1368. 50 Cents. Third Issue. PMG Choice Uncirculated 63 EPQ.** A very challenging green back Justice with widely-spaced surcharges and "1" on face position indicator. Always an underrated number in your cataloger's opinion but especially so at this grade level. Somewhat available even in Choice AU condition but not so at the uncirculated grade levels. The two services have combined to have graded ten CU pieces. A hidden gem.

\$800-\$1,200

**FOURTH ISSUE****5269**

**Fr. 1302. 25 Cents. Fourth Issue. PMG Gem Uncirculated 66 EPQ.** This unwatermarked Fourth Issue Washington fractional is easily the rarest of the four varieties of this type, particularly at this lofty grade level. Both PMG and PCGS have graded roughly 225 examples with few equals and only three finer. These always approach the four-figure mark in this grade.

**\$900-\$1,200****FIFTH ISSUE****5270**

**Pack of (20) Fr. 1309. 25 Cents. Fifth Issue. PMG Encapsulated.** An impressive offering of this 25 Cent design in an original bundle of \$5 comprising (20) notes. An original band is included. A rare opportunity as these packs are becoming more and more scarce as they are often broken up for the sum of their parts. Recent auction results have shown full packs of Fifth Issue notes to be worth a few thousand dollars.

**\$2,000-\$3,000**

## MILITARY PAYMENT CERTIFICATES

## Newly Discovered Series 701 \$5 Replacement Note

### Monumental MPC Rarity

5271

**Military Payment Certificate, Series 701, \$5 Replacement Note.** PMG Choice Uncirculated 63. Portrait of Thomas Edison at right. At left is a variation of the vignette Franklin and Electricity. An early light bulb "illuminates" the center of the note. A striking depiction of Mount Rainier is found on the verso. Most importantly, serial number F00592211 graces the face of the note at top left and bottom right. The absence of the suffix letter signifies that this choice five is a replacement note. To our knowledge this is the first confirmed example of a Series 701 Replacement note of any denomination.

At the time that Series 701 was printed at the Bureau of Engraving and Printing, Army finance officials had planned that it would replace Series 692 in Vietnam. Between the time that Series 701 was ordered and delivered, the restrictions on the use of coins in Vietnam had been lifted and fractional MPC quickly disappeared from circulation because the troops hated the small denominations. The Army then scrapped plans to issue the Series 701 notes altogether. The US Army had held the entire production of the series until 1991 when the US Treasury demonetized the series. It has long been believed that all of the fractional denominations and all replacement notes had been destroyed. This assumption has been supported up until

now with no appearances of non-specimen notes below the \$1 denomination and a complete absence of any replacement notes for the series. Some circulating examples of the \$1, \$5, \$10 and \$20 denominations escaped destruction and have been known to collectors for more than 20 years now. However, no Replacement notes from this series have ever surfaced until now.

This example is broadly margined and completely crisp. The colorful inks are all printed in great detail. This example has two punch hole cancellations at the left end, likely a form of cancellation or possibly for internal display usage by the Army or Treasury Department. PMG mentioned "Punch Holes" on the back of the holder and we assume that is why they have elected not to assign an EPQ designation though in our opinion the paper is wholly original and free of any impairment.

This is certainly one of the most exciting discoveries in the field of MPC in recent memory. It is hard to ascertain a proper estimate for an item that was believed to be non-existent until just recently but we suspect somewhere in the range below is a safe start.

**\$10,000-\$15,000**

**SMALL SIZE****LEGAL TENDER NOTES**

5272

**Fr. 1508★. 1928G \$2 Legal Tender Star Note. PMG Gem Uncirculated 65 EPQ.** A sharply printed and well margined Clark-Snyder signed \$2 Legal Tender replacement note. Original serial number embossing is observed on this high-end Gem example. In our Fall Baltimore sale, we sold another PMG Gem Unc 65 EPQ for just under \$800.

\$800-\$1,200

5273

**Fr. 1531Wi★. 1928F \$5 Legal Tender Wide Star Note. PMG Gem Uncirculated 66 EPQ.** A very challenging star in this state of preservation. \$1,000-\$1,500

5274

**Fr. 1551. 1966A \$100 Legal Tender Note. PMG Gem Uncirculated 66 EPQ.** Excellent centering and bold plate embossing are displayed by this Gem \$100 Legal.

\$1,250-\$1,750

**SILVER CERTIFICATES**

5275

**Fr. 1605. 1928E \$1 Silver Certificate. PCGS Currency Choice New 63 PPQ.** The F-B block notes began with serial number F72000001B, making this the 321st note printed. Bright and well margined with great color and bold embossing. While it might not seem like much to normal thinking people, fancy serial number collectors may be quite intrigued by mini descending ladder F72000321B.

\$1,250-\$1,750

5276

**Fr. 1607exp. 1935 \$1 Silver Certificate. PMG Gem Uncirculated 66 EPQ. Experimental.** A lovely high grade example of this scarce experimental A-B block \$1 Silver Certificate. According to PMG population report, just 10 notes have achieved this grade, with just three finer.

\$800-\$1,200

5277

**Lot of (2) 1935A "S" & "R" Experimental \$1 Silver Certificates. Fr. 1609 & 1610.** PMG Gem Uncirculated 65 EPQ. A perfectly matched pair of these desirable Experimental notes with the "R" note representing the normal paper and the "S," special paper. Both with nice centering and fully original paper throughout. In our Fall Baltimore sale, we sold a PMG 64EPQ/66EPQ pair for over \$1,000.

\$1,000-\$1,500

5278

**Lot of (2) 1935A "R" & "S" \$1 Silver Certificates. Fr. 1609 & 1610.** PCGS Currency Very Choice New 64 PPQ. Another perfectly matched pair of Experimental notes with the "R" note representing the normal paper and the "S" note representing special paper.

## 1933 \$10 Silver Certificate “King of Small Size”

Serial Number A00000999A

5279

**Fr. 1700. 1933 \$10 Silver Certificate. PMG Gem Uncirculated 65 EPQ.** This note needs no introduction as virtually every dedicated small size collector aspires to eventually own one. The present example is near the top of the PMG Condition Census, with just seven others at this grade level and five finer. Both the

face and the back are well printed and bright. The low three-digit serial number of A00000999A adds appeal. Here indeed is a great opportunity to acquire a landmark among small size notes.

\$30,000-\$40,000

## FEDERAL RESERVE BANK NOTES

5280

**Fr. 1860-G. 1929 \$10 Federal Reserve Bank Note. Chicago. PCGS Currency Very Choice New 64 PPQ. Low Serial Number.** A common note but with a really low serial number G00000014A. Serial number G00000015A was part of Big Jim Thompson's collection and it was graded a point less than this evening's offering. Bob Moon's serial number G00000002A example graded PCGS Choice New 63PPQ and that realized \$2,000 over a decade ago in a far inferior market.

\$900-\$1,200

## FEDERAL RESERVE NOTES

5281

**Fr. 1950-L. 1928 \$5 Federal Reserve Note. San Francisco. PMG Choice Uncirculated 64 EPQ. Low Serial Number.** According to Track and Price, this is the fourth lowest serial number for this Friedberg number. We sold this same note for \$1,140 in our ANA sale last summer.

\$1,000-\$1,500

5282

**Fr. 1959-HW★. 1934C \$5 Federal Reserve Wide Star Note. St. Louis. PMG Superb Gem Uncirculated 67 EPQ.** A significant small-size replacement offering that is currently one of just two graded at this level by PMG with none finer. A bold impression of both the primary design and overprints is mentioned and the centering supports the Gem grade assigned.

\$2,000-\$3,000

5283

**Fr. 2008-BW★. 1934C \$10 Federal Reserve Wide Star Note. New York. PMG Superb Gem Uncirculated 67 EPQ.** A superb example of this top pop \$10 Federal Reserve Star from the New York District. It is seen with near perfect centering, embossing, and excellent eye appeal. It sits atop the PMG pop report with no equals. PMG Pop 1/ none finer.

\$2,000-\$3,000

5284

**Fr. 2054-Adgsm★. 1934 \$20 Federal Reserve Mule Star Note. Boston. PMG Superb Gem Uncirculated 67 EPQ.** One of the most technically pleasing replacements we have handled for this 1934 \$20 denomination and seen here bordering on perfection. The note enjoys robust margins and a terrifically well centered impression. Strong original paper throughout and the finest graded by PMG. PMG Pop 1/ none finer.

\$2,000-\$3,000

## Newly Discovered 1928 \$50 Minneapolis Star

### Only the Fourth Confirmed Example - Finest Known

5285

**Fr. 2100-I★. 1928 \$50 Federal Reserve Star Note. Minneapolis.** PMG About Uncirculated 50. Low Serial Number. This extraordinary discovery 1928 \$50 Star from the Minneapolis district makes it just the fourth confirmed, and the finest known to the collecting community. Just 24,000 notes were issued. Any

estimate here is purely speculation, as no comparable example has ever crossed the market place, but if rarity, condition and demand are any guide, our estimate may well turn out to be conservative.

\$8,000-\$12,000

5286

**Fr. 2116-K★. 1969B \$50 Federal Reserve Star Note. Dallas.** PMG Choice Uncirculated 64 EPQ. The 1969B series \$50 notes saw a very limited production with not even all districts issuing notes. The Dallas district was the only one to issue replacement notes and locating any examples is difficult, let alone in lofty Uncirculated grades such as this stunning example. Original paper teams with nice centering to help justify the assigned grade from PMG.

\$2,500-\$3,500

5287

**Fr. 2201-Dlgs. 1934 \$500 Federal Reserve Note. Cleveland.** PMG Choice Uncirculated 63 EPQ. This note is consecutive to the following lot. It is seen with a slightly tight bottom margin. Well embossed serial numbers and seal are observed.

\$2,000-\$3,000

5288

**Fr. 2201-Dlgs. 1934 \$500 Federal Reserve Note. Cleveland.** PMG Choice Uncirculated 63. This light green seal \$500 is the first of a consecutive pair. It displays excellent centering, and bold overprints.

\$2,000-\$3,000

## Finest Known 1934 Richmond Light Green Seal \$500

5289

**Fr. 2201-Elgs. 1934 \$500 Federal Reserve Note. Richmond.** PCGS Currency Gem New 65 PPQ. In addition to being breathtakingly rare, this magnificent Gem Richmond \$500's credentials include marvelous originality, superb embossing, & dazzling colors. There are only three gems known for the Richmond district; all 65s, with a single 65EPQ graded by PMG & two 65PPQs graded by PCGS. None of the three have ever been sold at public auction. As can be seen on the holder, this gorgeous note has provenance to the fabulous Stradivarius \$500

LGS Gem Collection, a good portion of which we sold in our February 2019 Baltimore Sale. One need not look any further than that sale for auction estimates on this Richmond Gem, as we sold four other finest known \$500 LGS, just like this one, all from the Stradivarius Collection, & all either 65EPQ OR 65PPQ, for prices ranging from \$21,000 to \$33,000. We expect this example to perform just as well.

\$20,000-\$30,000

5290

**Fr. 2201-Gdgs★. 1934 \$500 Federal Reserve Star Note. Chicago.** PMG Choice Very Fine 35. This \$500 star from the Chicago district is seen with good eye appeal. PMG comments "Small Tears."

\$5,000-\$7,000

5291

**Fr. 2202m-G. 1934A \$500 Federal Reserve Mule Note. Chicago.** PCGS Currency About New 53 Apparent. Minor Stains. This well centered \$500 is seen with some minor staining on the front.

\$1,000-\$1,500

# The Only Gem 1934 Light Green Seal Cleveland \$1000 Known

5292

**Fr. 2211-Dlgs. 1934 \$1000 Federal Reserve Note. Cleveland.** PMG Gem Uncirculated 65 EPQ. The print run of 1934 \$1000 Federal Reserve Notes for all 12 districts totaled about one million notes, the majority of which were of the Dark Green Seal variety. Light Green Seal \$1000's comprised only a tiny fraction of the total printing, & today 1934 Gem Light Green Seal \$1000's are great rarities.

Population data from the two currency grading services confirms just how rare Gem 1934 LGS \$1000's are, as PCGS & PMG over the last decade & a half have graded only 32 Gem 1934 LGS 1000's. Three districts - New York, Philadelphia & Kansas City - are so rare they have no Gems at all. Boston accounts for a third of all 1934 LGS \$1000 Gems with 11 Gems known, followed by Atlanta with 5, San Francisco with 4 & Minneapolis with

3. Richmond, Chicago, St Louis, & Dallas districts have just 2 gems each, while the rarest district is Cleveland with only 1 gem graded, & it is the very note in our auction tonight! Strikingly original & brimming with eye appeal, our 1934 Gem Cleveland LGS \$1000 ticks every box for even the most fastidious buyer & is simply gorgeous!

In an April 2015 auction, a Finest Known 2211-E \$1000 LGS gem fetched \$47,000, establishing a new record for small size thousands. In our August 2018 ANA Sale, a Finest Known 2211-I \$1000 LGS Gem realized \$57,600, topping the former record set in 2015. We expect a mid five-figure realization tonight & would not be surprised if yet another record realization was achieved.

**\$35,000-\$45,000**

5293

**Fr. 2211-Ilg. 1934 \$1000 Federal Reserve Note. Minneapolis.** PMG Choice Uncirculated 63. An important opportunity for this Minneapolis district high denomination, as high denomination notes from this district are seldom available in Uncirculated grade levels. Seen with a light green seal on bright paper.

\$4,000-\$6,000

5294

**Fr. 2211-Jdgsm. 1934 \$1000 Federal Reserve Mule Note. Kansas City.** PMG About Uncirculated 55. An attractive offering of this dark green seal mule note. Pleasing embossing stands out through the third party holder. PMG comments "Stamp Ink."

\$2,000-\$3,000

5295

**Fr. 2212-D. 1934A \$1000 Federal Reserve Note. Cleveland.** PMG Choice Uncirculated 64. This is the first of a impressive run of seven consecutive notes from the Cleveland district. This piece flirts with a Gem designation as the paper is fresh and original and the centering well above average. A more difficult district in higher grades with PMG certifying only two notes finer. PMG Pop 7/15 finer.

\$3,000-\$4,000

5296

**Fr. 2212-D. 1934A \$1000 Federal Reserve Note. Cleveland.** PMG Choice Uncirculated 64. The second, and seen with excellent centering and embossing. Like the first, we are unsure why this note did not receive the EPQ designation by PMG. PMG Pop 7/15 finer.

\$3,500-\$4,500

5297

**Fr. 2212-D. 1934A \$1000 Federal Reserve Note. Cleveland.** PMG Choice Uncirculated 64 EPQ. The third \$1000 from this impressive run. This note achieved the EPQ designation.

\$4,000-\$6,000

5298

**Fr. 2212-D. 1934A \$1000 Federal Reserve Note. Cleveland.** PMG Gem Uncirculated 65 EPQ. This is the fourth note in this consecutive run, and the first of four Gems that will follow. Surprisingly, these are the only 65EPQ PMG has graded with just 2 finer. PMG Pop 4/2 finer.

\$6,000-\$8,000

5299

**Fr. 2212-D. 1934A \$1000 Federal Reserve Note. Cleveland. PMG Gem Uncirculated 65 EPQ.** The fifth note in this consecutive run of \$1000's. A solid Gem with excellent embossing and centering.

\$6,000-\$8,000

5301

**Fr. 2212-D. 1934A \$1000 Federal Reserve Note. Cleveland. PMG Gem Uncirculated 65 EPQ.** The last of this impressive seven note run. This is also the last of the four Gems. Pack fresh with excellent embossing and centering.

\$6,000-\$8,000

5300

**Fr. 2212-D. 1934A \$1000 Federal Reserve Note. Cleveland. PMG Gem Uncirculated 65 EPQ.** The sixth note and just as nice as the previous Gem.

\$6,000-\$8,000

## Finest Graded by PMG-Choice Uncirculated 64EPQ

5302

**Fr. 2212-Em. 1934A \$1000 Federal Reserve Mule Note. Richmond. PMG Choice Uncirculated 64 EPQ.** An important high-grade \$1000 Mule Richmond note, which is one of the most difficult districts to obtain from the 1934A series. This

note sits atop the PMG population report with no equals. PMG Pop 1/none finer.

**\$6,000-\$8,000**

5303

**Fr. 2212-J. 1934A \$1000 Federal Reserve Note. Kansas City. PMG About Uncirculated 53.** Bright inks and mostly even wear are seen on this always attractive About Uncirculated high denomination note.

**\$2,000-\$3,000**

## Stunning 1934 \$5000 Federal Reserve Note - Dallas

5304

**Fr. 2221-K. 1934 \$5000 Federal Reserve Note. Dallas. PMG Choice Uncirculated 63.** This magnificent Dallas District Federal Reserve Note is one of the most important ultra-high denomination notes we have ever offered. It's striking Choice Uncirculated state of preservation borders on a full Gem state. A portrait of our nation's fourth President, James Madison, graces the center of the note with robust 5000 counters at all corners. Treasury records indicate just 2,400 notes were printed on this series and district, and our records indicate just 23

are known today, including this previously undocumented example. The note bears the serial number K00000071A. The present example shows with excellent embossing of the seals and serial numbers, as well as large even margins. It appears that some heavy teller handling at right has kept this Gem appearing note from receiving the coveted EPQ designation from PMG. Regardless of technical grade, this is one of the nicest \$5000's we have ever offered. PMG Pop 2/5 finer.

\$150,000-\$250,000

## Newly Discovered Uncirculated 1934 \$10,000 Federal Reserve Note - Dallas

5305

**Fr. 2231-K. 1934 \$10,000 Federal Reserve Note. Dallas. PMG Choice Uncirculated 63.** These \$10,000 Federal Reserve Notes are one of the most coveted pieces of collectible United States currency as the incredibly high face value was an astonishing amount of money during these notes circulation period. According to our research there is an estimated (11) 1928 \$10,000 & (215) 1934 \$10,000 Federal Reserve Notes known in all grades and districts combined.

A prominent face design depicts a portrait vignette of Salmon Chase, the Secretary of the Treasury during the Civil War. Arched "10,000" counters, upper left and right with "THE

UNITED STATES OF AMERICA," between. Laurel leaves seen at left and right frame and also flanking the portrait. A simple year powerful back styling shows with four "10,000" counters at the corners and large stylized "10,000" center with "THE UNITED STATES OF AMERICA, TEN THOUSAND DOLLARS." The quality of this ultra-high denomination note is quite striking at all technical facets. Vividly overprinted serial numbers and treasury seal further the appeal. Overall, one of the nicest \$10,000 we have ever had the pleasure of offering. PMG Pop 1/2 finer.

\$175,000-\$275,000

**NORTH AFRICA EMERGENCY NOTES**

5306

**Fr. 2306★. 1935A \$1 North Africa Emergency Star Note. PCGS Currency Gem New 66 PPQ.** This note is one which will surely be among the highlights for our Small Size selection of banknotes. It is a highly regarded replacement and quite scarce in any Uncirculated form. Truly a staple note in any advanced collection of replacements.

\$4,000-\$6,000

5307

**Fr. 2308m. 1934 \$10 North Africa Emergency Mule Note. PCGS Currency Very Fine 35.** Like most of these scarce 1934 mules, this example is from the A-A block and has face plate number 126. A group of these were dispersed by Harry Forman in the 1960s and have been supplying the market for decades. We last sold this same note as part of the Watermelon collection for about \$2,500 in our 2013 Fall Baltimore sale. A couple of months ago we saw a PMG Very Fine 35 EPQ sell for well over \$4,000.

\$2,500-\$3,500

**GOLD CERTIFICATES**

5308

**Fr. 2400. 1928 \$10 Gold Certificate. PCGS Currency Very Choice New 64 PPQ.** A broadly margined gold certificate that has strictly original paper, great color, and good centering. We routinely sell these at this grade level in the upper hundreds of dollars.

\$800-\$1,200

## Breathtaking 1928 \$1000 Gold Certificate

5309

**Fr. 2408. 1928 \$1000 Gold Certificate. PCGS Currency Gem New 65 PPQ.** On April 5, 1933, Franklin Delano Roosevelt issued Presidential Executive Order 6102 which required all citizens to deliver all gold coins, gold bullion & gold certificates to a Federal Reserve Bank or member bank of the Federal Reserve System by May 1, 1933 or face a fine &/or imprisonment. The new series of small size gold certs in \$10, \$20, \$50, \$100, \$500, & \$1000 denominations issued in 1928 had only just made their debut & were still mostly in the possession of the Federal Reserve & its member banks, so when FDR's Order 6102 was issued, the vast majority of 1928 gold certificates were withdrawn & destroyed. Today, all Gem small size 1928 gold certs are rare, but Gem \$1000s are virtually unknown. PMG & PCGS have graded about 100 1928 \$1000 Gold Certificates in all grades to-date. About half of these are graded 35 or less, & of the remaining

notes, less than 15% have received the EPQ/PPQ designation. As far as gems go, PMG has not graded any 1928 \$1000 gold certificates higher than a 64, while PCGS has graded just three: a 66PPQ & two 65PPQs. All three of the PCGS Gem specimens were acquired by private treaty, have been in the census for a decade or more & have never been sold at public auction.

The Gem 1928 \$1000 Gold we are selling is a chance survivor in a spectacular state of preservation with awe-inspiring originality, dazzling color, & riveting eye appeal. The value of all rare, irreplaceable collectibles, whether a Duesenberg SJ motorcar, a Rembrandt oil painting, or the magnificent \$1000 Gold Certificate on offer tonight, is determined by savvy collectors who want only the very best & through the privilege of wealth, get it.

## ERROR NOTES

### MISSING THIRD PRINTING

#### Missing “HAWAII” Overprint

5310

Fr. 2303. 1934A \$10 Hawaii Emergency Note. PMG Very Fine

30. Missing Overprint Error. A spectacular error note, with this example missing the “HAWAII” overprint on the back. This

is one of just a handful known and the finest to our knowledge.

\$4,000-\$6,000

## DOUBLED FACE PRINTING

## Extreme Double Print Error \$5

5311

**Fr. 1975-K. 1977A \$5 Federal Reserve Note. Dallas. PMG Choice Uncirculated 63 EPQ. Doubled Print Error.** This additional face printing error is the most dramatic we have handled and shows the broadest gap we have seen on the Standard type. The impressions are far enough apart the portrait of Washington at center is clearly observed with four eyes. Seen with two different face plate numbers of B47 and F49 indicating

a multi-plate cylinder was used during production. With the doubling the note appears out of focus to the human eye which creates a bit of a strain if directly observed for too lengthy a time as the design is one so well etched in our memories. One of the most coveted error types and certainly not offered nearly enough to satisfy collector demand.

\$4,000-\$6,000

## OBSTRUCTION ERRORS

5312

**Fr. 2402. 1928 \$20 Gold Certificate. PMG Extremely Fine 40. Obstructed Print Error.** Any and all errors on Gold Certificates are rare and this example is tremendous in every way. This \$20 is found with an obstruction error. An obstruction during the third printing resulted in the entire gold seal and most of the serial number, save for a full letter and number and a partial letter, missing on the left end of the note.

\$1,000-\$1,500

## INKING ERRORS

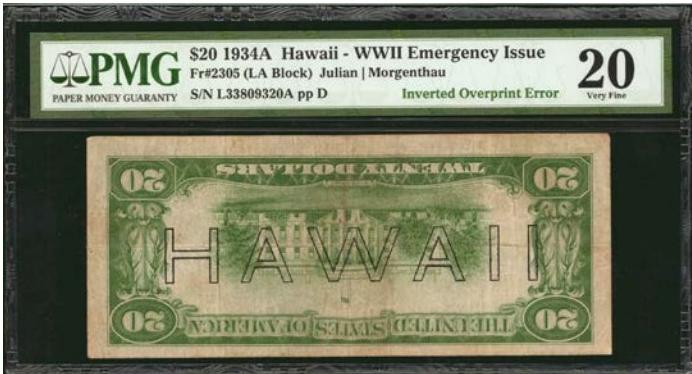

5313

**Fr. 2173-I. 1990 \$100 Federal Reserve Note. Minneapolis. PMG Gem Uncirculated 65 EPQ. Insufficient Inking Error.** An impressive piece which is missing the magnetic inking on the face of the note. This Gem note displays bright and near pack fresh paper quality.

\$800-\$1,200

## INVERTED THIRD PRINTINGS

### Extremely Rare Inverted “HAWAII” Overprint

5314

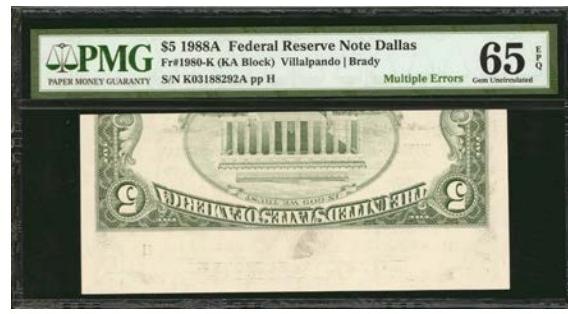

**Fr. 2305. 1934A \$20 Hawaii Emergency Note. PMG Very Fine 20. Inverted Overprint Error.** A dramatic and rare error with the “HAWAII” overprint on the back inverted, one of the great error notes in the Hawaii series and even in all of U.S. currency collecting. The note itself is attractive, with only

average problem free circulation noticed. A novice collector would notice this note's desirability, and advanced collectors will readily appreciate it even more.

\$10,000-\$15,000

## INVERTED REVERSES

5315

**Fr. 1926-A. 2001 \$1 Federal Reserve Note. Boston. PMG Gem Uncirculated 65 EPQ. Inverted Back Error.** A visually appealing error note which shows with the back design inverted and significantly misaligned as well.

\$1,250-\$1,750

5316

**Fr. 1980-K. 1988A \$5 Federal Reserve Note. Dallas. PMG Gem Uncirculated 65 EPQ. Inverted Back Error, Partial Wet Ink Transfer.** A visually appealing error note which shows with the back design inverted and significantly misaligned as well. Partial bank to front offset is also noted by PMG. Great centering of the correct face design and original paper. Multiple errors of this magnitude are seldom seen, and when offered, usually bring considerably money.

\$2,500-\$3,500

## Inverted Back \$10 Star

5317

**Fr. 2009-B★. 1934D \$10 Federal Reserve Star Note. New York. PMG Very Fine 25. Inverted Back Error.** This is the first \$10 inverted back star we have ever handled. We know of only a

small handful for the 1934 series. This note is lightly circulated and incredibly attractive for the grade.

\$4,000-\$6,000

## THIRD PRINTING ON REVERSE

5318

**Fr. 1936-F. 1995 \$2 Federal Reserve Note. Atlanta. PMG Gem Uncirculated 66 EPQ. Overprint on Back Error.** Ample margins are found on this 1995 \$2, and is seen with the overprint erroneously printed on the reverse of the note. This was caused by the sheet of currency being fed into the printing machine backwards. An error seldom seen on this denomination.

\$3,000-\$4,000

5319

**Fr. 2121-B. 1981A \$50 Federal Reserve Note. New York. PMG Gem Uncirculated 65 EPQ. Overprint on Back Error.** The third printing is observed printed on the reverse of this attractive and ample margined Fifty.

\$800-\$1,200

## FOLDOVERS

5320

**Lot of (2) 1981A \$5 Federal Reserve Notes. Fr. 1977-I. Minneapolis.** PMG Choice Uncirculated 63 EPQ & 64 EPQ. Printed Fold Over & Offset Printing Error. This remarkable consecutive pair of 1981A \$5 Federal Reserve notes has two completely different errors, but are also both related. The top note features a rather large fold over, causing a portion of the left serial number and district seal to print on the back. This error causing the remaining portion that printed on the plate to offset on the subsequent notes. While these notes separately are not incredibly rare, they most certainly are when paired together.

\$1,250-\$1,750

5321

**Fr. 2188-D. 2013 \$100 Federal Reserve Note. Cleveland.** PMG Gem Uncirculated 66 EPQ. Fold Over Error. A neat error is seen on this new \$100 series. A portion of the sheet was folded prior to cutting, which resulted in the excess selvage seen on the fold, along with a cutting error.

\$800-\$1,200

## MISMATCHED SERIAL NUMBERS

5322

**Fr. 1962-B. 1950A \$5 Federal Reserve Note. New York.** PCGS Currency Choice New 63 PPQ. Mismatched Serial Numbers. A wonderful high grade example of a this seldom offered digit mismatch serial number B59707844C/B59707700C 1950A \$5.

\$800-\$1,200

5323

**Fr. 2014-E★. 1950D \$10 Federal Reserve Star Note. Richmond.** PMG Very Fine 25. Mismatched Serial Numbers. An attractive, circulated example of this \$10 mismatch star note. Serial Number E111004018/E11100401★.

\$800-\$1,200

## MAJOR ERRORS

## Highly Dramatic 1976 \$2 Double Overprint Error

5324

**Fr. 1935-D. 1976 \$2 Federal Reserve Note. Cleveland. PMG Gem Uncirculated 65 EPQ. Multiple Printing Errors.** An item which typically will highlight any error collection it enters as these Two Dollar pieces with an additional overprint are considered the most dramatic of currency errors. Nearly the entire population was located in the early eighties and a few more than a dozen are believed to be known today. The additional

overprint is located about 4mm higher than the intended one and shows nicely embossed into the original paper. Vivid inks make up the verso vignette of the signing of our Declaration of Independence. This is just the second example of this error we have ever offered, and also the finest.

\$17,500-\$27,500

**MISCELLANEOUS ERRORS**

5325

**Fr. 2187-A★. 2009-A \$100 Federal Reserve Star Note. Boston.** PCGS Currency Very Fine 35. Cutting Error. An impressive colorized \$100 Federal Reserve Star Note that shows a fairly dramatic cutting error. Truly a statistical rarity as the error rate is compounded by this note intended to replace a faulty printing.

\$800-\$1,200

**ERROR GROUP LOTS**

5326

**Lot of (10) 1999 \$10 Federal Reserve Notes. Fr. 2033-A. Boston.** About Uncirculated/Uncirculated. Annotations. Cutting Errors. This lot of ten cutting error notes are in About Uncirculated condition to Uncirculated, with annotations noticed on the lower right corners on all of the notes. The top margins of all of the notes have been cut off.

\$1,000-\$1,500

## NATIONAL BANK NOTES

## PROOFS &amp; SPECIMENS

## ALASKA

5327

**1882 \$5 Brown Back National Currency State Shields. PA, NJ, VA & NC. PMG Choice Uncirculated 63.** Hessler-Unlisted. No plate letter. Printed on India paper, mounted on wide margin paper. Very unusual layout, as this is a partial progress proof of the back of four 1882 \$5 Brown Backs. The states' shields included are Pennsylvania, New Jersey, Virginia and North Carolina. Also, in the lot is a single die proof of the New Jersey state shield. All in impeccable condition and the first we have ever seen.

\$800-\$1,200

## Scarce Ketchikan Alaska \$5

5328

**Ketchikan, Alaska. \$5 1929 Ty. 1. Fr. 1800-1. The First NB. Charter #12578. PMG Very Fine 25.** An always significant offering on Alaska as any note from the state, regardless of the charter, is highly scarce to rare. This First National Bank of Ketchikan issued just small-size notes and the current Track and Price census shows a mere 35 pieces recorded, this serial being previously unrecorded. Problem free mid-grade examples such as this Very Fine note are seldom seen. The majority of known pieces are Fine or less in quality. Nicely centered face and back impressions are noted and mostly even circulation keeps the appeal high for the grade.

\$7,000-\$9,000

## ARIZONA

5329

Mesa, Arizona. \$10 1929 Ty. 1. Fr. 1801-1. The First NB. Charter #11130. PMG Very Fine 30. The First National Bank was the sole issuing bank from this Maricopa County town. While recent auction results have shown a number of overgraded low end Very Fines, this is a legitimate VF/EF note that is clearly original and exceptional.

\$1,250-\$1,750

## CALIFORNIA

5330

Bellflower, California. \$5 1929 Ty. 1. Fr. 1800-1. The First NB. Charter #12328. PMG Very Fine 25 EPQ. A scarce Southern California rarity, as this newly discovered note represents just one of six small for the bank. Completely original paper surfaces attest to PMG's EPQ designation. This is the first of any large or small that we have ever offered.

\$1,500-\$2,500

## Superb Beverly Hills \$10 Plain Back

5331

Beverly Hills, California. \$10 1902 Plain Back. Fr. 635. The Liberty NB. Charter #12909. PMG Very Fine 25. Beverly Hills had two issuing financial institution, this example is from the scarcer bank which has just six large reported to the current census. The bank was only in business for less than 18 months,

failing in August of 1927. This example is by far the finest of the six known. Bold signatures and massive boardwalk margins are welcomed. This note, last sold in 2012 at auction, for \$8,800.

\$7,000-\$9,000

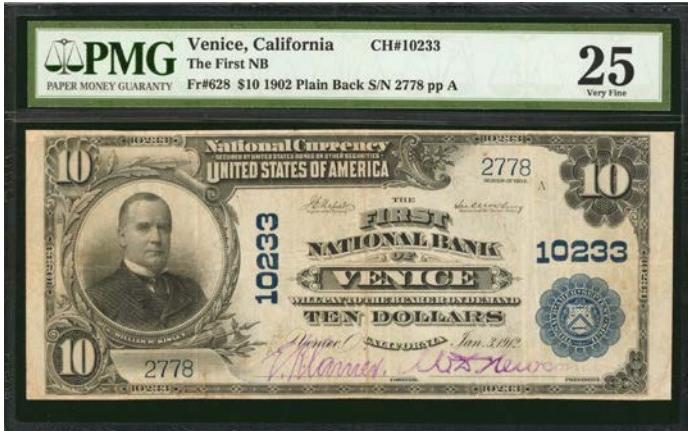

5332

**Los Angeles, California. \$10 1929 Ty. 2. Fr. 1801-2. The Citizens National Trust & Savings Bank. Charter #5927. PMG Gem Uncirculated 66 EPQ.** While over 200 small size examples are known according to Track & Price, this is the only reported graded Gem

example. Jumbo margins, and superb embossing are seen. Type 2 \$10's are rather scarce in this grade.

\$800-\$1,200

## Rare Large Size Venice, CA \$10 One of Just Four Known

5333

**Venice, California. \$10 1902 Plain Back. Fr. 628. The First NB. Charter #10233. PMG Very Fine 25.** Southern California collectors will be excited to get a chance at another Venice blue seal. The reported grades range of the four reported are from Fine 15 to Very Fine 30. Venice was only founded in 1905 and by 1926 it had joined to become part of the city of Los Angeles. It was originally built as a tourist attraction and weekend destination for the residents of Los Angeles. The town population increased from 10,000 to 150,000 people. Just one national bank was needed to serve the financial needs of the full-time population. The bank issued less than 3,500 sheets of

large size notes. Many banks with similar issuances are not so lucky to have four attractive survivors available to collectors. PMG comments "Minor Repair" which appears to be so minor, and well executed that we cannot detect it through the holder. This example is considerably nicer than the other two we have offered in recent years. The purple signatures are deep and the overall eye appeal is very pleasing. While this note last sold in 2010 for nearly \$30,000, a figure that is unlikely to be obtainable, we would not be surprised if it brought towards our higher estimated range.

\$10,000-\$15,000

## COLORADO

5334

**Uncut Sheet of (6) Durango, Colorado. \$10 1929 Ty. 2. Fr. 1801-2. The Burns NB. Charter #9797. PMG Choice Uncirculated 63 EPQ.** Uncut sheets of National Currency are always becoming more scarce every year as they often are cut up for the sum of their individual parts. A very welcomed new addition to the census for this popular La Plata County bank. It is not only the only uncut sheet known on the bank, but it is also the only serial number 1 as well, small or large. Serial Number 1 uncut sheets from Colorado are fairly scarce, with just 16 examples reported, which includes this new addition. The sheet is of remarkable quality with just a minor corner tip folds, handling, and deeply embossed inks throughout.

\$3,000-\$5,000

5335

**Englewood, Colorado. \$5 1902 Plain Back. Fr. 601. The First NB. Charter #9907. PMG Very Fine 30.** Just nine large size notes are known to survive on this scarcer Arapahoe County bank, the only issuing institution in Englewood. Just \$1830 was estimated to remain outstanding. The note is seen with excellent colors, bold signatures, and nice eye appeal. Most likely the finest on the bank.

\$2,500-\$3,500

## ILLINOIS

## Douglass National Bank of Chicago Uncut Sheet

5336

**Uncut Sheet of (4) Chicago, Illinois. \$5 1902 Plain Back. Fr. 608. The Douglass NB. Charter #12227. PMG Choice Uncirculated 63 EPQ.** A visually stunning uncut sheet of these Cook County notes from Chicago, Illinois. Perfectly clear inks throughout with vivid, and colorful stamped signatures. Deeply embossed overprints and free from circulation. This bank was just one of two African-American owned national banks during the National Bank Note Era. An important item which would be a great addition to any collection.

\$6,000-\$8,000

5337

**Chicago, Illinois. \$50 1929 Ty. 2. Fr. 1803-2. The Live Stock NB. Charter #13674. PMG Choice Very Fine 35.** This bright and well centered \$50 faces up a full grade higher. Type 2 \$50's are seldom seen in high grades.

\$800-\$1,200

5338

Witt, Illinois. \$20 1902 Plain Back. Fr. 654. The Witt NB. Charter #10264. PMG Very Fine 20. This is the first auction appearance in just under 19 years for this large size only issuing Montgomery County bank. Excellent signatures are noted along with overall pleasing eye appeal. A perfect representation of the charter and one that will please any collector searching for this scarce bank.

\$2,000-\$3,000

**IOWA**

5339

Uncut Sheet of (3) Clinton, Iowa. \$5 1929 Ty. 2. Fr. 1800-2. The Clinton NB. Charter #994. Uncirculated. Three notes uncut from the middle of a sheet. Serial numbers A000003, A000004, A000005. Inspectors penciled initials are seen on the bottom note. Aside from a pair of pinholes seen on the last note, this uncut trio is seen with excellent paper quality and eye appeal.

\$1,000-\$1,500

5340

Logan, Iowa. \$5 1902 Date Back. Fr. 590. The First NB. Charter #6771. PMG Very Fine 25. Serial Number 1. This is the only reported serial number 1 note from this Harrison County bank. Bold Penned signatures of the officers are seen on this overall pleasing \$5 Date Back.

\$2,000-\$3,000

## Newly Discovered and Only Known First Charter for Sioux City

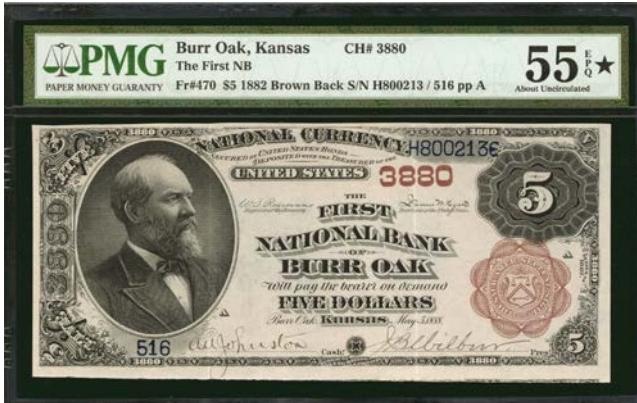

5341

Sioux City, Iowa. \$10 1875. Fr. 416. The First NB. Charter #1757. PMG Choice Fine 15. The First National Bank of Sioux City nationalized in 1870 and issued both original series and series of 1875 five, ten, and twenty dollar banknotes (along with some other later issues). Despite having a fairly robust issue, including just over 4,300 \$10 first charters, the note we are offering here is in fact the first and only first charter note to be documented. In 1930 the bank went into receivership. One can only assume that banknotes from the institution were always sent in for redemption and destruction when they were encountered. Fortunately for collectors, this rare note, while lower grade, still has good color, and the all important cashier and president signatures are still strong and easily legible.

\$3,000-\$5,000

## KANSAS

## First Ever Public Offering - Burr Oak, Kansas

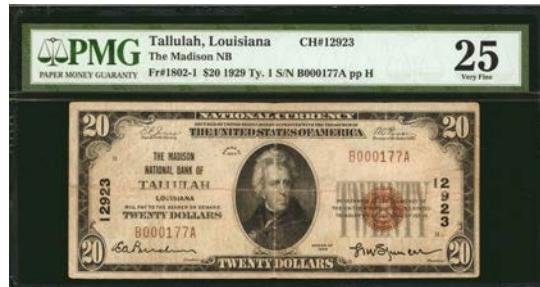

5342

**Burr Oak, Kansas. \$5 1882 Brown Back. Fr. 470. The First NB. Charter #3880. PMG About Uncirculated 55 EPQ★.** Between the town name, denomination, and exceptional condition, you would have a tough time designing a much more desirable Kansas brown back. This also happens to be just the second note recorded on this three year bank. Kansas has been hotter in years past, but one can expect plenty of collectors to have this on the short list. It is important to mention the star

designation assigned by PMG. The holder can hide a lot, but this is a case where the originality jumps right through the plastic. It is clear that someone folded this twice, probably in about 1890, and put it away for generations. Don't expect to have a chance at something this interesting from Kansas more than once every few years.

\$8,000-\$12,000

## LOUISIANA

5343

**New Orleans, Louisiana. \$50 1902 Plain Back. Fr. 676. The Whitney-Central NB. Charter #3069. PMG Very Fine 30.** This prolific New Orleans bank's second operating title is displayed by this \$50 Plain Back. Bold blue overprint inks are observed on this example.

\$1,750-\$2,750

5344

**Tallulah, Louisiana. \$20 1929 Ty. 1. Fr. 1802-1. The Madison NB. Charter #12923. PMG Very Fine 25.** A rare offering from this Madison County bank that reports just 10 small size notes known in addition to only nine large size examples. The Madison National Bank of Tallulah was organized in February of 1926 and issued \$225,050 in National Currency before going into receivership in October of 1933. This Type 1 \$20 is darkly printed on bright, evenly circulated paper. This note sits at or near the top of the condition census for small notes known on the bank.

\$3,000-\$4,000

**MARYLAND**

5345

Cumberland, Maryland. \$20 1882 Brown Back. Fr. 496. The Second NB. Charter #1519. PMG Fine 12. A better Allegany County location found up in the western mountains of Maryland. Common enough during the Third Charter era, notes before that time are darn scarce. The signatures of Cashier Daniel Annan and President Lloyd Lowndes are weak but there. One of only four Brown Backs known and the only \$20 example. A really scarce and desirable type.

\$900-\$1,200

\$1,000-\$1,500

## MICHIGAN

**Hillsdale, Michigan. \$1 Original. Fr. 380b. The Second NB. Charter #1470. PMG Fine 12.** A very scarce bank that printed only Aces and Deuces. Well margined for the type. A meager eight large size listed in the NBN census. This note originally was offered in a 1982 Hickman and Oakes sale.

\$1,000-\$1,500

## MINNESOTA

## Unique Moose Lake Large-Size Offering

5361

**Moose Lake, Minnesota. \$10 1902 Plain Back. Fr. 635. The First NB. Charter #12947. PMG Fine 12.** This serial number 677 note is unique and shows no price history outside of an appearance on eBay in 2004 with a price realization of \$33,433. Collectors have long settled to represent the bank with the still scarce small-size notes with Track and Price showing 13 examples in their current census data. The Fine grade assigned

by PMG is right at the average for National Currency and outside of tight borders and a few edge nicks, the piece is appealing for the grade. Still legible banking signatures are found and the overprints remain bold. A true Minnesota rarity and an offering that will likely not be replicated for several years.

\$20,000-\$30,000

## MISSOURI

5362

Saint Louis, Missouri. \$100 1902 Date Back. Fr. 692. The NB of Commerce. Charter #4178. PMG Choice Fine 15. A pleasing higher denomination note from St. Louis which offers nice appeal and nearly merits a full Fine grade. Problem free and seldom offered at public sale.

\$1,000-\$1,500

## MONTANA

5363

Uncut Pair Miles City, Montana. \$10-\$20 1902 Plain Back. Fr. 624/650. The First NB. Charter #2752. PMG About Uncirculated 53. This stunning \$10-\$20 uncut pair shows with pristine inks and originality. Located in Custer County, just 30 large are reported according to the Track & Price census. The President's signature shows in a deep purple ink which adds to the already outstanding eye appeal. Most certainly two of the finest are the bank.

\$3,000-\$5,000

## NEBRASKA

## Gorgeous Beatrice 1882 \$5 Brown Back

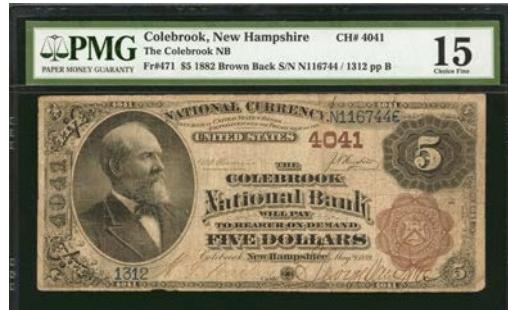

5364

Beatrice, Nebraska. \$5 1882 Brown Back. Fr. 471. The German NB. Charter #4148. PMG Extremely Fine 40. There was a stir in the world of Nebraska nationals in the summer of 2012 when a very small group of Tecumseh and Beatrice notes were found. And we do mean small; if memory serves maybe 3 Tecumseh brown backs, 2 Beatrice brown backs, and a #1 blue seal on Beatrice were found, all split between multiple descendants of the original signing bankers. Most of those were sold or auctioned back then with exception of this lovely \$5 brown back. Fortunately for the consignor, the interest in both Nebraska notes and \$5 brown backs has continued to gain steam in the past 7.5 years. The German National Bank of Beatrice has four notes listed in the census. Three are high grade brown backs and the other is a \$100 brown back. All four notes are highly desirable and have been dispersed into advanced collections. This note has excellent eye appeal, and faces up nicely for the assigned grade. A small portion of the signature has corroded as PMG comments "Ink Burn." The offering tonight is a prime chance for someone who missed 2012 action to make a meaningful addition to their collection.

\$6,000-\$8,000

## NEW HAMPSHIRE

5365

Colebrook, New Hampshire. \$5 1882 Brown Back. Fr. 471. The Colebrook NB. Charter #4041. PMG Choice Fine 15. Track and Price lists just 3 1882 \$5 Brown Backs on this Coos County issuing bank. A mostly evenly circulated note, with still attractive qualities for the assigned grade.

\$1,000-\$1,500

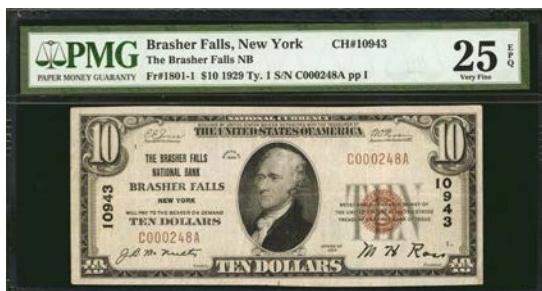

5366

Newport, New Hampshire. \$10 1882 Brown Back. Fr. 480. The First NB. Charter #888. PCGS Currency About New 50 Apparent. **Minor Stains on Back and in Margins.** Sharply detailed design elements are found on this vividly printed \$10 Brown Back. The \$10 Brown Backs of 1882 features a vignette at left titled Franklin and Electricity, depicting the founding father's famous kite experiment. At right is the vignette America Seizing the Lightning. The motifs on the face are evocative of an early nation just seizing upon the benefits of the electrical revolution. PCGS Currency comments "Minor Stains on Back and in Margins."

\$800-\$1,200

## NEW YORK

5367

Brasher Falls, New York. 1929 Ty. 1 \$10 Fr. 1801-1. The Brasher Falls NB. Charter #10943. PMG Very Fine 25 EPQ. A pithy ten small size examples are known from this obscure St. Lawrence County bank in upstate New York. Auction appearances for this charter are few and far between. A moderately circulated and original small size note that is well deserving of the Exceptional Paper Quality designation.

\$800-\$1,200

5369

Lake George, New York. 1929 Ty. 1 \$10 Fr. 1801-1. First NB. Charter #8793. PMG Very Fine 30 EPQ. This was the only denomination pressed into service. The First National was the only bank in this small resort town to issue notes. We have only seen a PCGS EF 45 PPQ note that was better than this note.

\$900-\$1,200

5370

New York, New York. 1882 Brown Back \$10 Fr. 480. The NB of Commerce. Charter #733. PCGS Currency Gem New 66 PPQ. The \$10 Brown Backs of 1882 feature a vignette at left titled Franklin and Electricity, depicting the founding father's famous kite experiment. At right is the vignette America Seizing the Lightning. The motifs on the face are evocative of an early nation just seizing upon the benefits of the electrical revolution. Bold brown overprint inks are found on the face, with a scalloped Treasury Seal to the lower right of center, charter number 733 at right and SERIES 1882 vertically in small letters left of center. This example has machine printed bank officers' signatures, a process employed by many of the nation's largest note issuing banks at the time. The back is vividly printed in striking brown inks and displays the state seal at left and an eagle upon a shield at right.

\$2,000-\$3,000

## NORTH CAROLINA

## Newly Discovered Greensboro 1902 \$5 Plain Back

5371

**Greensboro, North Carolina. \$5 1902 Date Back. Fr. 592. The Commercial NB. Charter #9123. PMG Very Fine 20.** 2008 saw a lot of high watermark price results, most of which were in April of that year. But one exciting sale was at the 2008 September Long Beach sale when the then unique for charter \$5 blue seal on this bank brought \$43,125. Any seasoned dealer or collector knows of a few unsuspecting rarities that can occasionally disguise themselves as common and perhaps be bought cheaply. This Greensboro charter is a prime example. Despite being a blue seal from a large city, this is just the second

note documented on charter 9123. North Carolina has had a large contingent of collectors for decades now. While it won't reach the price achieved by the unique example, two known is still not enough supply to meet the demand. The note has a nice look overall, the blue seal and charter numbers are bold, and the circulation is even. The signatures have faded away and a few tears are noted, and mentioned by PMG. Expect spirited bidding between the underbidders in 2008 who can now add a new charter to their holdings.

\$8,000-\$12,000

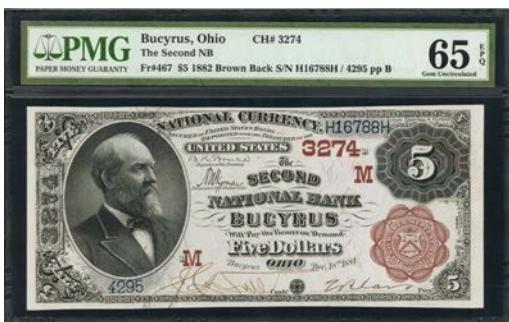

5372

**Sanford, North Carolina. \$20 1929 Ty. 2. Fr. 1802-2. The NB. Charter #13791. PMG Very Fine 25.** This note hails from a tough Lee County bank that issued only Ty. 2 \$5, \$10 and \$20 notes from 1933 until the end of the note issuing era in 1935. The bank printed and issued just

\$52,380 in notes and today only nine are known to survive including this new-to-the-census Twenty. This example is evenly circulated, with ample margins and darkly printed inks.

\$2,000-\$3,000

## OHIO

5373

**Bucyrus, Ohio. \$5 1882 Brown Back. Fr. 467. The Second NB. Charter #3274. PMG Gem Uncirculated 65 EPQ.** A vivid 1882 Five Dollar Brown Back which comes from a known run of Uncirculated pieces with many achieving similar high end Gem grades. This note enjoys the freshness of the same day as printed with the inks as they were laid to the paper. This note has strong detail in both the primary design and overprints. It is also nicely centered.

\$2,000-\$3,000

## Rare Winters National Bank Series of 1882 Date Back \$100

5374

**Dayton, Ohio. \$100 1882 Date Back. Fr. 571. The Winters NB. Charter #2604. PMG Very Fine 25.** All 1882 \$100 nationals are scarce and this appealing mid-grade offering is a new addition to the census. Just a single other 1882 \$100 date back was known prior to this piece and high denominations overall are scarce for this Montgomery County charter. Nice margins are welcomed along with light but still legible signatures. Fully problem free for the grade and a note that will enhance any collection it enters.

\$5,000-\$7,000

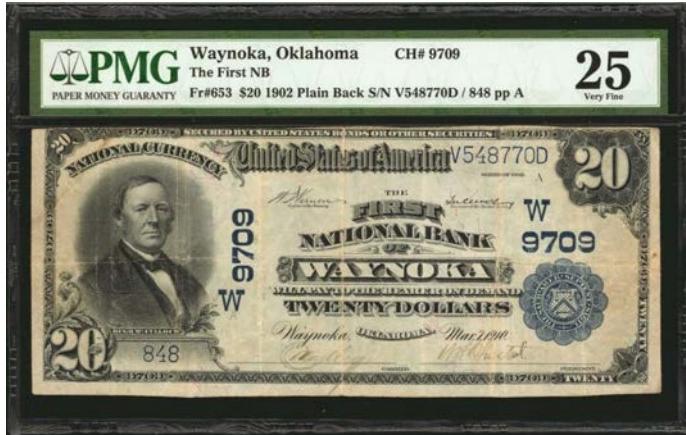

5376

**Wilmington, Ohio. \$5 1882 Brown Back. Fr. 472. The Clinton County NB. Charter #1997. PMG Choice Uncirculated 64 EPQ.** A very attractive note that, with the exception of a smaller top margin, would have been a higher grade. The freshness of the paper and richness of the ink tones are every bit as nice as a Gem grade. Hand trimmed from the original sheet, with the top and bottom edges being uneven, but still the margins are complete and mostly broad. Nice embossing is also noted. Assigned the "Exceptional Paper Quality" designation by PMG and offering all the eye appeal one would expect as such.

\$1,750-\$2,750

## OKLAHOMA

## Newly Discovered Waynoka 1902 \$20

5377

**Waynoka, Oklahoma. \$20 1902 Plain Back. Fr. 653. The First NB. Charter #9709. PMG Very Fine 25.** There was a single currency issuing national bank in Waynoka. A mere 1557 sheets of blue seals account for its entire large-size issuance. The current census stands at two blue seals and two small size notes. This new discovery becomes the third blue seal. The last

blue seal to sell brought \$16,380 in late 2014. That 2014 auction appearance is the only time a large or small from Waynoka has been offered for sale publicly. With an opening bid of just \$6,000 tonight, expect to see attention from the underbidder and any new astute entrants into the hobby.

\$10,000-\$15,000

## PENNSYLVANIA

5378

**Portage, Pennsylvania. \$10 1929 Ty. 1. Fr. 1801-1. The First NB. Charter #7367. PMG Extremely Fine 40.** This is by far the finest of five small size known on this scarce Cambria County bank. A pair of pinholes are noticed left of Hamilton's portrait which PMG comments "Pinholes." The last auction appearance of a small size was in 2011 where a low grade \$10 sold for \$920.

\$800-\$1,200

5379

**Spring Grove, Pennsylvania. \$5 1902 Red Seal. Fr. 588. The Peoples NB. Charter #8141. PMG Choice Fine 15. Serial Number 1.** Track and Price lists just 12 large size notes known to this York County issuing bank, with this serial number 1 Red Seal being a new and welcomed addition to the current census, and currently the only serial number 1 known to the bank. Red seal and charter numbers still stand out on this well traveled note. Seen with a large, repaired split. PMG comments "Contemporary Annotation, Repaired."

\$2,000-\$3,000

## SOUTH CAROLINA

## Newly Discovered Columbia, SC 1882 \$5 Serial Number 1 Brown Back

5380

**Columbia, South Carolina. \$5 1882 Brown Back. Fr. 471. The Central NB. Charter #1765. PMG Extremely Fine 40. Serial Number 1.** It has now been more than 17 years since a truly great South Carolina national banknote has appeared at auction. In January 2003 the world record price for SC numismatics was set by the serial #1 Chester first charter five. That note sold for \$89,125 to the now deceased Roy Pennell. It, like the note offered tonight, was completely new to the census and available to the collecting community for the first time ever when it originally sold. It is a fun pastime to discuss the “best” notes on each state. And while surely the most valuable SC national is the unique for type first charter \$100 on Charleston, one could soundly make an argument that this serial #1 brown back should be in the conversation for one of the best on the state.

It is not listed in the official census, but it is common knowledge among informed collectors that another serial #1 \$5 brown back from this same charter is held in the most advanced collection of SC nationals. The other note, while equally rare, is circulated, has a poor trim, and blurry signatures. The note we are offering is complete with a bottom selvage and lovely signatures. PMG assigns a grade of 40 and mentions rust, both of which are accurate, but do nothing to deter the appeal of such a special item.

James Woodrow signs as the bank president. Woodrow (the uncle of President Woodrow Wilson) was born in England but rose to prominence in South Carolina as a well-regarded Presbyterian theologian. He was also the president of the University of South Carolina from 1891 to 1897. He was the president of The Central National Bank of Columbia for

three years prior and four years after his stint at USC. As was commonplace, especially in Southern and Western banks, the president position here was clearly more of a figurehead title to a local person of renown, given mostly to help business connections. Jerome H. Sawyer was at the bank from 1875 until it closed in 1901. During that time period he was the signing cashier. It is very safe to assume that despite the lesser title of cashier, Sawyer was certainly responsible for managing the day to day operations of the bank.

While the bank rarity and serial number are the main attractions, let's not discount just how difficult it is to find an interesting \$5 brown back on SC. A mere dozen are listed in the census. Nine are from Charleston; one is a very low grade circus poster from Rock Hill, and another is a forgettable example from another Columbia bank. The best piece listed in the census is a serial #8 from Batesburg and that is tied up in the South Carolina History Museum Holdings!

It is very difficult to assign an accurate value to such a rare banknote from a closely held state like South Carolina. One would be hard-pressed to find more than two or three auction results for the top 20 best SC banknotes that have traded hands over the past 30 years. The best of the best so often gets placed privately without any publicly available pricing information. With that said, we feel comfortable with a \$50,000 to \$100,000 estimate. After this opportunity passes tonight, it will be impossible to find another serial #1 brown back for sale on South Carolina.

**\$50,000-\$100,000**

**TENNESSEE**

5381

**Memphis, Tennessee. \$100 1929 Ty. 1. Fr. 1804-1. Union Planters NB & TC. Charter #13349. PMG Gem Uncirculated 65 EPQ.** A late-chartering, small-only bank that is one of five banks in the state to have issued Ty. 1 \$100 notes. A prolific issuer of notes, even for this highest denomination. Wide margins, deep embossing, and vibrant color all serve to validate the third-party grade. The only example we have sold was a PCGS Gem New 66PPQ that topped the \$3,500 mark at our 2014 ANA sale. Tonight's offering should not be far behind.

\$1,500-\$2,000

**UTAH**

5382

**Smithfield, Utah. \$20 1929 Ty. 1. Fr. 1802-1. The Commercial NB. Charter #10135. PMG Very Fine 20.** A scarce Cache County bank with just nine reported examples, which includes this newly discovered note. Pleasing problem free surfaces are noted.

\$800-\$1,200

**VERMONT**

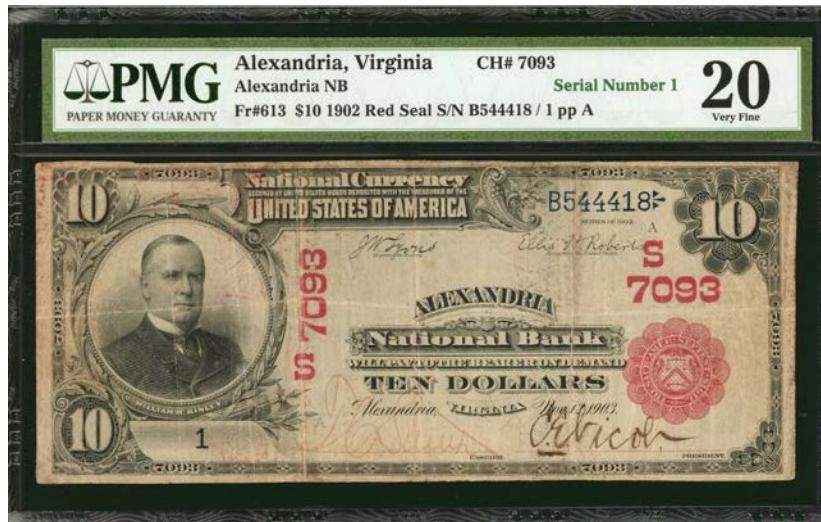

5383

**Montpelier, Vermont. \$2 Original. Fr. 387. The First NB. Charter #748. PMG Very Fine 25.** A pleasing mid-grade Original Series Deuce from this capital city bank. Bright paper and darkly printed inks are displayed along with neatly penned signatures of the bank officers. The First National Bank was chartered in January of 1865 and issued more than \$2.7 million into circulation over the course of its many years in operation before liquidating in 1935. The grading service mentions "Repaired" on the back of the holder, though they do little to detract from this note's nice overall appearance. This is just one of three Original Deuces known, and the first to be offered in public sale in over 17 years.

\$5,000-\$7,000

## VIRGINIA

## Exceedingly Rare Serial Number 1 Virginia Red Seal

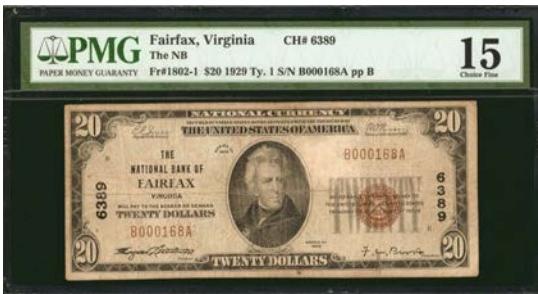

5384

**Alexandria, Virginia. \$10 1902 Red Seal. Fr. 613. Alexandria NB. Charter #7093. PMG Very Fine 20. Serial Number 1.** We are excited to have the chance to offer a really special Virginia banknote. Location is so important when establishing the desirability of a national. Alexandria is historic in that it is the birthplace of both George Washington and Robert E Lee. Today it is an important and thriving city inside the Beltway. In fact, Alexandria was once a part of The District of Columbia. As an old town, it is no surprise that Alexandria had one of the country's earliest national banks. However, it wasn't until late 1903 that The Alexandria National Bank chartered and was

issued its first red seals. One of the bank officers clearly saw it fit to save the top note from the first sheet. The darker fold lines on the back suggest that this was a wallet piece. While we always wish number ones could be Uncirculated, that just isn't the case with many new discoveries now being made 100+ years after issuance. But don't expect a significant price discount just because this is circulated. Between the crossover appeal to both VA and DC collectors, along with the serial number 1, we are not expecting this to slip through the cracks.

\$20,000-\$30,000

5385

Fairfax, Virginia. \$20 1929 Ty. 1. Fr. 1802-1. The NB. Charter #6389. PMG Choice Fine 15. Just nine smalls are reported on this Fairfax County bank. The last example, a PMG 25 sold in a 2018 auction for \$1,020. This note faces up a full Very Fine and we are not sure why it received such a low grade from PMG.

\$800-\$1,200

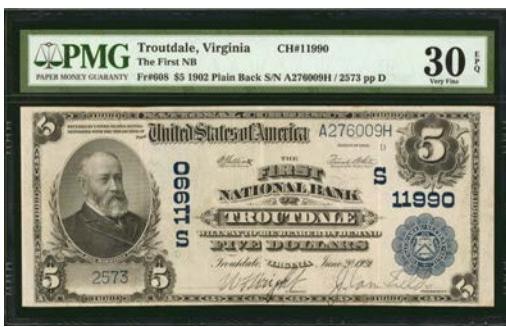

5388

Wytheville, Virginia. \$5 1929 Ty. 1. Fr. 1800-1. Wythe County NB. Charter #12599. PMG About Uncirculated 50. Wide margins add to the appeal of this Wythe County note. Track and Price lists just 13 notes known to the bank, all of them being small size. PMG comments "Small Tear."

\$800-\$1,200

## WASHINGTON

5386

Troutdale, Virginia. \$5 1902 Plain Back. Fr. 608. The First NB. Charter #11990. PMG Very Fine 30 EPQ. A splendid original \$5 Plain Back from this popular Grayson County location. Bold signatures and overprints are just a few positive attributes of this peach.

\$1,000-\$1,500

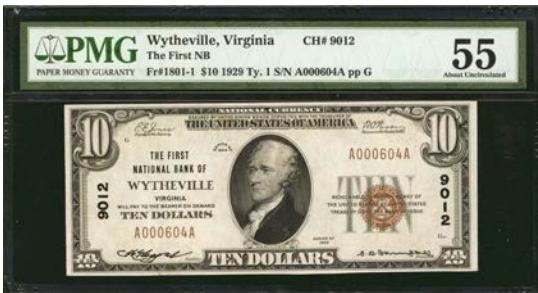

5389

Palouse, Washington. \$10 1929 Ty. 1. Fr. 1801-1. The Security NB. Charter #12184. PMG Choice Fine 15. This note makes 2 Type 1 10's known for this Whitman County issuing bank, according to Track and Price, which also reports just 13 notes known on the bank, all of which are small size.

\$1,000-\$1,500

## WEST VIRGINIA

5387

Wytheville, Virginia. \$10 1929 Ty. 1. Fr. 1801-1. The First NB. Charter #9012. PMG About Uncirculated 55. Attractive margins and bright paper are seen on this Wythe County issued note. The scarcer of the two titles for this town. A wonderful high grade example, and most likely the finest on the bank.

\$800-\$1,200

5390

Ronceverte, West Virginia. \$10 1929 Ty. 2. Fr. 1801-2. The Ronceverte NB. Charter #6226. PMG Very Fine 25. It has been nearly 14 years since a small example from this Greenbrier County bank has appeared in auction. This newly discovered note makes just six small known, and only the third Ty. 2. A nicely circulated and problem free example.

## COLONIAL NOTES

10001

**CT-170. Connecticut. June 1, 1773. 5 Shillings. PMG About Uncirculated 50.** No. 2622. Slash Cancel. Signed by Wyllis, Payne, and Williams. Printed on thick laid paper. Standard size, designs and Green imprint on back. A scarcer series of non-interest-bearing bills. The notes are the same style and imprint as the earlier notes from the 1760's. The notes were due on June 1, 1775 with 12,000 Pounds authorized. Five denominations issued from Two Shillings & Six Pence to Forty Shillings. Lightly folded and very underrated at this grade level. A series that is effectively unknown in CU grade.

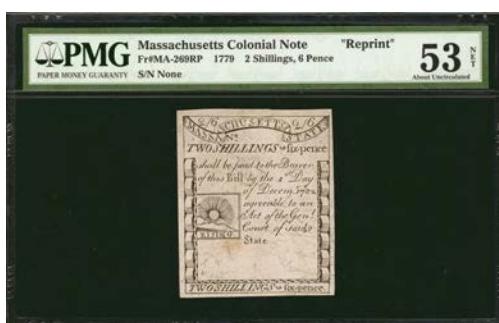

\$500-\$700

10003

**MA-277. Massachusetts. 1779. 5 Shillings, 6 Pence. PMG Choice Very Fine 35.** No. 8513. Signed by Brown. Modest circulation is featured by this darkly printed 5 Shillings note. This Revere engraved type displays the wonderful "Rising Sun" motif popular across the full spectrum of numismatics. Sharp details are also seen in the pine tree design on the back.

\$600-\$800

10002

**MA-269RP. Massachusetts. 1779. 2 Shillings, 6 Pence. PMG About Uncirculated 53 Net. Repaired. Reprint.** Striking inks are featured on this sharply printed Massachusetts Colonial reprint. This is based on the engraving of Paul Revere. PMG comments "Repaired."

10005

**MD-50. Maryland. March 1, 1770. \$1/6. PCGS Currency Choice About New 55 Apparent. Minor Stain at Top Left.** The Newman cataloger noted that this is excellent grade for this scarce fractional denomination, which would have seen heavy demand for small change use. PCGS notes "Minor stain at top left." Well printed and very attractive. Seen with bold Couden and Clapham signatures. Ex: Eric P. Newman collection.

\$400-\$600

10006

**MD-59. Maryland. March 1, 1770. \$8. PMG About Uncirculated 55.** No.6843. Signed by Couden and Clapham. Engraved border cuts by Thomas Sparrow. Back imprint, A.[nne] C.[atherine] and W. Green. Highest denomination from the series and not priced above Very Fine in the catalogues. Faces up great, bold and evenly margined. PMG notes "Small holes," which are of trivial visual significance. Not to be confused with the 1774 notes, these 1770 series pieces are effectively seen at CU or even AU grades.

\$600-\$800

10007

**Lot of (2) MD-67 & CC-16. Maryland Colonial and Continental Currency Notes. 1774 & 1775. Uniface, standard Rhode Island style. Within three border cuts are typeset texts, Rhode Island seal at left, signatures at bottom. No imprint, printed by John Carter. This is another scarce series of Rhode Island notes that did not pay interest. Rare to start with only 8,000 printed, most redeemed for later notes. A clean, quarter folded note. The crease is heavy enough to have earned the PMG comment "Repaired." A real beauty on this issue. Quite a charming piece with folk art style from the Colonial period.

\$500-\$700

## Terms & Conditions – Showcase and Collectors Choice Auctions

1. Auction Basics. This is a public auction sale ("Auction Sale") conducted by bonded auctioneers, Stack's Bowers Galleries or Stack's Bowers and Ponterio (hereinafter referred to as "Auctioneer" and at times as "Stack's Bowers"). Bidding in this Auction Sale constitutes acceptance by you ("Bidder") of all the Terms of Sale stated herein. Bidders may include consignors who may bid and purchase lots in the Auction Sale consigned by the consignor or by other consignors pursuant to their consignment agreement with Stack's Bowers ("Consignor" or "Consignors"). A Consignor that bids on their own lots in the Auction Sale may pay a different fee than the Buyer's Premium charged to all other Buyers. Stack's Bowers reserves the right to include in any auction sale its own material as well as material from affiliated or related companies, principals, officers or employees. Stack's Bowers may have direct or indirect interests in any of the lots in the auction and may collect commissions. THE TWO PRECEDING SENTENCES SHALL BE DEEMED A PART OF THE DESCRIPTION OF ALL LOTS CONTAINED IN THE CATALOG. Where the Consignor has repurchased a lot and the lot is either returned to the Consignor or otherwise dealt with or disposed of in accordance with the Consignor's direction, or pursuant to contractual agreement, Stack's Bowers reserves the right to so note in the prices realized or to omit a price from the prices realized. Stack's Bowers and its affiliates may bid for their own account at any auction. Stack's Bowers and its affiliates may have information about any lot that is not known publicly, and Stack's Bowers and its affiliates reserves the right to use such information, in a manner determined solely by them and for their benefit, without disclosing such information in the catalog, catalog description or at the auction. Bidder acknowledges and agrees that Stack's Bowers and its affiliates are not required to pay a Buyer's Premium, or other charges that other Bidders may be required to pay and may have access to information concerning the lots that is not otherwise available to the public. Any claimed conflict of interest or claimed competitive advantage resulting therefrom is expressly waived by all participants in the Auction Sale. Lots may carry a reserve ("Reserve"). A Reserve is a price or bid below which the Auctioneer will not sell an item or will repurchase on behalf of the Consignor or for Stack's Bowers. Reserves may be confidential and not disclosed. The Buyer is the Bidder who makes the highest bid accepted by the Auctioneer, and includes the principal of any Bidder acting as an agent.

2. Descriptions and Grading. Bidder acknowledges that grading of most coins and currency in this Auction has been determined by independent grading services, and those that are not may be graded by Stack's Bowers. Grading of rare coins and currency is subjective and, even though grading has a material effect on the value of the coins and currency, grading may differ among independent grading services and among numismatists. Stack's Bowers is not responsible for the grades assigned by independent grading services, and makes no warranty or representation regarding such grades. Bidder further acknowledges and agrees that grades assigned by Stack's Bowers and lot descriptions are based solely upon an examination of the coins and currency and are intended to identify coins and currency and note any perceived characteristics. However, coin grading and descriptions are subjective. Stack's Bowers does not warrant the accuracy of such grading or descriptions, nor do they in any way form the basis for any bid. All photographs in this catalog are of the actual items being sold but may not be the actual size or to scale.

3. The Bidding Process. The Auctioneer shall have the right to open or accept the bidding on any lot by placing a bid on behalf of the Consignor or his or her agent; a Bidder by mail, telephone, Internet or telefax; or any other participant in the Auction Sale. Bids must be for an entire lot and each lot constitutes a separate sale. All bids must be on increment as established by the Auctioneer, or half increment (a cut bid). Non-conforming bids will be rounded down to the nearest full increment and this rounded bid will be the bidder's high bid. No lot will be broken up unless otherwise permitted by the Auctioneer. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. All material shall be sold in separate lots to the highest Bidder as determined by the Auctioneer. Auctioneer shall have the right in its sole and absolute discretion to accept or decline any bid, establish bid increments, challenge any bid or bidding increment, to reduce any mail bid received, adjudicate all bidding disputes, to exclude any bidder and to determine the prevailing bid. The Auctioneer shall have the right, but not the obligation, to rescind the acceptance of any bid and place the lot(s) for Auction Sale again. Auctioneer's decision on all bidding disputes shall be binding and final. For the mail and Internet Bidder's protection, no "unlimited" or "buy" bids will be accepted. When identical bids are received for a lot, preference is given to the first bid received as determined by the Auctioneer. A mail bid will take precedence over an identical floor bid; a Floor Bidder, Telephone Bidder and Live Internet Bidder

must bid higher than the highest mail bid to be awarded any lot. Cut bids are only accepted on bids greater than \$500 and each bidder may only execute one cut bid per lot. Bids will not be accepted from persons under eighteen (18) years of age without a parent's written consent which acknowledges the Terms of Sale herein and agrees to be bound thereby on behalf of the underage Bidder. The auction sale is complete when the Auctioneer so announces by the fall of the hammer or in any other customary manner.

THIS IS NOT AN APPROVAL SALE. Bidders who physically attend the Auction sale, either personally or through an agent ("Floor Bidders") should carefully examine all lots which they are interested in purchasing. Bidders who bid by telephone, either personally or through an agent, or through our live auction software receive a similar benefit as Floor Bidders in being able to actively participate in the live Auction Sale ("Telephone Bidders" and "Live Internet Bidders"). Except as otherwise expressly provided in these Terms of Sale, NO PURCHASED ITEMS MAY BE RETURNED FOR ANY REASON. All prospective Bidders who examine the lot(s) prior to the Auction Sale personally assume all responsibility for any damage that Bidder causes to the lot(s). Stack's Bowers shall have sole discretion in determining the value of the damage caused, which shall be promptly paid by such Bidder.

Certain auctions or auction sessions, will be conducted exclusively over the Internet, and bids will be accepted only from pre-registered Bidders.

STACK'S BOWERS IS NOT RESPONSIBLE FOR ANY ERRORS IN BIDDING. All Bidders should make certain to bid on the correct lot and that the bid is the bid intended. Once the hammer has fallen and the Auctioneer has announced the Buyer, the Buyer is unconditionally bound to pay for the lot, even if the Buyer made a mistake. Stack's Bowers reserves the right to withdraw any lot at any time, even after the hammer has fallen, until the Buyer has taken physical possession of the lot. No participant in the Auction Sale shall have a right to claim any damages, including consequential damages if a lot is withdrawn, even if the withdrawal occurs after the Auction Sale.

4. Bidder Registration Required. All persons seeking to bid must complete and sign a registration card either at the auction or online, or otherwise qualify to bid, as determined in the sole discretion of the Auctioneer. By submitting a bid, the Bidder acknowledges that Bidder has read the Terms and Conditions of Auction Sale, the descriptions for the lot(s) on which they have bid, and that they agree to be bound by these Terms of Sale. This agreement shall be deemed to have been made and entered in California. The Bidder acknowledges that the invoice describing a lot by number incorporates the catalog and Terms of Sale. Person appearing on the OFAC list are not eligible to bid.

5. Buyer's Premiums. A premium of twenty percent (20%) based upon the total amount of the hammer (minimum of \$20), will be added to all purchases of individual lots, regardless of affiliation with any group or organization (the "Buyer's Premium"). A reacquisition charge may apply to Consignors pursuant to a separate agreement, which may be higher or lower than the Buyer's Premium.

6. Payment. Payment is due immediately upon the fall of the auctioneer's hammer. Payment is delinquent and in default if not received in full, in good funds, within fourteen (14) calendar days of the Auction Sale (the "Default Date"), without exception, time being of the essence. Unless otherwise agreed in writing prior to the Auction Sale, all auction sales are payable strictly in U.S. Dollars, Hong Kong Dollars or Chinese Renminbi. All invoices will be made in United States Dollars. If paying in Hong Kong Dollars or Chinese Renminbi, Buyer's invoices will be credited with the amount of U.S. Dollars received from Auctioneer's bank. Payments may be made by credit card, Paypal, Union Pay, check, wire transfer, money order and cashier's check. Cash transactions will be accepted in the sole discretion of Stack's Bowers, and if accepted, for any cash transaction or series of transactions exceeding \$10,000, a Treasury Form 8300 will be filed. Contact Stack's Bowers for wiring instructions before sending a wire. Bank wires sent from a foreign bank are subject to an international bank wire fee of \$35. We accept payment by Visa, MasterCard, American Express, Discover or Paypal for invoices up to \$2,500, with a maximum of \$10,000 in any 30 day period. All payments are subject to a clearing period. Any person submitting bids on behalf of a corporation or other entity, by making such bid, agrees to be personally jointly and severally liable for the payment of the purchase price and any related charges and the performance of all Buyer obligations under these Terms of Sale and Stack's Bowers reserves the right to require a written guarantee of such payments and obligations. Bidders who have not established credit with Stack's Bowers must furnish satisfactory information and credit references and/or deposit at least twenty-five percent (25%) of their total bids for that Auction Sale session(s) or such other amount as Stack's Bowers may, in its sole and absolute discretion require before any bids from such Bidder will be accepted. Deposits submitted will be applied to purchases. Any remaining deposits will be promptly refunded, upon clearance of funds.

7. Sales Tax. Buyers will be charged all applicable sales tax unless a valid Resale Certificate has been provided to the Auctioneer prior to the auction. Should state sales tax become applicable in the delivery state prior to delivery of the property on the invoice, the Buyer agrees to pay all applicable state sales tax as required by the delivery state as of the shipping date. In the event any applicable sales tax is not paid by Buyer that should have been paid, even if not such tax was not charged or collected by Stack's Bowers by mistake, error, negligence or gross negligence, Buyer nonetheless acknowledges responsibility to pay such sales tax and remains fully liable for and agrees to promptly pay such taxes on demand, together with any interest or penalty that may be assessed by the taxing authority and agrees to indemnify and hold Auctioneer harmless from any applicable sales tax, interest or penalties due. Lots from different Auctions may not be aggregated for sales tax purposes.

8. Financial Responsibility. In the event any applicable conditions of these Terms of Sale herein are not complied with by a Buyer or if the Buyer fails to make payment in full by the Default Date, Stack's Bowers reserves the right, in its sole discretion, in addition to all other remedies which it may have at law or in equity to rescind the sale of that lot or any other lot or lots sold to the defaulting Buyer, retaining all payments made by Buyer as liquidated damages, it being recognized that actual damages may be speculative or difficult to compute, and resell a portion or all of the lots held by Stack's Bowers, in a commercially reasonable manner, which may include a public or private sale, in a quantity sufficient in the opinion of Stack's Bowers to satisfy the indebtedness, plus all accrued charges, and Stack's Bowers may charge a seller's commission that is commercially reasonable. More than one such sale may take place at the option of Stack's Bowers. If Stack's Bowers resells the lots, Buyer agrees to pay for the reasonable cost of such sale, together with any incidental costs of sale, including reasonable attorney's fees and costs, cataloging and any other reasonable charges. Notice of the sale shall be by U.S.P.S. Certified Mail, Return Receipt Requested to the address utilized on the Bid Sheet, Auction Consignment and Security Agreement or other last known address by Stack's Bowers. The proceeds shall be applied first to the satisfaction of any damages occasioned by Buyer's breach, then to any other indebtedness owed to Stack's Bowers, including without limitation, commissions, handling charges, carrying charges, the expenses of both sales, seller's fees, reasonable attorneys' fees, costs, collection agency fees and costs and any other costs or expenses incurred. Buyer shall also be liable to Stack's Bowers for any deficiency if the proceeds of such sale or sales are insufficient to cover such amounts.

Buyer grants to Stack's Bowers, its affiliates and assignees, the right to offset any sums due, or found to be due to Stack's Bowers, and to make such offset from any past, current, or future consignment, or purchases that are in the possession or control of Stack's Bowers; or from any sums due to Buyer by Stack's Bowers, its affiliates and assignees. In addition, defaulting Buyers will be deemed to have granted to Stack's Bowers, its affiliates and assignees, a security interest in: (x) the purchased lots and their proceeds, and (y) such sums or other items and their proceeds, in the possession of Stack's Bowers, its affiliates or assignees, to secure all indebtedness due to Stack's Bowers and its affiliated companies, plus all accrued expenses, carrying charges, seller's fees, attorney fees, and costs, until the indebtedness is paid in full. Buyer grants Stack's Bowers the right to file a UCC-1 financing statement for such items, and to assign such interest to any affiliated or related company or any third party deemed appropriate by Stack's Bowers. If the auction invoice is not paid for in full by the Default Date, a carrying charge of one-and-one-half percent (1-1/2%) per month may be imposed on the unpaid amount until it is paid in full. In the event this interest rate exceeds the interest

permitted by law, the same shall be adjusted to the maximum rate permitted by law, and any amount paid in excess thereof shall be allocated to principal. Buyer agrees to pay all reasonable attorney's fees, court costs and other collection costs incurred by Stack's Bowers or any affiliated or related company to collect past due invoices or to interpret or enforce the terms hereof or in any action or proceeding arising out of or related to the Auction Sale. Stack's Bowers reserves the right to assign its interest to any third party. To the extent that the Buyer for any lot consists of more than one person or entity, each such person or entity is jointly and severally liable for all obligations of the Buyer, regardless of the title or capacity of such person or entity. Stack's Bowers shall have all the rights of a secured creditor under Article 9 of the California Commercial Code and all rights of the consignor to collect amounts due from the Buyer, whether at law or equity.

9. Shipping. It is the Buyer's responsibility to contact Stack's Bowers after the sale to make shipping and packaging arrangements. Due to the fragile nature of some lots, Stack's Bowers may elect not to assume responsibility for shipping or packing, or may charge additional shipping and handling. Lots indicated as being "framed" or that are specifically identified in the catalog are shipped at Buyer's risk. All taxes, postage, shipping, if applicable, handling, insurance costs, the Buyer's Premium, and any other fees required by law to be charged or collected will be added to the invoice for any lots invoiced to Buyer. All lots shipped to foreign countries will be billed an additional one-half percent (1/2%) for insurance (minimum of \$10). For any lots delivered outside the United States, the declaration value shall be the item(s) hammer price plus its buyer's premium. Auctioneer shall not be liable for any loss caused or resulting from seizure or destruction under quarantine or customs regulation or confiscation by order of any government or public authority. Buyer shall be responsible for paying all applicable taxes, duties and customs charges for all lots delivered outside the United States. All lots will be shipped FOB Destination, freight prepaid and charged back. Title and risk of loss pass to the Buyer at the destination upon tender of delivery. Acceptance of delivery constitutes acceptance of the purchased lots. Inspection of the purchased lots is not required for acceptance. Any and all claims based upon Buyer's failure to receive a purchased lot, Buyer's receipt of a lot in damaged condition, or otherwise related to delivery, must be received in writing by Stack's Bowers no later than the earlier of thirty (30) days after payment, or the date of the Auction Sale (the "Outside Claim Date"). As Buyers may not receive notification of shipment, it is Buyer's responsibility to keep track of the Outside Claim Date and make timely notification of any such claim. The failure to make a timely claim, time being of the essence, shall constitute a waiver of any such claim. Orders paid by credit card will only be shipped to the verified address on file with the credit card merchant.

10. DISCLAIMER AND WARRANTIES. NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE IS MADE OR IMPLIED ON ANY LOT. NO WARRANTY, WHETHER EXPRESSED OR IMPLIED, IS MADE WITH RESPECT TO ANY LOT EXCEPT FOR WARRANTY OF TITLE, AND IN THE CASE OF TITLE, AUCTIONEER IS SELLING ONLY THAT RIGHT OR TITLE TO THE LOT THAT THE CONSIGNOR MAY HAVE AS OF THE AUCTION SALE DATE. ALL LOTS ARE SOLD "AS IS" AND WITH ALL FAULTS. PURCHASER HEREBY ASSUMES ALL RISKS CONCERNING AND RELATED TO THE GRADING, QUALITY, DESCRIPTION, CONDITION, AND PROVENANCE OF A LOT.

a. COINS AND CURRENCY LISTED IN THIS CATALOG GRADED AND ENCAPSULATED BY PCGS, NGC, ANACS, ICG, PCGS CURRENCY, PMG, PCGS BANKNOTE GRADING, CMC OR ANY OTHER THIRD PARTY GRADING SERVICE MAY NOT BE RETURNED FOR ANY REASON WHATSOEVER BY ANY BUYER. ALL THIRD PARTY GRADING SERVICE GUARANTEES, INCLUDING AUTHENTICITY, ARE THE SOLE RESPONSIBILITY OF THE THIRD PARTY GRADING SERVICE AND NOT WARRANTIES OR GUARANTEES OF THE AUCTIONEER.

b. In the case of non-certified coins and currency that have neither been examined by the Buyer prior to the Auction Sale, nor purchased by the Buyer or Buyer's agent at the Auction Sale, if it is determined in a review by Stack's Bowers that there is a material error in the catalog description of a non-certified coin or currency, such lot may be returned, provided written notice is received by Stack's Bowers no later than seventy-two (72) hours of delivery of the lots in question, and such lots are returned and received by Stack's Bowers, in their original, sealed containers, no later than fourteen (14) calendar days after delivery, in the same condition the lot(s) were delivered to the Buyer, time being of the essence. Non-certified coins and currency that have been

either examined by the Buyer prior to the Auction Sale or purchased by the Buyer or Buyer's agent at the Auction Sale, will not be granted return privileges, except for authenticity.

c. All non-certified coins and currency are guaranteed to be genuine.

d. If an item or items are returned pursuant to the terms herein, they must be housed in their original, sealed and unopened container.

e. Late remittance or removal of any item from its original container, or altering a coin constitutes just cause for revocation of all return privileges.

f. Grading or condition of rare coins and currency may have a material effect on the value of the item(s) purchased, and the opinion of others (including independent grading services) may differ with the independent grading services opinion or interpretation of Stack's Bowers. Stack's Bowers shall not be bound by any prior, or subsequent opinion, determination or certification by any independent grading service.

g. Questions regarding the minting of a coin as a "proof" or as a "business strike" relate to the method of manufacture and not to authenticity.

h. All oral and written statements made by Stack's Bowers and its employees or agents (including affiliated and related companies) are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of Stack's Bowers has authority to vary or alter these Terms and Conditions of Auction Sale. Stack's Bowers reserves the right to vary or alter the Terms of Sale, either generally or with respect to specific persons or circumstances, in its sole discretion. Any variation or alteration shall be effective only if in writing and signed by an officer of Stack's Bowers authorized to do so.

i. Stack's Bowers is acting as an auctioneer. Title to the lots purchased passes directly from the Consignor to the Buyer. Accordingly, Stack's Bowers is not making, and disclaims, any warranty of title.

j. Bidders shall have no recourse against the Consignor for any reason whatsoever.

k. Bidder acknowledges that the numismatic market is speculative, unregulated and volatile, and that coin prices may rise or fall over time. Stack's Bowers does not guarantee or represent that any customer buying for investment purposes will be able to sell for a profit in the future.

l. Bidder acknowledges and agrees that neither Stack's Bowers, nor its employees, affiliates, agents, third-party providers or consignors warrant that auctions will be unimpaired, uninterrupted or error free and accordingly shall not be liable for such events.

11. Waiver and Release. Bidder, for himself, his heirs, agents, successors and assignees, generally and specifically waives and releases, and forever discharges Stack's Bowers, and its respective affiliates, parents, officers, directors, shareholders, agents, subsidiaries, employees, managers and members and each of them, and their respective successors and assignees from any and all claims, rights, demands and causes of actions and suits, of whatever kind or nature, including but not limited to claims based upon Auctioneer's negligence, whether in law or equity, tort or otherwise, whether known or unknown, suspected or unsuspected (a "Claim"), which Bidder may assert with respect to and/or arising out of, or in connection with any challenge to the title to or authenticity of any goods purchased, the sale itself, any lot bid upon or consigned, and/or the auction, except where such Claim is otherwise expressly authorized in these Terms of Sale. It is the intention of Bidder that this waiver and release shall be effective as a bar to each and every Claim that may arise hereunder or be related to the Auction Sale, and Bidder hereby knowingly and voluntarily waives any and all rights and benefits otherwise conferred upon him by the provisions of Section 1542 of the California Civil Code, which reads in full as follows:

"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY."

12. Disputes. If a dispute arises concerning ownership of a lot or concerning proceeds of any sale, Stack's Bowers reserves the right to commence a statutory inter-pleader proceeding at the expense of the Consignor and Buyer and any other applicable

party, and in such event shall be entitled to its reasonable attorneys' fees and costs. Stack's Bowers reserves the right to cancel or postpone the Auction Sale or any session thereof for any reason whatsoever. No Bidder shall have any claim as a result thereof, including for incidental or consequential damages. Neither Stack's Bowers nor any affiliated or related company shall be responsible for incidental or consequential damages arising out of any failure of the Terms of Sale, the auction or the conduct thereof and in no event shall such liability exceed the purchase price, premium, or fees paid. Rights granted to Bidders under the within Terms and Conditions of Auction Sale are personal and apply only to the Bidder who initially purchases the lot(s) from Stack's Bowers. The rights may not be assigned or transferred to any other person or entity, whether by sale of the lot(s), operation of law or otherwise. Any attempt to assign or transfer any such rights shall be absolutely void and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions of Auction Sale.

Any dispute arising out of or related to these Terms of Sale, the Auction Sale or any lot, with the sole exception of actions by Stack's Bowers to collect amounts owed to it and other damages, shall be submitted to binding arbitration pursuant to the commercial arbitration rules of the American Arbitration Association, with any arbitration hearing to occur in Orange County, California. Absent an agreement of the parties, the arbitrator shall limit discovery to that which is necessary to enable the hearing to proceed efficiently. The arbitrator shall not have the power to award punitive or consequential damages, nor alter, amend or modify any of the terms of this Agreement. The award by the arbitrator, if any, may be entered in any court having jurisdiction thereof. Each party shall pay one-half the costs of the arbitration. Bidder acknowledges and agrees that the competent courts of the State of California shall have exclusive in-personam jurisdiction, subject to the requirement to arbitrate, over any dispute(s) arising hereunder, regardless of any party's current or future residence or domicile. Bidder further agrees that venue of the arbitration proceeding shall be in Orange County, California; and any court proceeding shall be in the Orange County Superior Court, in the State of California, and in each case waive any claim of Forum Non Conveniens. Bidder agrees that any arbitration or legal action with respect to this Auction Sale is barred unless commenced within one (1) year of the date of this Auction Sale. AUC-TION PARTICIPANTS EXPRESSLY WAIVE ANY RIGHT TO TRIAL BY JURY.

13. General Terms. These Terms and Conditions of Auction Sale and the auction shall be construed and enforced in accordance with, and governed by, the laws of the State of California, regardless of the location of the Auction Sale. These Terms of Sale and the information on the Stack's Bowers' website constitute the entire agreement between the parties hereto on the subject matter hereof and supersede all other agreements, understandings, warranties and representations concerning the subject matter hereof. If any section of these Terms of Auction Sale or any term or provision of any section is held to be invalid, void, or unenforceable by any court of competent jurisdiction, the remaining sections or terms and provisions of a section shall continue in full force and effect without being impaired or invalidated in any way. Stack's Bowers may at its sole and absolute discretion, make loans or advances to Consignors and/or Bidders.

14. Chinese Translation. The Chinese translations are provided as a matter of convenience. In the event of a conflict, all English Terms and Conditions and lot descriptions take precedence and are binding.

Bidding in this auction sale constitutes unconditional acceptance by the Bidder of the foregoing terms of sale.

Please note: Transparent holders in which the auction lots are stored are to facilitate viewing and inspection of the lots and ARE NOT for long-term storage.

PCGS and NGC numbers provided are for bidder convenience only, we do not guarantee their accuracy. An incorrect PCGS or NGC number is not grounds to return a lot.
